21. **MSU** – Request to increase the budget for IHL 205-283, Addition and Renovation of Humphrey Coliseum, from \$50,000,000 to \$55,000,000 for an increase of \$5,000,000. The project scope includes the construction of an addition and renovation of the existing Humphrey Coliseum. Funds are available from the Bulldog Club (\$20,000,000) and University Funds (\$35,000,000). **(THIS ITEM WAS REMOVED FROM THE AGENDA.)**
22. **MSU** – Approved the request to advertise and award the sale to the highest and best bid for timber sale 21-02, Cypress Creek Unit, from the John W. Starr Memorial Forest in Oktibbeha County, Mississippi. The sale area is approximately 255 acres in size and is located in Sections 10, 14, & 15, Township 17 North, Range 13 East in Oktibbeha County, Mississippi. The estimated timber sale volumes are summarized below:

Product Class	Trees	Tons	MBF
Oak Sawtimber	2,966.8	5,996.6	1,178.7
Mixed Hardwood Sawtimber	3,864.1	3,550.5	483.4
Hardwood Pulpwood	15,151.5	2,046.2	-
Pine Sawtimber	1,304.6	1,884.2	221.7
Pine Pulpwood	116.7	26.0	-

The timber sale process on the John W. Starr Memorial Forest, and other Mississippi State University owned lands, begins with the identification of the particular timber stand in need of thinning or a final harvest cut. This is identified by various means but mostly by directions taken from the Forest Management Plan. Other specific site characteristics may also dictate the need for the sale of timber. After the stand has been identified, the process of tree marking and sale identification begins. Once that is completed, the sale is computed and a bid prospectus is prepared and approved by the Dean of the College of Forest Resources and the Vice President of Agriculture, Forestry, and Veterinary Medicine. A request is made to the President of the university to advertise the timber sale for bid and to award the sale to the highest bidder who also satisfies all additional bid requirements. If/when the Board of Trustees approve that the sale may be advertised and awarded appropriately, a prospectus is sent to potential bidders with the vital details of the stand. Once the bids have been received in the Director of Purchasing office, a recommendation is made by the department to the President of the university to either accept or reject the bids. This recommendation has the approval of the Deal of the College of Forest Resources and the Vice President of Agriculture, Forestry, and Veterinary Medicine. If/when the President of the university concurs with the department’s recommendation to accept the bid, a contract is executed between the university and the highest and best bidder for that sale. This process continues obtaining the Director of Purchasing’s signature on the contract and then contacting the high bidder to set the closing. Finally, a meeting is set with the winning bidder to close the sale and to collect the remaining funds less the bid deposit amount. The Attorney General’s Office has reviewed this item for compliance with applicable law and found it to be acceptable.

23. **UM** – Approved the sublease between Kappa Alpha Theta Fraternity, Inc. (“KAT”) and Tau of Chi Omega Fraternity House Corporation (“Chi Omega”) and authorize the University Chancellor to execute the Prime Landlord’s Consent on behalf of the Board of Trustees of State Institutions of Higher Learning. Because the Epsilon Zeta Chapter of

Kappa Alpha Theta Fraternity, Inc. ceased its chapter operations on UM's campus in December 2018, the house corporation affiliated with the sorority – the KAT House Corporation – was dissolved. Before its dissolution, the KAT House Corporation assigned and conveyed all of its rights, title and interest in its primary lease with the IHL to KAT, the national fraternity with which the Epsilon Zeta Chapter and the KAT House Corporation are affiliated. Moreover, because the sorority residential facility occupied by the Epsilon Zeta Chapter would be vacant as of May 2019, the KAT House Corporation (through its assignee KAT) subleased the facility to the Delta Rho Chapter House Association of Kappa Kappa Gamma/Fraternity. The IHL's approval of the Assignment and Assumption of Lease and the Sublease was necessary because the primary lease between the KAT House Corporation and the IHL expressly provided that the KAT House Corporation may not sublease the property, or sell, assign, or mortgage the leasehold estate to any person, corporation, society, or body without the consent of the IHL in writing. Now that the IHL has approved the Assignment and Assumption of Lease between KAT House Corporation and KAT, approved the Sublease between KAT and KKG House Association which expired on June 30, 2020, approved the Sublease between KAT and Sigma Chi which expired on May 10, 2021, and approved the Sublease between KAT and Chi Omega, and that Sublease is set to expire May 31, 2022, KAT (assignee of KAT House Corporation) seeks to enter into a fourth sublease with Chi Omega. The current sublease does not expire until May 2022. However, the renovations of Chi Omega building are not scheduled to be completed until late October 2022, and Chi Omega wants to extend the sublease to ensure the students have a place to live. This is a sublease for a residential facility on sorority lot #252 on the University of Mississippi's Oxford campus that was erected on May 21, 1979 by the Epsilon Zeta House Corporation of Kappa Alpha Theta ("the KAT House Corporation"). The primary lease between the IHL/UM and KAT (assignee of the KAT House Corporation) is for a fifty-year term, from May 21, 1979 to May 20, 2029. The primary lease contains an option to renew the lease for an additional twenty-five years, thereby extending the lease term to year 2054, if the option is exercised. The assignment and assumption of lease that the IHL previously approved between the KAT House Corporation and KAT is permanent and has no term. The term of the sublease between KAT and Chi Omega is for a term from June 1, 2022, to December 31, 2022, with an option to extend up to five additional months. The primary lease between the IHL/UM and KAT (assignee of the KAT House Corporation) imposes an annual \$50 lease payment to UM. The base rent under the sublease between KAT and Chi Omega is \$70,000.00 payable in seven (7) monthly installments of \$10,000.00 each, with each additional monthly extension of \$10,000. The Attorney General's Office has reviewed this item for compliance with applicable law and found it to be acceptable.

