MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 18, 2011

CONSENT AGENDA

On motion by Trustee Rouse, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve the following Consent Agenda.

BUDGET, FINANCE AND AUDIT
1.  UMMC - Approved the request to enter into a service agreement with Passport Health Communications, Inc. to provide insurance verification services. Under the agreement UMMC will have access to Passport databases that store specific patient insurance information obtained from healthcare insurance companies in order to provide immediate benefit and co-pay information to patients at the time of service. Passport will be the “behind the scenes” tool that is used in EPIC to present patient insurance information to various departments at UMMC. This contract is for five (5) years – September 1, 2011 through August 31, 2016, which includes two (2) successive one (1) year automatic renewal options. The total cost for the contract period is estimated at $307,190.40. A breakdown of the costs is included in the bound August 18, 2011 Board Working File. The agreement will be funded by hospital patient revenue. The agreement which has been reviewed and approved by the Attorney General’s Office is on file in the Board Office.

2.  USM - Approved request to amend the current lease agreement for space in the Old Garden Park Hospital and HealthMark Office buildings with the University of Southern Mississippi Research Foundation (USMRF). USMRF agrees to extend the current lease agreement one additional year. As part of the agreement’s scope, the foundation will continue to pay for all agreed to major repairs as needed. The foundation will also pay for utilities, pest control services, and grounds maintenance for the hospital facility. USM will be responsible for utilities (less water), janitorial service, and any necessary building repairs at the HealthMark Office facility. The amendment extends the current agreement an additional year. The current agreement ends June 30, 2012. This amendment will extend the term through June 30, 2013. The rent remains at the current annual rate of $1,150,853 and will be paid in quarterly installments. The total rent for the original with all amendments which equals a 3-year term (July 1, 2010 to June 30, 2013) is $3,452,559. The average square footage rental rate under this lease is $13.46. The local market for office rental for this area ranges from $15 to $16 per square foot range. This lease agreement will be funded by the Federal Emergency Management Agency (FEMA). The agreement which has been reviewed and approved by the Attorney General’s Office is on file in the Board Office.

3.  System - Approved the request by the IHL Executive Office, on behalf of Jackson State University, Mississippi State University, University of Mississippi, University of Southern Mississippi, and the University of Mississippi Medical Center to enter into an agreement with Internet2. While it is necessary to formalize IHL’s intent to enter into this agreement prior to September 1, 2011 to allow for an efficient transition and set-up process, the official three-year contract period is effective July 1, 2012 through June 30, 2015 with automatic one-year renewals thereafter unless either party provides written notice of termination at least ninety (90) days before July 1 within the current annual renewal year. Annual cost is $525,000. The total cost for the first three-years of the contract is $1,575,000. The agreement provides for connectivity to the Internet 2 network for a minimum of three years. The funding source for the contract will be shared by the research universities - JSU, MSU, UM, USM, and UMMC. The IHL Executive Office will bill the institutions for their
respective share of the total. The research ring connecting the four research universities (including UMMC) and Stennis Space Center, the Engineer Research and Development Center, and the Mississippi Department of Information Technology (MDITS) is provided through the state of Mississippi’s communication network managed by MDITS. The Internet2 agreement provides the point of connection (20 x the current bandwidth) for the research ring to Internet2. The agreement which has been reviewed and approved by the Attorney General’s Office is on file in the Board Office.

REAL ESTATE

4. **UM** – Approved the appointment of Tipton Associates, A Professional Architectural Corporation as design professional for **IHL 207-348 – Johnson Commons West Renovation**. The university plans to completely renovate the Johnson Commons. The Board originally approved the initiation of this project at the May 19, 2011 Board meeting. Johnson Commons West is one of the university’s two largest dining facilities and it is in dire need of modernization and expansion. This project will be a complete renovation of the main dining facility which is comprised of 49,886 square feet on two floors. The work will include upgrades to the main entrance, dining areas, kitchens, bathrooms, and offices. The mechanical and electrical systems will be replaced. Further definition of scope will be defined by the design professional in association with university representatives. The estimated project budget is $14,500,000. Funds are available from Auxiliary R&R ($9,900,000) and assistance from food service partner ($4,600,000).

5. **ASU** – Approved the request to increase the amount of Ayers funds requested from $4,730,144 to $4,739,004 for an increase of $8,860 and to increase the amount obtained that will be used to fund the **GS 101-269 – Dumas Hall Renovations** from $4,730,144 to $4,735,973, for a total increase of $5,829. In September of 2010 the university increased the budget from $3,500,000 to $4,730,144, The $3,500,000 is the original amount requested, allocated through the Ayers Settlement, and was approved by the Board for Dumas Hall. The estimated project budget is $7,000,000. Funds are available from HB 246, Laws of 2007 ($2,057,735); HB 1641, Laws of 2008 ($368,847.64); SB 2988, Laws of 2003 – Ayers ($300,000); and SB 2010, Laws of 2004 – Ayers ($4,273,417.36). ASU will also use $156,727 in Ayers funds from SB 3158, Laws of 2001 that is allocated to GS 101-258, Renovate Dumas Hall.

