REAL ESTATE

8. DSU - Approved the initiation of GS 102-234, Union/Dining Hall Pre-Plan, and the appointment of LPK Architects as design professionals. This project will determine the most cost effective method of delivering dining services. The analysis will determine the relative costs of three options: 1) renovating the existing cafeteria; 2) replacing the existing cafeteria or; 3) renovating the H.L.
Nowell Student Union to accommodate all dining services in one facility. The total project budget is $100,000. Funds are available from HB 1722, Laws of 2009.

9. **MUW** - Approved the initiation of **GS 104-163, Fire Suppression Phase II**, for a fire suppression system for Frazer and Kincannon residence halls and the appointment of Atherton Consulting Engineers as design professionals. The total project budget is $738,000. Funds are available from HB 1722, Laws of 2009.

10. **UM** - Approved the initiation of **IHL 207-339, Hot and Chilled Water Loop Upgrade**. The current infrastructure is inefficient due to numerous leaks and a general state of disrepair. The project will continue the hot water loop piping to four campus buildings replacing existing steam supply and condensate return lines to the structures with 12” hot water supply return lines which connects to the west end of the existing hot water loop at Library Lane. The buildings connected by this phase will be J.D. Williams Library, Martindale, Lewis Hall, and Bondurant Hall. The total project budget is $750,000. Funds are available from internal R&R funds.

11. **UM** - Approved the initiation of **IHL 207-340, Northgate 2010 Renovations**, which renovates the Northgate Apartments, and the appointment of Architecture South as design professionals. The project is requested due to the existing HVAC system exceeding its useful life and needing to be replaced to sufficiently condition the buildings to the appropriate humidity and comfort levels. The university also plans to include a new fire detection system, new HVAC system, new electrical services, window restoration, asbestos and lead paint abatement, and all associated miscellaneous patching/sealing of ceilings and walls. This project is currently in the design phase. Funds are available in the amount of $6,212,000 from hospital patient revenue.

13. **MSU** - Approved the request to grant a permanent right-of-way easement to Winston County. The easement is necessary to make improvements to Loakfoma Road in Winston County. The Attorney General’s Office has reviewed and approved the easement.

16. USM - Approved the request to grant a permanent **Utility Easement for the City of Hattiesburg, IHL 208-295**. The City of Hattiesburg vacated a city street causing it to become university property. As a result, the university now needs to grant the City of Hattiesburg a utility easement for utility lines that are located along the previous roadway. The Attorney General’s Office has reviewed and approved the easement.

17. USM - Approved the request to grant a **Temporary Easement for the Mississippi Department of Transportation, IHL 208-296**. The easement is necessary due to the development of a “ Rails to Trails” project in Hattiesburg. MDOT will construct approximately 500 feet of a 12-foot wide sidewalk, with associated grading, retaining and drainage structures on university property at the intersection of the West right-of-way line of U.S. Highway 49 and the South right-of-way line of West Fourth Street. MDOT will construct the improvements at no cost to the university and will transfer the improvements to the university upon completion. The proposed Memorandum of Agreement between the university and MDOT requires a temporary easement for MDOT to perform the work on university property. The Attorney General’s Office has reviewed and approved the easement.

**LEGAL**

18. UMMC - Pending approval by the Attorney General’s Office, the Board approved the request to hire William Smith, III of the firm Watkins & Eager, PLLC to provide legal services as real estate counsel. This is a new outside counsel contract. UMMC had previously contracted with Mr. Smith at the law firm of Taylor, Covington, and Smith in 2003-2004. The purpose of the contract is to obtain counsel for real estate work and other related financing matters as the legal expertise is not available in-house. The maximum amount payable under the contract would be $50,000 and the hourly rate of pay would be $165 per hour. The contract term would be from 04/01/2010 through 06/30/2011. Either party may terminate on thirty (30) days notice. The contract will be funded by interest income.

19. System - Approved the amended contract for legal services between the Attorney General’s Office and the Board of Trustees. The amendment to the contract amount is due to the unexpected resignation of one of the staff attorneys at the end of January 2010 and the proposed filling of that position with another attorney from within the Attorney General’s Office. The current contract amount is $473,898.92 and the proposed new contract amount for fiscal year 2010 is $463,479.60. A copy of the contract is included in the *March 18, 2010 Board Working File*.

