**COMMISSIONER’S REPORT**

Presented by Dr. Thomas Meredith, Commissioner

The Commissioner presented his August report. The highlights were as follows:

- Thank you, Mr. President. It is my pleasure to present the August Commissioner’s Report.
- Welcome, Dr. Hudson, to your first Board Meeting! Last month the Board named Roy the Interim President of Mississippi Valley, a position he assumed on July 15th. Roy has served Mississippi Valley as a faculty member and administrator for 34 years, making him a natural choice to lead the institution.
during this interim period. Since then, Roy has “hit the ground running,” facilitating campus dialog and helping the institution move forward as it begins its next academic year. Dr. Hudson, we appreciate your service and appreciate having you with us.

► As you know, the next president for Alcorn State, Dr. George Ross, announced recently that his leukemia is in remission. Today the Board approved Dr. Ross to start at Alcorn on January 3rd, a change that will allow him to continue his medical treatment program without interruption at Ann Arbor’s University of Michigan Hospital. George is as excited about coming to Alcorn as you are about having him. Please continue to keep both George and his wife, Elizabeth, in your prayers as they go through these final treatments this fall!

► The Board had a full day of committee meetings yesterday, including a successful Strategic Planning Committee meeting. The driving goal is to produce more baccalaureate graduates of higher quality for our state. To do so takes institutional involvement.

► The exciting, innovative projects of your Board Office staff, like the Blue Ribbon Committee for the Redesign of Teacher Preparation you heard about today, under the direction of Dr. Neely and Dr. House, and the Mississippi.edu website, among many others, all must be done to support the goals and objectives of the strategic plan. To do anything else would be a disservice to the Board, and ultimately, a disservice to the state. I look forward to helping formalize the Board’s goals and objectives into a quantifiable strategic plan.

► This leads me to the question: what do people want from their state boards and their executives? In May, Paul Lingenfelter, the Executive Director for the State Higher Education Executive Officers (SHEEO), presented a PowerPoint presentation during an Association of Governing Boards (AGB)/SHEEO conference at which Dr. Davidson and I were in attendance. I thought the information was extremely valuable, and think it will be of interest to you. A copy of the presentation has been placed in front of you.

► Finally, in good news:

► IHL has received a $50,000 Community Heritage Preservation Grant from the Mississippi Department of Archives and History to assist with restoration and future planning needs of the University of Southern Mississippi’s Gulf Park Campus. The grant will be used to formulate an expanded campus vision, create a campus redevelopment program and implementation study, and assist with the design of a campus master plan.

► The Alcorn State University School of Agriculture, Research, Extension and Applied Sciences has initiated a relationship with Russia’s Voronezh State Agricultural University that is expected to result in student and faculty exchanges as well as joint research. An ASU delegation visited Russia in May and a reciprocal visit from the Russian delegation is scheduled for September.

► Delta State University recently received yet another large gift from long-time supporter, Robert E. Smith of Cleveland. Smith contributed $30,000 to nursing scholarships and $25,000 to the Wesley Foundation. In the past, Smith has endowed six scholarships benefitting the School of Nursing and he has named the university and the Wesley Student Foundation as a beneficiary to a charitable remainder trust.

► For the second year in a row, Jackson State University was ranked number one among the nation’s colleges and universities in educating African-American teachers in an annual report conducted by Diverse Issues in Higher Education. The report also found that JSU ranked third in producing African-Americans with master’s degrees in English. The university’s masters and doctoral programs also ranked in the top 30.
MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 15, 2007

- Mississippi State University recently announced that the university received more than $56 million in private gifts and donations in FY 2007 – marking the third consecutive year that giving has topped $50 million. With $372 million raised since 2001, the university is well within reach of meeting its capital campaign goal to raise $400 million by December 2008.

- Mississippi University for Women recently ranked No. 8 of the top 50 best values among colleges and universities nationwide, according to the June edition of Consumer’s Digest. A formula measuring student’s academic excellence, the quality of education offered, and the average cost of attendance was used to compile the rankings.

- Mississippi Valley State University hosted the third annual Greenwood-Leflore Corporate Golf Invitational at the Greenwood Country Club last Thursday. The tournament, which is MVSU’s second largest fund-raising event of the year for student scholarships, was a success, raising more than $10,000.

- Six University of Mississippi engineering professors submitted five proposals for research grants to the Southeast Region Research Initiative, which is funded by the U.S. Department of Homeland Security. All five proposals were accepted, resulting in an overall award of $4 million. The professors will use their grants to conduct research to support national security.

- University of Southern Mississippi librarian, Ellen Hunter Ruffin, curator of the de Grummond Children’s Literature Collection at Southern Miss, has been elected to the John Newbery Medal Committee for the year 2009. The committee selects the recipient of what is considered by many the most prestigious awards in children’s literature. To be elected to the committee by fellow librarians is a tremendous honor.

That, Mr. President, brings me to the end of my report. Thank you!