6. **DSU** – Approved the request to increase the budget for **GS 102-226 – Caylor/White-Walters Science Lab Renovation Phase II** from $5,217,760 to $5,324,840 for an increase of $107,080. The project is currently in the construction phase. This is the second budget escalation request made for this project by the university for Phase II. The project was initiated with the Board on August 21, 2008 as Phase II of the Caylor/White-Walters Renovation. The Board approved the first budget increase from $4,750,000 to $5,217,760 through Interim Board approval on October 21, 2010. The current requested budget escalation will fund Change Order #6, Change Order #7, and Change Order #8. Funds are available from HB 1641, Laws of 2008 ($1,000,000); HB 1722, Laws of 2009 ($3,750,000-BOB Line Item); and HB 1701, Laws of 2010 ($574,840).

7. **DSU** – Approved the request to increase the budget for **GS 102-237 – Caylor/White-Walters Renovation – Phase III** from $6,000,000 to $11,700,000 for an increase of $5,700,000 and the request to revise the funding source to allow the university to fully fund the project balance and complete the project with new state bond funds that are now available in SB 3100, Laws of 2011. The project is currently in the design phase. This is the first budget escalation request made for this project by the university for Phase III. Renovation of this facility has been the university’s top
priority for several years. Phase III of the project will complete the construction of 12 laboratories with prep rooms in a 24,000 square foot expansion and will renovate existing labs, lecture halls, faculty offices, restrooms, auditoriums, and the front entrance. A new sprinkler system and fire alarm system will also be installed. The estimated project budget is $11,700,000. The funds are available from HB 1701, Laws of 2010 ($6,000,000) and SB 3100, Laws of 2011 ($5,700,000).

8. UM – Approved the request to increase the budget for GS 107-305 – Central Mechanical Plant from $8,000,000 to $13,200,000 for an increase of $5,200,000 and the request to revise the scope of the project to allow the university to appropriately increase the capacity of the new mechanical plant to meet student demand. The project is currently in the design phase. This is the second budget escalation request made for this project by the university. The university has experienced significant increases in enrollment in the last two academic years and expects a further increase this year. The requested project budget escalation will enable the university to produce sufficient hot and chilled water to keep pace with the increased demand due to increasing enrollment figures. The estimated project budget is $13,200,000. The funds are available from HB 1701, Laws of 2010 ($8,000,000) and SB 3100, Laws of 2011 ($5,200,000).

9. UMMC – Approved the request to increase the budget for GS 109-195 – Adult Emergency Department (AED) Renovation from $10,530,000 to $11,255,000 for an increase of $725,000. The project is currently in the design phase. This is the fourth budget escalation request made for this project by the university. Upon review of the base bid and alternates, it was apparent that accepting the bid alternates at the prices quoted were in the best interest of UMMC. In order to award the base bid plus the bid alternates and to re-establish a reasonable project contingency, a budget escalation is necessary. The additional funding of $725,000 needed for the budget escalation is available from HB 1701, Laws of 2010. The project provides for the total renovation of existing Adult Emergency Room areas, expanding into Pediatric ER space to be vacated later this year, and will include all new/updated utility services, HVAC systems, and patient flow re-design to provide a modern Adult ER/Trauma Center. The estimated project budget is $11,255,000.00. Funds are available from HB 246, Laws of 2007 ($5,130,000); HB 1641, Laws of 2008 ($2,000,000); HB 1722, Laws of 2009 ($2,500,000); and HB 1701, Laws of 2010 ($1,625,000).

10. UMMC – Approved the request to increase project budget for IHL 209-530 – Classroom Renovations from $650,000 to $1,210,000 for an increase in the amount of $560,000, the request to change the scope, and the request to revise the project funding source to include indirect cost income. The project is currently in the construction phase. This is the first budget escalation request made for this project by the university. The current budget escalation request in the amount of $560,000 will re-establish a reasonable budget contingency and bring the originally approved project budget ($650,000) up to date with the current commitments under contract and to include indirect cost income as an additional source of funds. The project will renovate existing classrooms in the original (1955) North Wing School area by providing updated finishes, electronic/data/electrical, seating and audio visual system upgrades. The estimated project budget is $1,210,000.00. The funds are available from Indirect Cost Income ($490,000); and Tuition ($720,000).

4. UMMC – Approved the request to increase the budget for IHL 209-532 – Cardiovascular Renovations from $17,182,052 to $20,182,526 for an increase of $3,000,474 and the request to revise the scope. The project is currently in the design phase. This is the second budget escalation request made for this project by the university. This project will include the construction of a basement level, the completion of the previously planned third floor shell to be completed office spaces and upgrades to the adjacent, existing entrance corridor from the original North Wing
entrance. The full basement addition will be developed as a shell for the renovation and enlargement of Radiological services in the future. This area would not be accessible for future development/expansion if not included in the present project. Finishing out the third floor shell area will provide needed office space for Anesthesia and Resident Fellows and other service support areas. Due to the projected increase in pedestrian access, the adjacent entrance corridor from the North Wing needs to be updated/modernized and renovated to provide more efficient and pleasing access to patient services along its route. The project will include renovation of existing space and new building expansion (3 floors) to provide a new (69,361 sf.) modern Cardiovascular Clinic/Services area. With approval of this change in scope, an additional 16,000 square feet will be added as a basement floor level shell to be used for future Radiological services and will increase the total square footage to 85,361 sf. The estimated project budget is $20,182,526. The funds are available from MC EBC bond funds ($20,182,526).