ACADEMIC AFFAIRS
Presented by Trustee Robin Robinson, Chair

On motion by Trustee Robinson, seconded by Trustee Neely, with Trustees Owens and Patterson absent and not voting, it was

RESOLVED, That the Board hereby approved agenda item #1 as submitted on the following Academic Affairs Agenda. Agenda item #2 was approved on a separate motion by Trustee Robinson, seconded by Trustee Whitten, with Trustees Owens and Patterson absent and not voting.
1. **System** - Approved the proposed new Board Policy 609 Transfer of the Associate of Arts Degree from a Mississippi Community/Junior College, as follows:

   **609 TRANSFER OF THE ASSOCIATE OF ARTS DEGREE FROM A MISSISSIPPI COMMUNITY/JUNIOR COLLEGE**

   **General Policy**

   IHL institutions will accept all transferable courses with a grade of “C” or better completed as part of an Associate of Arts degree from a Mississippi community/junior college. Upon transferring to an IHL institution, these students may begin taking courses within a declared major or to fulfill prerequisites for a major. Acceptance into some majors may require a higher grade point average and/or additional pre-major/prerequisite courses beyond requirements for the Associate of Arts degree.

   a. Students who graduate with an Associate of Arts degree from a Mississippi community/junior college and complete the 30-hour IHL core curriculum (Board Policy Section 512 “Core Curriculum”) with a grade of “C” or better in each core course will satisfy the IHL core curriculum requirement at each IHL institution. General education requirements for baccalaureate programs at the receiving institution may exceed the minimum IHL core curriculum. In such cases, transfer students may need to take additional courses to satisfy these requirements.

   b. All non-IHL core curriculum courses in the Associate of Arts degree program may be assigned to fulfill the major, pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the Associate of Arts degree program and the declared major at the IHL institution.

   **Transferable Courses**

   When students transfer to an IHL institution from a Mississippi community/junior college, IHL institutions will use the Articulation Agreement between the Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi State Board for Community and Junior Colleges to articulate the transfer of courses.

2. **System** - Approved the proposed additions and amendments to Board Policy section 600 Student Affairs and Admissions. *(See Exhibit 1.)*

601 ADMISSION STANDARDS

The Board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the Board may establish. The manual (Admission Standards, Developmental Education Curriculum and Core Undergraduate Requirements for University System Institutions), designed to assist the institutions in proper implementation of Board Policy and to assure compliance with the requirements set forth by the Board, is given to university personnel and a copy is on file at the Office of the Commissioner.

Admission policies are to be included in materials disseminated to the high schools and in university catalogs. IHL and university websites are to relate the means by which admission policies may be readily obtained.

### C. ACADEMIC PLACEMENT RESULTING FROM VARIOUS DEFICIENCIES

Those Mississippi residents who applied and failed to meet Full Admission Standards along with any Mississippi high school graduate regardless of academic performance may, as a result of review, be admitted to the summer or fall semester. The ACT is not a requirement in this category. The review shall involve a consideration of high school performance, ACT scores (if
available), placement testing, special interests and skills as well as other non-cognitive factors. The review shall result in placement in one of the following categories:

1. Full Admission
   As a result of the review, students in this category may be placed as if admitted under Section B. In addition, students may be required to enroll in selected college level courses in science and social science equivalent to high school courses in which their background is inadequate. These courses will yield institutional credit.* Other students in this category may be required to participate in the Year-Long Academic Support Program.

This program is designed to assist those students admitted with academic deficiencies, as well as other volunteer students, with their freshman courses. The Year-Long Academic Support Program will consist of classroom, individual, and computer-assisted instruction along with career counseling in a laboratory setting. The Program carries institutional credit. *

* Institutional credit courses do not count toward graduation but carry all other academic requirements.