24. **UMMC** – Approved the request to sell University Physicians Belhaven to J&H2 Medical Properties, LLC for a sales price of \$2,250,000. UMMC received two independent appraisals for the property. The first appraisal was in the amount of \$2,250,000. The second appraisal was in the amount of \$2,250,000. The average of the two appraisals was \$2,250,000 which is the sales price. The closing shall take place no later than thirty (30) days after the last day of the due diligence period as defined in the purchase and sale agreement. The agreement is contingent on Seller, at Sellers expense, obtaining two independent appraisals. If either party is not satisfied with the average of the two appraisals either party may cancel the agreement. The sale is contingent on approval by the Board of Trustees of the Institutions of Higher Learning. A Phase I Environmental Site Assessment (ESA) is not required for the sale of property. However, within 60 days following delivery of both appraisals by the Seller to the Purchaser, the Purchaser may, at the Purchaser's sole cost and expense, conduct a Phase I Environmental Report to determine the condition and suitability of the property. A copy of the property description and all legal documentation are on file with the IHL Office of Real Estate and Facilities. The Attorney General's Office has reviewed this item for compliance with applicable law and found it to be acceptable.

**MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 19, 2021**

3. **SYSTEM** – Approved the deletion of Board Policy 517 Educator Preparation Programs for first reading. The requested amendment to Board Policy 507 Accreditation ensures that Educator Preparation Providers shall acquire accreditation for their academic units. No other academic programs or disciplines are specifically referenced in Board Policy. This eliminates the need for a separate accreditation policy for education programs. The policy, as written, gives the Mississippi Department of Education the authority to approve the national accreditor for all IHL educator preparation programs. The Council for Higher Education Accreditation has approved more than one accreditor for educator preparation providers, and IHL educator preparation providers want to retain the authority to select the accreditor appropriate for their units.

~~517 — EDUCATOR PREPARATION PROGRAMS~~

~~All educator preparation programs shall be appropriately accredited by the national accrediting body approved by the Mississippi Department of Education and meet all Mississippi Department of Education standards so program graduates may receive appropriate licensure from the Mississippi Department of Education.~~

4. **SYSTEM** – Approved the deletion of Board Policy 518 Quality Assurance Policy for Beginning Teachers for first reading. No other academic programs or disciplines are specifically referenced in Board Policy. The Mississippi Department of Education (MDE) program approval process by the Licensure Commission and the annual review of Educator Preparation Providers by MDE ensures candidates have the coursework, exams, and internships required.

~~518 — QUALITY ASSURANCE POLICY FOR BEGINNING TEACHERS~~

~~Each institution will assure that its graduates:~~

- ~~• Have completed an accredited educator preparation program, passed the entrance and exit examinations, and successfully completed a supervised student teaching experience in a K-12 setting;~~
- ~~• Have sufficient subject matter knowledge in all areas included on their teaching certificate;~~
- ~~• Can demonstrate success in bringing students from diverse cultural, ethnic, international, and socio-economic groups to high levels of learning;~~
- ~~• Are able to use telecommunication and information technologies as tools for learning; and~~
- ~~• Can maintain an environment conducive to learning.~~

~~Within the first two years after graduation, the university will provide additional training to any graduate who is teaching in field, endorsed at the appropriate grade level, and is judged by both the employing Mississippi school district and the university school district liaison to need such training to be more effective. This training will be provided at no cost to the teacher or to the school district and will employ an individualized plan with specified learning outcomes agreed upon between the school district and the university.~~