5. USM – Approved the request to increase the budget for IHL 214-014 – Hardy Hall Storm Damage Repair, Gulf Park Campus from $8,981,725.15 to $10,095,459.54 for an increase of $1,113,734.39. The project is currently in the design phase. This is the second budget escalation request made for this project by the university. USM wishes to add an alternate to include historical windows as specified by the Department of Archives and History thus making it necessary to increase the budget to $10,095,459.54 to include this alternate. The project will repair damage incurred by Hurricane Katrina in August 2005. Hardy Hall is a historic and major landmark on the Gulf Park campus. The renovation will repair external damage as well as numerous interior office and reception spaces. The project will also include a small kitchen/bookstore addition to the rear of the building. The funds are available from insurance funds and obligated FEMA Funds.

6. MSU – Approved the request to award timber sales for 11-01PT from John W. Starr Memorial Forest to highest bidder, The Woodland Investment Group, in the amount $80,369 and for 11-02PP from John W. Starr Memorial Forest to highest bidder, the MidSouth Timber Company, LLC, in the amount of $14,742. The bids were received on July 19, 2011. The documents have been reviewed and approved by the Attorney General's office. The description of the forest areas are listed below:

*Timber Sale No. 11-01PT, Noxubee Unit, John W. Starr Memorial Forest.* The sale area is approximately 29 acres in size and is located on four parcels in a portion of Lots 12 and 21 of Section 5, a portion of Lots 8, 9, and 17-24 in Section 6, and a portion of the NE ¼ of the NE ¼ of Section 7, all in Township 16 North, Range 14 East, Winston County, Mississippi. This sale contains and estimated volume of 344,341 board feet of pine sawtimber, 4 cords of pine chip-n-saw, and 7 cords of pine pulpwood.

*Timber Sale No. 11-02PP, Talking Warrior Unit, John W. Starr Memorial Forest.* The sale area is approximately 53 acres in size and is located in a portion of the N ½ of the SE ¼ and a portion of the S ½ of the NE ¼ of Section 7, Township 17 North, Range 14 East, Oktibbeha County, Mississippi. This sale contains and estimated volume of 81 cords of pine chip-n-saw, and 727 cords of pine pulpwood.

7. MSU – Approved the request to grant a ten foot permanent utility easement and a 10 foot temporary easement on four acres of land more or less in Madison County, MS to the East Madison Water Association. The East Madison Water Association upgraded the water supply lines in northeast Madison County. The university holds a 70-acre tract of land in the upgraded area. The East Madison Water Association proposes to install 6” water line along Walnut Road. With the installation of the new line, the association will also install a new fire hydrant located at the corner of the property which will greatly assist the area fire department in the event of a fire threat to the
structure or property. A copy of the legal description of the easement is on file with the Office of Real Estate and Facilities.

8. **UM** – Approved the request to delete from inventory and demolish Coy Waller Laboratory Complex- Original Offices. The building was part of the university’s Medicinal Plant Garden (MPG) Research Facility. During the last two years, new research buildings have been built on the lower portion of the MPG site rendering this small building obsolete. The building sits where a new road is to be built serving a new 63,000 square foot research building. The approval letter has been received from the Mississippi Department of Archives and History. The building will be demolished following notification of and approval from the Mississippi Department of Environmental Quality. All legal documentation will be kept on file in the Office of Real Estate and Facilities.

9. **USM** – Approved the request to grant a permanent access and utilities easement across the university’s former golf course property in Forrest County, MS to W.C. and Linda Maples and Willis C. Maples and Linda G. Maples Trust in consideration for a payment of $1,657 for this 20 X 92 easement. The access and utilities easement is necessary to allow adjoining property owners access to the existing public road. The landowners have been using this easement area for many years but were unaware that the property was owned by the university. This error was discovered just recently when the landowner’s property was re-surveyed for construction of a new home. The City of Hattiesburg will not issue the landowners a certificate of occupancy for their home until an access and utilities easement is provided by the university. It is not anticipated that the university would ever use this small strip of land for any university purposes. A copy of the legal description of the easement is on file with the Office of Real Estate and Facilities.

10. **Education and Research Center** – Approved the request to grant a ten foot wide permanent utility easement and right of way across the Education and Research Center (ERC) property to Gulf South Pipeline Company, LP. The easement is located adjacent to Ridgewood Road and Eastover Drive in Hinds County, MS and borders the property of the ERC. The utility easement and right of way are for the purpose of constructing, reconstructing, renewing, operating, maintaining, protecting, inspecting, repairing, changing the size of, abandoning-in-place, removing and/or relaying pipeline(s) and conduit(s) for the transmission of communication signals, whether or not related to the aforementioned uses, along a route selected by Gulf South, together with such valves, fittings, meters, corrosion control devices, wires, cables and other equipment and appurtenances, whether above or below ground, as may be necessary or convenient for the transportation of oil, natural gas, petroleum products or any other liquids, gases or substances which can be transported through pipelines, for the protection of said pipeline(s) and conduit(s), or for the maintenance of the right of way, with the right of ingress and egress to and from the same, including the use of existing roads, on, over, across, under and through certain land situated in Hinds County, State of Mississippi. A copy of the legal description of the easement is on file with the Office of Real Estate and Facilities.