E. GENERAL TRANSFER POLICY ADMISSION FOR STUDENTS WHO WERE NOT ELIGIBLE FOR REGULAR ADMISSION

Any student who was not eligible for regular admission and who has not successfully completed the Summer Developmental Program must attend an accredited institution of higher education other than those under the governance of the Board of Trustees and must attain a "C" average (2.0 GPA) on a 4.0 scale, as calculated by the admitting IHL institution) in the following 24 30 transferable semester credit hours to be eligible to transfer to an IHL institution:

609 TRANSFER OF THE ASSOCIATE OF ARTS DEGREE FROM A MISSISSIPPI COMMUNITY/JUNIOR COLLEGE

A. General Policy

IHL institutions will accept all transferable courses with a grade of “C” or better completed as part of an Associate of Arts degree from a Mississippi community/junior college. Upon transferring to an IHL institution, these students may begin taking courses within a declared major or to fulfill prerequisites for a major. Acceptance into some majors may require a higher grade point average and/or additional pre-major/prerequisite courses beyond requirements for the Associate of Arts degree.

1) Students who graduate with an Associate of Arts degree from a Mississippi community/junior college and complete the 30-hour IHL Board core curriculum (Board Policy Section 512 “Core Curriculum”) with a grade of “C” or better in each core course will satisfy the IHL core curriculum requirement at each IHL institution. General education requirements for baccalaureate programs at the receiving institution may exceed the minimum IHL core curriculum. In such cases, transfer students may need to take additional courses to satisfy these requirements.

2) All non-IHL core curriculum courses in the Associate of Arts degree program may be assigned to fulfill the pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the Associate of Arts degree program and the declared major at the IHL institution.

For purposes of determining whether a minor pays out-of-state or in-state tuition for attendance at universities and community and junior colleges, the residence of a person less than 21 years of age is that of the father, the mother or a general guardian duly appointed by a proper court in Mississippi. If a court has granted custody of the minor to one parent, the residence of the minor is that of the parent who was granted custody by the court. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death, unless the minor lives
with a general guardian duly appointed by a proper court of Mississippi, in which case his/her residence becomes that of the guardian. A minor student who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four years of secondary school attendance shall not be required to pay out-of-state tuition. D. RESIDENCE REQUIRED
No student may be admitted to any community/junior college or institution of higher learning as a resident of Mississippi unless his/her residence has been in the State of Mississippi preceding his/her admission. Provided, however, that any person who has attained 21 years of age and has thereafter actually established residency as defined within section A above and resided within the state of Mississippi for 12 consecutive months after attaining 21 years of age upon sworn affidavit and other representation, may petition the particular institution for a change in residency classification for the purposes of fees and tuition assessment. Resident status of such military personnel, who are not legal residents of Mississippi, as defined in Section 37-103-13, shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

**Miss. Code Ann., §37-103-17, as amended.**

B. SPOUSE OR CHILD OF MILITARY PERSONNEL

Resident status of a spouse or child of a member of the Armed Forces of the United States on extended active duty shall be that of the military spouse or parent for the purpose of attending state-supported institutions of higher learning and community/junior colleges of the State of Mississippi during the time that their military spouse or parent is stationed within the State of Mississippi and shall be continued through the time that the military spouse or parent is stationed in an overseas area with last duty assignment within the State of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of a minor child terminates upon reassignment under Permanent Change of Station Orders of the military parent for duty in the continental United States outside the State of Mississippi, excepting temporary training assignments en route from Mississippi, and except that children of members of the Armed Forces who attain Mississippi residency in accordance with the above provisions, who begin and
complete their senior year of high school in Mississippi, and who enroll full time in a Mississippi institution of higher learning or community/junior college to begin studies in the fall after their graduation from high school, maintain their residency status so long as they remain enrolled as a student in good standing at a Mississippi institution of higher learning or community/junior college. Enrollment during summer school is not required to maintain such resident status.

The spouse or child of a member of the Armed Forces of the United States who dies or is killed is entitled to pay the resident tuition fee if the spouse or child becomes a resident of Mississippi.

If a member of the Armed Forces of the United States is stationed outside Mississippi and the member’s spouse or child establishes residence in Mississippi and registers with a Mississippi institution of higher learning or community/junior college at which the spouse or child plans to attend, the institution of higher education or community/junior college shall permit the spouse or child to pay the tuition, fees and other charges provided for Mississippi residents without regard to length of time that the spouse or child has resided in Mississippi.

