Degrees Earned

- 19,159 AY 2020
- 568 Doctoral
- 4,524 STEM
- 545 Professional

Increase in STEM degrees: 29.5%
Increase in all degrees: 12.0%

Students in System

- 89K
- 89,356 in AY 2020

Fall Enrollment

- 77K
- 77,153 in Fall 2020

67.7% of students are Mississippi residents

Demographic Breakdown of Mississippi Resident Students Enrolled in Universities

- Black: 31.2%
- White: 58.8%
- Other/Unknown: 10.0%

External Research Funding

- $478.5 million
- 2,607 projects

Measurable IMPACT

IMPACT

www.mississippi.edu
**Alcorn State University** School of Nursing’s graduate program now offers its first doctoral degree, Doctor of Nursing Practice (DNP), in addition to its Master of Science in Nursing (MSN) degree.

**Jackson State University** is accredited by AACSB International, an honor only six percent of business schools worldwide earn, and JSU is only one of two HBCUs in the country that offers a Ph.D. program in accounting.

**Mississippi State University Extension Service** served almost 713,000 direct contacts and safely delivered nearly 3,000 local programs, totaling more than 4 million impacts on Mississippians.

**Mississippi Valley State University** offers the state’s only master’s degree in Bioinformatics. It’s a multi-disciplinary program in molecular biology, computer science, and mathematics.

**Delta State University**’s new Digital Media Arts program is the only program in the state to offer an animation concentration, preparing graduates for careers in the rapidly growing fields of motion graphics, video production, sound design and photography.

**Mississippi State University** offers the state’s only petroleum engineering degree program in response to a high demand from industry for graduates with experience in drilling, production, petroleum economics and reservoir engineering.

**Mississippi University for Women’s RN to BSN program** has been consistently ranked as one of the top hybrid-online and campus-based classroom experiences in the nation.

**The University of Mississippi Medical Center** is designated a Telehealth Center of Excellence as recognized by the federal Health Resources and Services Administration, one of two institutions nationally that hold this distinction.

**The University of Southern Mississippi**’s annual economic impact on the state of Mississippi is more than $600 million, and the University creates and supports nearly 6,000 jobs in Hattiesburg and more than 1,250 on the Gulf Coast.

**Mississippi Valley State University** offers the state’s only master’s degree in Bioinformatics. It’s a multi-disciplinary program in molecular biology, computer science, and mathematics.