**LEGAL**

11. **MSU** – Approved the request to hire Grunsky, Ebey, Farrar & Howell Law Firm as outside counsel to provide services necessary in representing the interests of Mississippi State University in a trust litigation matter filed in the probate court in Monterey County, California. The University of Arkansas, Auburn University, Mississippi State University, and the University of Tennessee are the beneficiaries of the Alfred Aydelott Trust that is currently the subject of litigation in probate court.
in Monterey County, California. Specifically, a relative of the decedent has filed a petition to invalidate the trust amendment allocating $2.4 million to establish and administer a travel award for architecture students. All four universities are in agreement to retain the firm of Grunsky, Ebey, Farrar & Howell located in Watsonville, California, and all four universities will share in the cost of defense. Rates are $400 per hour for Shareholder Attorney time; $300 per hour for Associate Attorneys with 10 years or more experience; $250 per hour for Associate Attorneys with less than 10 years experience; and $175 per hour for paralegal time. Reasonable costs for investigators, consultants and expert witnesses which may be determined by outside counsel to be reasonably necessary shall be reimbursed by the universities. The maximum amount budgeted for payment is $20,000 and the contract will be paid from general funds. The Attorney General has approved this request.

12. **USM** - Approved the request to hire Barry Cannada, John Healy, Cara Baer, Hermant Gupta, Lane Belisimo, Bob Morris, Al Bright, Ben Roberson and Ryan O’Beirne with Butler, Snow, O’Mara, Stevens & Cannada Law Firm as outside counsel to represent USM in the filing of applications for patents in the United States and other intellectual property matters. The hourly rates to be charged will be $225.00 for intellectual property/patent work, $215.00 for commercial work, and $85.00 for paralegals. Disbursements will include any long distance telephone charges, delivery charges, photocopy and drawing costs, computer search charges, government filing fees, travel expenses, and the like incurred in connection with this engagement. The approval will be for a period of one year from July 1, 2011, through June 30, 2012. These fees will be paid with funds from indirect costs associated with various University grants and with general funds. The maximum amount budgeted for payment is $50,000. The Attorney General has approved this request.

13. **USM** - Approval the request to hire J. Cal Mayo, Jr. and Mary Ann Connell of Mayo Mallette Law Firm as outside counsel to consult with and represent USM regarding an athletics personnel matter. The hourly rate to be charged will be $165.00 for all work performed pursuant to authority granted. Disbursements will include any long distant charges, delivery charges, photocopy and drawing costs, computer search charges, government filing fees, travel expenses, and the like incurred in connection with this engagement. These fees will be paid with funds from the University’s general operating funds. The maximum amount budgeted for payment is $15,000 and the contract period will not exceed one year. The Attorney General has approved this request.

BUDGET AGENDA
Presented by Mr. Aubrey Patterson, Chair

Agenda item #1 was approved as shown below on the Budget, Finance & Audit Agenda. On motion by Trustee Patterson, seconded by Trustee Davidson, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda item #2.

1. MUW - Request to enter into a new agreement with Sodexo America, LLC for management and operation of the facilities (physical plant) department. The purpose of the contract is to provide management and operations service for the facilities department at MUW for a period of four-years and ten-months. The term of the fifty-eight (58) month contract is from September 1, 2011 through June 30, 2016. The annualized cost for the first term of this agreement is $2,467,761. Commencing July 1, 2012 and annually thereafter, the parties agree under this contract that the annual contract price shall be adjusted if there is an increase in the CPI for all Urban consumers (current series) during the prior twelve month period. Any increase will be based upon the percentage increase of the CPI for all Urban consumers (current series), averaged for the prior twelve (12) month

period. The contract will be funded by education and general (E&G) funds with all applicable charges billed to the auxiliary and restricted fund units.

A motion was made by Trustee Patterson, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, to approve agenda item #1 shown above.

An amended motion was made by Trustee Perry, seconded by Trustee Blakeslee, with Trustee Whitten absent and not voting, to approve agenda item #1 shown above subject to the deletion of Section 1.4 “Confidentiality” and the addition of language that provides for upon termination of the agreement, Sodexo agrees to migrate the data to a MUW computer, or to provide the data in another form to MUW. The motion was further amended by Trustee Perry, seconded by Trustee Blakeslee, with Trustee Whitten absent and not voting, that if an extension to the current contract with Sodexo is needed to negotiate the additional contract changes, the Commissioner is authorized to approve such an extension on behalf of the Board. All Trustees legally present and participating voted in favor of the amended motion except Trustee Whitten who was absent and not voting.