A member of the Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the United States who is entitled to pay tuition and fees at the rate provided for Mississippi residents under another provision of this section while enrolled in a degree or certificate program is entitled to pay tuition and fees at the rate provided for Mississippi residents in any subsequent term or semester while the person is continuously enrolled in the same degree or certificate program. A student may withdraw or may choose not to reenroll for no more than one (1) semester or term while pursuing a degree or certificate without losing resident status only if that student provides sufficient documentation by a physician that the student has a medical condition that requires withdrawal or nonenrollment. For purposes of this subsection, a person is not required to enroll in a summer term to remain continuously enrolled in a degree or certificate program. The person's eligibility to pay tuition and fees at the rate provided for Mississippi residents under this subsection does not terminate because the person is no longer a member of the Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the United States.

C. CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL

Except as otherwise provided in this subsection, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established in the above paragraph if:

C. ACADEMIC PLACEMENT RESULTING FROM VARIOUS DEFICIENCIES

Those Mississippi residents who applied and failed to meet Full Admission Standards along with any Mississippi high school graduate regardless of academic performance may, as a result of review, be admitted to the summer or fall semester. The ACT is not a requirement in this category. The review shall involve a consideration of high school performance, ACT scores (if
The review shall result in placement in one of the following categories:

1. **Full Admission**
   As a result of the review, students in this category may be placed as if admitted under Section B. In addition, students may be required to enroll in selected college level courses in science and social science equivalent to high school courses in which their background is inadequate. These courses will yield institutional credit.* Other students in this category may be required to participate in the Year-Long Academic Support Program.

2. **Full Admission with Academic Deficiencies**
   Students who have not demonstrated adequate readiness in English or Reading or Mathematics will be granted Full Admission with Academic Deficiencies to the Summer Developmental Program. This is an intensive program that concentrates on high school subject areas (English, Reading, and Mathematics) that are applicable to success in first-year college courses. These courses carry institutional credit. * Students who successfully complete the summer program by passing developmental English, developmental Mathematics, developmental Reading and the Learning Skills Laboratory courses, will receive admission to the fall term with mandatory participation in the Year-Long Academic Support Program. Students who fail to successfully complete the Summer Developmental Program are not eligible for enrollment in the regular academic year and will be counseled to explore other postsecondary opportunities, including those offered by community colleges.

609 TRANSFER OF THE ASSOCIATE OF ARTS DEGREE FROM A MISSISSIPPI COMMUNITY/JUNIOR COLLEGE

A. General Policy

IHL institutions will accept all transferable courses with a grade of “C” or better completed as part of an Associate of Arts degree from a Mississippi community/junior college. Upon transferring to an IHL institution, these students may begin taking courses within a declared major or to fulfill prerequisites for a major. Acceptance into some majors may require a higher grade point average and/or additional pre-major/prerequisite courses beyond requirements for the Associate of Arts degree.

1) Students who graduate with an Associate of Arts degree from a Mississippi community/junior college and complete the 30-hour IHL Board core curriculum (Board Policy Section 512 “Core Curriculum”) with a grade of “C” or better in each core course will satisfy the IHL core curriculum requirement at each IHL institution. General education requirements for baccalaureate programs at the receiving institution may exceed the minimum IHL core curriculum. In such cases, transfer students may need to take additional courses to satisfy these requirements.

2) All non-IHL core curriculum courses in the Associate of Arts degree program may be assigned to fulfill the pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the Associate of Arts degree program and the declared major at the IHL institution.

B. Transferable Courses

When students transfer to an IHL institution from a Mississippi community/junior college, IHL institutions will use the Articulation Agreement between the Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi State Board for Community and Junior Colleges to articulate the transfer of courses.

609 610 RESIDENCY REQUIREMENTS

A. RESIDENCE OF A MINOR

For purposes of determining of whether a minor pays out-of-state or in-state tuition for attendance at universities and community and junior colleges, the residence of a person less than 21 years of age is that of the father, the mother or a general guardian duly appointed by a proper court in
Mississippi. If a court has granted custody of the minor to one parent, the residence of the minor is that of the parent who was granted custody by the court. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent's death, unless the minor lives with a general guardian duly appointed by a proper court of Mississippi, in which case his/her residence becomes that of the guardian. A minor student who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four years of secondary school attendance shall not be required to pay out-of-state tuition. This policy shall not apply to the residence of a person as it relates to residency for voter registration or voting.

B. RESIDENCE OF AN ADULT
The residence of an adult is that place where he/she is domiciled, that is, the place where he/she actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.

C. REMOVAL OF PARENTS FROM MISSISSIPPI
If the parents of a minor who is enrolled as a student in a community/junior college or in an institution of higher learning move their legal residence from the State of Mississippi, the minor shall be immediately classified as a nonresident student; such a change in classification shall not affect the tuition to be charged until the completion of the semester in which the move takes place.

D. RESIDENCE REQUIRED
No student may be admitted to any community/junior college or institution of higher learning as a resident of Mississippi unless his/her residence has been in the State of Mississippi preceding his/her admission. Residence shall be as defined in Sections 37103-7 and 37-103-13 unless excepted in Miss. Code Ann., §§37-103-1 through 37-103-29.

E. RESIDENCY PETITIONS
Nonresidents may petition the institutions for a change of residency classification. A person who enters the state of Mississippi from another state and enters a system institution is considered a nonresident, unless the person meets the residency requirements set out in subsections A and B above. Provided, however, that any person who has attained 21 years of age and has thereafter actually established residency as defined within section A above and resided within the state of Mississippi for 12 consecutive months after attaining 21 years of age upon sworn affidavit and other representation, may petition the particular institution for a change in residency.
classification for the purposes of fees and tuition assessment. The institution may make reasonable inquiry into the validity of the petitioner's claim. Such petition for change of residency must be made on or before the last day a student may register at the particular institution without penalty.

(BT Minutes, 9/90; 1/98; 2/2009)

F. LEGAL RESIDENCE OF A MARRIED PERSON

A married person may claim the residence status of his or her spouse, or he or she may claim independent residence status under the same regulations set forth in Section 37103-13 as any other adult.

G. CHILDREN OF FACULTY OR STAFF

Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the board of trustees of any community/junior college in this state or the Board of Trustees of State Institutions of Higher Learning may be classified as residents for the purpose of attendance at the institution where their parents are faculty or staff members.

610 MILITARY PERSONNEL

A. ACTIVE DUTY STATION IN MISSISSIPPI

Members of the United States Armed Forces on extended active duty and stationed within the State of Mississippi and members of the Mississippi National Guard may be classified as residents, for the purpose of attendance at state-supported institutions of higher learning and community and/or junior colleges of the State of Mississippi. Resident status of such military personnel, who are not legal residents of Mississippi, as defined in Section 37-103-13, shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

Miss. Code Ann., §37-103-17, as amended.

B. SPOUSE OR CHILD OF MILITARY PERSONNEL

Resident status of a spouse or child of a member of the Armed Forces of the United States on extended active duty shall be that of the military spouse or parent for the purpose of attending state-supported institutions of higher learning and community/junior colleges of the State of Mississippi during the time that their military spouse or parent is stationed within the State of Mississippi and shall be continued through the time that the military spouse or parent is stationed in an overseas area with last duty assignment within the State of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of a minor child terminates upon reassignment under Permanent Change of Station Orders of the military parent for duty in the
continental United States outside the State of Mississippi, excepting temporary training
assignments en route from Mississippi, and except that children of members of the Armed Forces
who attain Mississippi residency in accordance with the above provisions, who begin and
complete their senior year of high school in Mississippi, and who enroll full time in a Mississippi
institution of higher learning or community/junior college to begin studies in the fall after their
graduation from high school, maintain their residency status so long as they remain enrolled as a
student in good standing at a Mississippi institution of higher learning or community/junior
college. Enrollment during summer school is not required to maintain such resident status.

The spouse or child of a member of the Armed Forces of the United States who dies or is killed is
entitled to pay the resident tuition fee if the spouse or child becomes a resident of Mississippi.

If a member of the Armed Forces of the United States is stationed outside Mississippi and the
member’s spouse or child establishes residence in Mississippi and registers with a Mississippi
institution of higher learning or community/junior college at which the spouse or child plans to
attend, the institution of higher education or community/junior college shall permit the spouse or
child to pay the tuition, fees and other charges provided for Mississippi residents without regard to
length of time that the spouse or child has resided in Mississippi.