In accordance with parliamentary procedure, the Board passed the original motion as amended made by Trustee Patterson, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, to approve agenda item #1 shown above. This motion passed on a 10 to 1 vote. All Trustees legally present and participating voted in favor of the motion except Trustee Scott Ross who voted against the motion and Trustee Whitten who was absent and not voting.

2. SYSTEM – In accordance with the Ayers Settlement Agreement, the Board, through its counsel, shall provide to lead counsel for the private plaintiffs and counsel for the United States an annual disclosure report reflecting specified line-item information. This document is due October 1 of each year. Pending review by the Attorney General’s Office, the Board approved the Ayers Accountability Manual for submission.

DIVERSITY COMMITTEE REPORT

Mr. Marcus Thompson, Chief Academic Officer and System Diversity Officer, gave an update on the activities of the IHL Diversity Committee.

REAL ESTATE AGENDA

Presented by Mr. Scott Ross, Chair

On motion by Trustee Ross, seconded by Trustee Neely, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda items #1 - #6 as submitted on the following Real Estate Agenda.
1. **ASU** – Approved the initiation of **GS 101-261 – Rowan Hall Renovations** and the appointment of Duval Decker as design professional. The project will include both interior and exterior renovations of Rowan Hall, removal of hazardous materials, mechanical systems improvements, energy improvements, and landscaping. This will be the building’s first major renovation since its original construction. The building is currently unoccupied due to water infiltration which has caused mold in the building. The exterior brick of the building is also beginning to fall off. The university plans to renovate Rowan Hall to become the home of the university’s Student Health Center. The proposed project budget is $2,000,000. The funds are available from HB 1722, Laws of 2009 ($850,000) and HB 1701, Laws of 2010 ($1,150,000).

2. **ASU** – Approved the initiation of **GS 101-288 – Bowles Hall Renovations** and the appointment of the design professional through “Request for Qualification” method. The project will include both interior and exterior renovations of Bowles Hall, removal of hazardous materials, mechanical systems improvements, energy improvements, and landscaping. The building is currently being used as a mixed use facility containing classrooms, labs, and administrative space. The university plans use the renovated building as an administration building and to relocate the existing five (5) classrooms and two (2) labs in Bowles Hall. Over the past two years, the university has minimized the number of classes held in this facility due to water penetration down the parapet wall and around windows. The classroom and lab space in Bowles Hall will be relocated to the Biotechnology Math and Science Building and the Walter Washington Building. Alcorn State plans to accommodate the increased space demand for these classrooms through more efficient scheduling practices. The proposed project budget is $5,500,000. The funds will be available through SB 3100, Laws of 2011 ($5,500,000).

3. **UM** – Approved the initiation of **GS 107-308 – Student Union Addition and Renovation** and the appointment of the design professional through “Request for Qualification” method. The Student Union project will include an addition to increase available space and a significant renovation to existing space. The university currently has $10 million dollars in state bond funds available for the design phase of the project and is seeking to initiate the project so that it can proceed through the design phase of the project. The university will be required to seek future approval to use the Educational Building Corporation (EBC) bond process. The budget for this project is contingent upon IHL’s Budget Committee’s approval of the university’s request to use EBC bond funds as a funding source for this project and the Board’s approval of future student fee increases. As the Student Union exists today, it is outdated and inadequate in meeting the needs of a rapidly growing, active and diverse student body. The total project budget is $50,000,000. The funds are available through SB 3100, Laws of 2011 ($10,000,000); Pending approval of UM EBC bond funds ($28,873,000); Private Auxiliary Enterprises (1,150,000); Auxiliary R&R ($3,000,000); private donations ($40,000); Internal R&R ($4,000,000); and pending approval of proposed student fees ($2,900,000).

4. **ASU** – Approved the request to re-name the Jack Spinks Stadium to Casem-Spinks Stadium to honor the accomplishment, leadership, and dedication of an Alcorn legend, Mississippi marvel and icon of collegiate athletics: Marino “The Godfather” Casem.

5. MSU – Approved the exterior design of the new football facility. The current project is funded through the MSU Athletic Department and includes the construction of a new 80,000 square foot football facility. The building will provide an attractive home which will allow the football operations to reduce from six buildings to essentially two. The site and building are being designed in accordance with the proposed MSU Master Plan and sustainable building concepts when cost effective. A copy of the rendering of the building is included in the bound August 18, 2011 Board Working File.

6. MSU – Approved purchase of approximately 31.64 acres of land and a residential improvement designated as the Longest Estate in Oktibbeha County, MS from the Mississippi State University Foundation, Inc. for $3,900,000 which is the average of the two appraisals. The property is being purchased for future development. Also, a Phase I Environmental Site Assessment (ESA) has been conducted on Tract 1, Tract 2, and the residential homestead tract of the property. No adverse environmental impacts to the subject property were apparent as a result of past and present possessions of title. A copy of the property description and all legal documentation are on file with the Office of Real Estate and Facilities. The funds will be available through O & M Reserves ($3,900,000).