A member of the Armed Forces of the United States or the child or spouse of a member of the
Armed Forces of the United States who is entitled to pay tuition and fees at the rate provided for
Mississippi residents under another provision of this section while enrolled in a degree or
certificate program is entitled to pay tuition and fees at the rate provided for Mississippi residents
in any subsequent term or semester while the person is continuously enrolled in the same degree or
certificate program. A student may withdraw or may choose not to reenroll for no more than one
(1) semester or term while pursuing a degree or certificate without losing resident status only if
that student provides sufficient documentation by a physician that the student has a medical
condition that requires withdrawal or nonenrollment. For purposes of this subsection, a person is
not required to enroll in a summer term to remain continuously enrolled in a degree or certificate
program. The person's eligibility to pay tuition and fees at the rate provided for Mississippi
residents under this subsection does not terminate because the person is no longer a member of the
Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the
United States.

C. CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL
A military person on active duty stationed in Mississippi who wishes to avail himself/herself or
his/her dependents of the provisions of Section 37-103-17 must submit a certificate from his/her
military organization showing the name of the military member; the name of the dependent, if for
a dependent; the name of the organization of assignment and its address (may be in the letterhead);
that the military member will be on active duty stationed in Mississippi on the date of registration
at the state-supported institution of higher learning or community/junior college of the State of
Mississippi; that the military member is not on transfer orders; and the signature of the
commanding officer, the adjutant, or the personnel officer of the unit of assignment with signor's
rank and title. A military certificate must be presented to the registrar of the state-supported
institute of higher learning or community/junior college of the State of Mississippi each
semester or tri-semester at (or within 10 days prior to) registration each semester for the provisions
EXHIBIT 1

of said section to be effective.

The Board of Trustees of State Institutions of Higher Learning and the boards of trustees of the community/junior colleges are authorized to prescribe the amount of tuition and fees to be paid by students attending the several state-supported institutions of higher learning and community/junior colleges of the State of Mississippi.

Except as otherwise provided in this subsection, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established in the above paragraph if:

1. The nonresident student was born in the State of Mississippi but subsequently relocated and resided outside the state as a minor under the care of the minor’s father or mother, or both;
2. The nonresident student is a veteran who served in the Armed Forces of the United States;
3. The nonresident student is domiciled in Mississippi no later than six months after the nonresident student’s separation from service, as evidenced by a Report of Separation from Military Service or other military discharge document, for the purpose of enrolling in a state institution of higher learning or a community/junior college.

The Board of Trustees of State Institutions of Higher Learning, as well as all officers and employees of the Board, shall abide by the state ethics statutes, as set out in Miss. Code Ann. §25-4-101, et. seq. (1972), as amended.

The Board of Trustees of Institutions of Higher Learning recognizes that the integrity of Board members, staff, Institutional Executive Officers and employees in the conduct of the public’s business should be unquestioned and of the highest order. The Board further recognizes that the Mississippi Legislature has declared its intent that public officers comport themselves in a manner which is above question through the adoption of Miss. Code Ann., §25-4-101, et seq., which states:

The legislature declares that elective and public office and employment is a public trust and any effort to realize personal gain through official conduct, other than as provided by law, or as a natural consequence of the employment or position, is a violation of that trust. Therefore, public servants shall endeavor to pursue a course of conduct which will not raise suspicion among the public that they are likely to be engaged in acts that are in violation of this trust and which will not reflect unfavorably upon the state and local government.

And pursuant to Miss. Code Ann., §25-4-105(1), which states:

No public servant shall use his official position to obtain pecuniary benefit for himself other than that compensation provided for by law, or to obtain pecuniary benefit for any relative or any business with which he is associated.
Therefore, the Board adopts as its policy that Board members, Board staff, Institutional Executive Officers and all employees of the various institutions of higher learning shall observe the ethics law.

Proposed deletion of policy for first reading.

1201.0105 INDIVIDUAL RESPONSIBILITIES

In addition to the provisions of the foregoing policies by which the Board and the institutions undertake to minimize the incidence of conflicts of interest, be advised that the ultimate responsibility, civil or criminal, remains with the individual member, officer or employee to see that such violations do not occur and that Miss. Code Ann. §25-4-105 contains additional provisions to be followed. These policies are merely a supplement to the conflict of interest laws.