LEGAL AGENDA
Presented by Mr. Alan Perry, Chair

On motion by Trustee Perry, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to move agenda items #1, #4 and #5 shown below to the Executive Session Agenda. On motion by Trustee Pickering, seconded by Trustee Smith, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda item #2. On motion by Trustee Patterson, seconded by Trustee Blakeslee, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda item #3. On motion by Trustee Pickering, seconded by Trustee Patterson, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda item #6. On motion by Trustee Blakeslee, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve agenda item #7.

1. ASU - Purchase approximately 6.62 acres of land on the Claiborne and Jefferson County, Mississippi line along Highway 552 from Dr. Eugene Spencer, Jr. The property is located in Section 6, Township 10 North, Range 1, East of Jefferson County, Mississippi. The subject property is just outside the front entrance of the ASU Lorman campus. A copy of the property description is on file with the Office of Real Estate and Facilities. It is critical to the safety and security of students, faculty, and staff that a buffer zone be retained between the university and area businesses and homes. The purchase of this property would help provide that buffer zone. The property will also play a pivotal role in the university achieving its master plan goal of building a loop road to improve campus access and egress. Two appraisals and a Phase I Environmental Site Assessment have been
obtained on the property. The Phase 1 Environmental Assessment’s conclusion stated that it revealed no evidence of any recognized environmental conditions associated with the subject property. However, the proposed purchase price will exceed the average of the two appraisals. Even so, the proposed purchase price represents a price that ASU believes to be reasonable and prudent, and in the best interests of ASU and the public. Reasonable negotiation efforts were made between ASU and the current land owner to attempt to purchase the property for the appraised value, but such negotiations failed. Therefore, the university requests an exception to part of Board Policy §905(A), Real Estate Management, which requires that when acquiring real property, an institution’s purchase price of the property may not exceed the average of two appraisals. As a pending land transaction, this matter, including the specifics as to the justification for the proposed price, will be presented to the Board in executive session. (THIS ITEM WAS MOVED TO THE EXECUTIVE SESSION AGENDA.)

2. **MUW** - Approved the proposed affiliation agreement between Mississippi University for Women and the Mississippi University for Women Alumni Association. This agreement has been reviewed and approved by the Attorney General’s Office and complies with the requirements of Board Policy 301.0806 University Foundation/Affiliated Entity Activities. A copy of the agreement is on file at the Board Office.

3. **UM** – Approved the request to allow Robin Buchannon, Assistant Vice Chancellor for Research and Sponsored Programs, and Allyson Best, Associate Director of Technology Management to serve as voting members of the University of Mississippi Research Foundation Board of Directors. These two university employees will replace two other university employees whom this Board previously approved to serve as directors for the Research Foundation. This would maintain the current mix of inside and outside directors, with university employees serving as four of seven directors. Currently, the primary function of this Board is to provide leadership for the development of university owned land for the University Research Park. Because it is university land, it is important that the university maintain a high degree of control during the early stages of development. The University of Mississippi Research Foundation is organized and operates for scientific, literary, charitable, and educational purposes exclusively for the benefit of the University of Mississippi.

4. **UMMC** - Settlement of Tort Claim No. 1703. (THIS ITEM WAS MOVED TO THE EXECUTIVE SESSION AGENDA.)

5. **UMMC** - Settlement of Tort Claim No. 1709. (THIS ITEM WAS MOVED TO THE EXECUTIVE SESSION AGENDA.)

6. **USM** - Approved the proposed amendment to the Point Cadet Compromise and Settlement Agreement. A portion of the coastal property known as the Point Cadet Property (Point Cadet) was donated to IHL/USM. However, the State of Mississippi, through the Secretary of State, asserted ownership of Point Cadet as public trust tidelands. Additionally, the City of Biloxi asserted ownership, and the Isle of Capri held leasehold interests in Point Cadet. Therefore, due to unresolved disputes over ownership and interests in Point Cadet, the State of Mississippi, IHL, the
City of Biloxi and the Isle of Capri entered into the subject Point Cadet Compromise and Settlement Agreement in August of 2002. Since then, IHL/USM has collected the rents provided for under the original settlement agreement. USM’s educational and research facility known as the Scott Center sat on part of Point Cadet at the time the original settlement agreement was entered into. Hurricane Katrina subsequently destroyed the Scott Center, and although USM originally planned to rebuild the Scott Center, it became apparent that rebuilding any facility on the Point Cadet property was not feasible. Because of provision IV. (6)(b) of the original Point Cadet agreement, and because rebuilding the Scott Center was not feasible, USM will stop getting the rents payable under the current Point Cadet agreement, unless we amend the current agreement as reflected below. Under the proposed amendment, instead of USM having to rebuild the Scott Center, or other educational facility, on the Point Cadet property in order to continue to receive the rents paid to USM under the original agreement, the parties would agree that USM’s use of the R/V Tommy Munro as a research vessel would qualify as other educationally sound programs, operations or facilities on the Point Cadet property. Under the proposed amendment, USM will continue to receive all rents payable under the original Point Cadet agreement without rebuilding the Scott Center or other facility on the subject property. The amendment which has been reviewed and approved by the Attorney General’s Office is on file at the Board Office.

7. **SYSTEM** – Approved the request for permission to request an official Attorney General’s opinion concerning conflicting statutes regarding the legality of having firearms on our university campuses. The specific facts and questions are included in the bound August 18, 2011 Board Working File.

8. **SYSTEM** – Approved the proposed Inter-Agency Agreement for the provision of legal services for Fiscal Year 2012 between IHL and the Attorney General’s Office. A copy of the agreement is on file at the Board Office.

### INFORMATION AGENDA

**Presented by Commissioner Hank M. Bounds**

#### ACADEMIC AFFAIRS

1. **SYSTEM** – In 2004–2005, IHL institutions hired 204 tenure track faculty members. During the 2010–2011 academic year, 131 (64%) were awarded tenure from the 2004–2005 cohort. A detailed breakdown by institution is included in the bound August 18, 2011 Board Working File.

2. **SYSTEM** – In accordance with Board Policy 403.0103 Post-Tenure Review, the 2011 post-tenure review report below is presented to the Board for information. In 2010–2011, 99% of full-time faculty received an annual evaluation. Fifty-eight faculty members were triggered for a post tenure review. Five faculty members are participating in a faculty development plan and two faculty members were separated from employment as a result of the post-tenure review process. A detailed breakdown by institution is included in the bound August 18, 2011 Board Working File.
3. **SYSTEM** – In accordance with Board Policy 510 Awarding of Degrees, the Commissioner granted approval in July to award degrees in August 2011 at the levels below, provided each candidate has met all degree requirements.

4. **REAL ESTATE**

4. System - The Board received the Real Estate items that were approved by the Board staff subsequent to the June 16, 2011 Board meeting in accordance with Board Policy 904 Board Approval. (See Exhibit 1.)

5. **LEGAL**

5. System - The Board received a report of the payment of legal fees to outside counsel. (See Exhibit 2.)

6. **ADMINISTRATION/POLICY**

6. System - The following items have been approved by the Commissioner on behalf of the Board and are available for inspection in the Board Office.

   a. MSU - In accordance with Board Policy 1107 Enactment of Traffic Rules and Regulations, “the Board hereby delegates to the Commissioner of Higher Education the power to approve and authorize the enactment of such university traffic rules and regulations, which shall include university parking and traffic fines and fees, on behalf of the Board.” On July 19, 2011, the Commissioner approved the Policies for Traffic and Parking Rules and Regulations.

   b. UM - In accordance with Board Policy 1107 Enactment of Traffic Rules and Regulations, “the Board hereby delegates to the Commissioner of Higher Education the power to approve and authorize the enactment of such university traffic rules and regulations, which shall include university parking and traffic fines and fees, on behalf of the Board.” On August 1, 2011, the Commissioner approved the Policies for Parking and Traffic Rules and Regulations.
c. **UM** – In compliance with Board Policy 701.06 Budget Escalations and Revisions, “all revisions to the annual budgets which do not increase the total amount of the budgets must be approved by the Commissioner prior to implementation and subsequently reported to the Board.” On August 1, 2011, the Commissioner approved the budget revisions to the Mississippi Law Research Institute and the Center for Manufacturing Excellence budgets for Fiscal Year 2011. The revisions contain no increases in the total budgets but rather reallocations amongst individual expense categories.

d. **UMMC** – In accordance with Board Policy 707.01 Land, Property, and Service Contracts, “the Commissioner is authorized and empowered to approve renewals of service expenditure contracts if the original contract was previously approved by the Board of Trustees, and if the contract amount does not exceed 110% of the current contract.” On June 6, 2011, the Commissioner approved the renewal of a contract between the University of Mississippi Medical Center and Mobile Medic Ambulance Service, Inc., d/b/a American Medical Response (AMR). The purpose of the agreement is to allow for the continued provision of non-emergency transport services to patients who no longer require acute care hospitalization and treatment for which no other payer source for non-emergency transportation is available. This agreement will expire on June 30, 2012. UMMC has the option to renew the agreement annually upon submission of applicable contract and required documentation. The total cost for the twelve months of services is approximately $500,000 depending upon AMR’s fee schedule for different types of transportation. This amount has remained unchanged since December 2006. This agreement was most recently approved by the Board of Trustees in June 2010 for a one year term through June 30, 2011.

e. **UMMC** - In accordance with Board Policy 707.01 Land, Property, and Service Contracts, “the Commissioner is authorized and empowered to approve renewals of service expenditure contracts if the original contract was previously approved by the Board of Trustees, and if the contract amount does not exceed 110% of the current contract.” On June 30, 2011, the Commissioner approved the extension of a contract between the University of Mississippi Medical Center and Cooke Douglass Farr Lemons Architects and Engineers, P.A. for an additional year. The cost for the renewal period, which ends on June 30, 2012, will not exceed $750,000. The purpose of the agreement is to provide architectural and engineering planning, design and management services to fulfill UMMC’s master plan. The current contract was entered into on April 2010 but was under the threshold requiring the Board’s approval. In November 2010, UMMC requested the Board’s approval to amend the consulting agreement to provide additional services increasing the total contract cost to $695,000. This current agreement will expire on June 30, 2011.