Proposed amendments to policy for first reading.

1201.02
1203.03 BOARD MEMBER RESPONSIBILITY GUIDELINES

The purpose of the Board of Trustees of State Institutions of Higher Learning (IHL) is to govern Mississippi’s eight public universities. Such governance requires a strong, well-informed board wherein each member functions constructively and with integrity. These guidelines describe the responsibilities and code of ethical conduct of IHL board members.

A. Members of the IHL Board should make every effort to become well informed about the Mississippi university system and each of its institutions. This includes:
1. understanding system, board, and institutional missions, policies, budgets, programs, support organizations, and activities;
2. understanding academia and its similarities and differences when compared to business and other governmental entities;
3. understanding state financing and decision-making regarding all of public education; and
4. understanding regional and national issues and trends in higher education.
B. Members of the IHL Board should understand the limits of their authority as individual board members and the resultant necessity for the board to function as a cohesive, effective team. In this regard, board members should:
   1. Regularly attend board meetings; thoughtfully prepare for and participate in discussions; seek consensus; and vote independently;
   2. Actively engage in policy formation and decision-making, speaking up at board and committee meetings, but understanding the need to support policies and decisions once established;
   3. Focus their efforts on policy making and dealing with the major issues facing our university system and avoid involvement in administrative and management activities;
   4. Allow the President and the Commissioner to serve as the official speakers for the Board of Trustees and university presidents to serve as the official speakers for their institutions – nothing in this guideline seeks to hinder board members from expressing individual opinions about higher education matters;
   5. Publicly support and sustain system and university executive officers while privately assessing and exercising critical judgment on performance, all the while maintaining decent respect for differing opinions and offering criticism in a constructive manner; and
   6. In appropriate circumstances, communicate promptly to the Commissioner any significant concern or complaint and allow him or her the opportunity to deal with it.

C. Members of the IHL Board should serve as champions and advocates for both the citizens of Mississippi and the system of higher education. In this regard, board members should:
   1. Cultivate a commitment to the success of the entire system rather than to any single institution, group of institutions, or institutional constituency;
   2. Seek to act in the best interests all the Mississippi citizens and not cater to any particular area, community, or constituent interests;
   3. Seek to enhance the public image of the universities, the system, and the board;
   4. Show respect for all individuals and conduct business in a professional and ethical manner that fosters trust throughout the system, with public officials, and with the public at-large; and
   5. Promote initiatives to improve the performance of the system of higher education on behalf of Mississippi’s citizens.
D. Members of the IHL Board are constitutionally challenged to serve with “the highest order of intelligence, character, learning, and fitness.” In this regard, each board member should abide by the following code of ethical conduct:

1. In conducting business, board members should endeavor at all times:
   a. to place the interests of the state and the universities above their own – this accountability supersedes any conflicting loyalty such as that to other associations or interest groups and/or membership on other boards;
   b. to avoid both the actuality and appearance of self-interest or self-dealing;
      to avoid both the actuality and appearance of acting on behalf of others’ private interests; and never to make any request or demand for action that violates system or university policies, rules, and regulations or state or federal law.

2. Board members must avoid conflict of interest with respect to their fiduciary responsibility:
   a. There must be no conduct of private business or personal services between any board member and the universities, except as procedurally controlled, to assure openness and competitive opportunity.
   b. Board members may speak on their area of expertise at workshops and conferences for honoraria; but if an individual is participating in his or her capacity as a board member, it is inappropriate to accept an honorarium. It is important to avoid even the appearance of a conflict of interest.
   c. When the Board is to decide upon an issue about which a member has an unavoidable conflict of interest, that member shall recuse herself or himself, without comment, from both the deliberation and the vote.
   d. No board member may hire, cause to be hired, or supervise any relative or other close relation. Hiring decisions (employees and consultants) will be based on need, knowledge, experience, and ability, not familial relationships.
e. Board members will annually disclose their involvement with other organizations, with vendors, or any other associations that might produce a conflict.

2. Board members will exercise professional judgment and respect confidentiality in personnel matters, legal matters, executive session matters, and other items of a clearly sensitive nature.

3. Board members, on a regular basis, will undertake activities to improve Board governance and to evaluate Board performance.