f. **USM** – In compliance with Board Policy 701.06 Budget Escalations and Revisions, “all revisions to the annual budgets which do not increase the total amount of the budgets must be approved by the Commissioner prior to implementation and subsequently reported to the Board.” On June 30, 2011, the Commissioner approved the budget revisions to the On Campus, Gulf Coast Campus, Gulf Coast Research Lab and Auxiliary budgets for Fiscal Year 2011. The revision contains no increases in the total budgets but rather reallocations amongst individual expense categories.
MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 18, 2011

g. System – On July 21, 2011, the Commissioner reviewed and approved the Quarterly Employment Reports which lists all hires and all separations for the period beginning April 1, 2011 and ending June 30, 2011. These reports are required by Board Policies 401.0102 Delegation of Authority and 801.09 Resignations.

EXECUTIVE SESSION

On motion by Trustee Perry, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to close the meeting to determine whether or not it should declare an Executive Session. On motion by Trustee Pickering, seconded by Trustee Blakeslee, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to go into Executive Session for the reasons reported to the public and stated in these minutes, as follows:

Discussion of a land purchase at Alcorn State University,
Discussion of a prospective litigation matter at Alcorn State University, and
Discussion of two litigation matters at the University of Mississippi Medical Center,
Discussion of a personnel matter at Mississippi State University,
Discussion of a personnel matter at the University of Mississippi.

During Executive Session, the following matters were discussed and/or voted upon:

Dr. Christopher Brown, President of Alcorn State University, presented to the Board a request that the Board allow ASU to purchase 6.62 acres just outside the entrance to ASU for $66,000, which is greater than the average of two appraisals obtained on the subject property. The average of the two appraisals obtained is $43,000. Dr. Brown explained that the reason for his request to purchase for $66,000 is that the current owner had an offer in hand for $65,000. Dr. Brown and the Board members discussed that the land is much more valuable to ASU than the average of the two appraisals because of its location, and that it is certainly worth even more than the proposed $66,000 purchase price. Dr. Brown explained that ASU originally offered the current owner the average of the two appraisals, $43,000, but the offer was rejected and reasonable efforts to negotiate an agreement at that amount, or below $66,000, have failed. A motion was made by Trustee Patterson, seconded by Trustee Ross, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve the request to waive the Board Policy requirement that the purchase price not exceed the average of two appraisals, and authorized the purchase in the amount of $66,000 as just compensation for the subject property in light of the firm offer to the owner by another interested buyer in the amount of $65,000. Dr. Brown explained that if the other interested purchaser was to keep increasing offers on the subject property, he would be willing to pay up to $100,000 as just compensation for the subject property. Also, approving the proposed purchase price would avoid any litigation expenses associated with an attempted eminent domain process. An amended motion was made by Trustee Patterson, seconded by Trustee Ross, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to authorize Dr. Brown to pay $66,000 as just compensation for the subject property, and if subsequent competing offers were made on the property, the Commissioner is authorized on
behalf of the Board to approve the purchase of the property in an amount up to $100,000 as just compensation in order to meet any such competing offers.

The Board discussed a potential litigation matter at Alcorn State University.

On motion by Trustee Davidson, seconded by Trustee Neely, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve the settlement of Tort Claim No. 1709 styled as *Vicki Wolf vs. UMMC, et al.*, as recommended by counsel.

On motion by Trustee Patterson, seconded by Trustee Davidson, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to approve the settlement of Tort Claim No. 1703 styled as *Lauan Johnson vs. UMMC, et al.*, as recommended by counsel.

On motion by Trustee Ross, seconded by Trustee Smith, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to give Dr. Mark Keenum, President of Mississippi State University, a new four year contract.

On motion by Trustee Davidson, seconded by Trustee Pickering, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to give Dr. Dan Jones, Chancellor of the University of Mississippi, a new four year contract.

On motion by Trustee Neely, seconded by Trustee Blakeslee, with Trustee Whitten absent and not voting, all Trustees legally present and participating voted unanimously to return to Open Session.

ACADEMIC AFFAIRS COMMITTEE REPORT
August 18, 2011

The Academic Affairs Committee met to discuss the academic priorities, challenges, and accomplishments of the university as presented by the University of Mississippi Medical Center staff members.

The following Committee Members attended the meeting: Trustee Rouse (Chair), Trustee Blakeslee, Trustee Davidson, and Trustee Neely. Trustees Pickering and Smith were absent. (Note: They attended the joint Budget and Real Estate Committee meeting which was held simultaneously.) President Robin Robinson also attended.

Following the committee meetings, the Board reconvened for an education session which focused on the clinical aspect of the hospital. Clinical is defined as being concerned with or based on actual observation and treatment of disease in patients rather than experimentation or theory. Afterwards, the Board members participated in a brief tour of the campus.
ADJOURNMENT

There being no further business to come before the Board, on motion by Trustee Blakeslee, seconded by Trustee Pickering, with Trustees Neely and Whitten absent and not voting, all Trustees legally present and participating voted unanimously to adjourn the meeting.