~~Before remediation is requested by the school district, there must be at least two formal assessments, documentation of professional development provided by the school, a copy of the professional improvement plan, and a written explanation of the principal's rationale for referring the teacher to the university.~~

~~This policy does not apply in situations where the teacher has been given an unreasonable number of assignments, an out of field assignment, an excessive number of students, or when other contextual arrangements exist which conflict with the idea of minimal and necessary support for beginning teachers.~~

5. **SYSTEM** – Approved the deletion of Board Policy 519 Quality Assurance Policy for Beginning Administrators for first reading. No other academic programs or disciplines are specifically referenced in Board Policy. The Mississippi Department of Education (MDE) program approval process by the Licensure Commission and the annual review of Educator

- ~~• are able to use telecommunication and information technologies as tools for learning; and~~
- ~~• can maintain an environment conducive to learning.~~

~~Within the first two years after graduation, the university will provide additional training to any graduate who is employed as a building principal/assistant principal and is judged by the employing Mississippi school district and the university school district liaison to need such training to be more effective. This training will be provided at no cost to the principal/assistant principal or to the school district and will employ an individualized plan with specified learning leadership outcomes agreed upon between the school district and the university.~~

~~Before remediation is requested by the school district, there must be at least two formal assessments, documentation of professional development provided by the school, a copy of the professional improvement plan, and a written explanation of the superintendent's rationale for referring the principal/assistant principal to the university.~~

STATE INSTITUTIONS OF HIGHER LEARNING
August 19, 2021**

Trustee McNair was readmitted to the meeting following the conclusion of the discussion and vote on item #10.

1. **SYSTEM** – Approved the request to provide all institutions through December 31, 2021 temporary relief and waive requirements for approval of items, matters, contracts, purchases, leases, prepayments and any other agreement otherwise requiring approval by the Board of Trustees or Commissioner pursuant to Board Policy 707 Contracts (to include policies 707.01, 707.02 and 707.03) and Board Policy 905 Real Estate Management, when compliance with the Board approval requirements of these policies would impede the institution’s ability to promptly and effectively provide for the safety and health of its students, employees and guests in dealing with the Covid-19 pandemic. This request is for a temporary period through December 31, 2021, for the health and well-being of students, employees, and guests on all IHL campuses and facilities. Previously, the Board approved this waiver for UMMC effective March 19, 2020. This waiver was expanded to all institutions on September 4, 2020 with an original expiration date of December 31, 2020. At the November 19, 2020 meeting, this waiver was extended through May 31, 2021. On May 31, 2021 the temporary waiver expired for all institutions. Board Policy 707 Contracts governs, among other things, the contracts and leases entered by the institutions. Specifically, it requires, in part, that any land acquisitions exceeding \$100,000, any leases in an amount greater than \$100,000, and all other land, personal property, and services contracts requiring an aggregate expenditure of more than \$250,000 require approval by the Board of Trustees. This policy also governs approvals required for prepayments and for some revenue contracts. Board Policy 905 Real Estate Management further governs, among other things, the purchase and sale of land and leases of property and requires a Phase I or more detailed Environmental Report. The Board also approved the request that authority be delegated to the Commissioner, through December 31, 2021, to approve waivers on behalf of the Board of any other Board policy or practice requirements to enable the institutions to promptly and effectively deal with any issues related to the COVID-19 pandemic and to allow them to operate more efficiently during this public health crisis. The following processes and conditions govern this waiver and temporary delegation:
 - a. All such contracts, leases, purchases, and other items be reported to the Board as information items in such form and such detail as may be required for other contracts and items otherwise requiring approval by the Board or Commissioner,
 - b. Legal staff from each institution or a special assistant Attorney General is to provide a legal opinion as to compliance with applicable law for each contract/lease/legally binding document entered into,
 - c. Each action taken for items otherwise requiring approval by the Board or Commissioner must include a specific justification explaining the necessity related to the Covid-19 pandemic when reported to the Board as information,
 - d. For requests to the Commissioner for waivers of policies other than Board Policies 707 and 905, the institution must present a justification to the Commissioner explaining why extraordinary waiver of policies and practices is warranted as it relates to the Covid-19 pandemic, and

**MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 19, 2021**

- e. The Commissioner shall notify the Board when the temporary period no longer warrants extraordinary waiver of the requirements of the Board's Policies should the public health crisis caused by Covid-19 end sooner than December 31, 2021.
2. **UMMC** – Pending final approval by the Attorney General's Office, the Board approved the request to issue through the Medical Center Educational Building Corporation (MCEBC) revenue bonds in one or more tax-exempt or taxable series to finance certain improvements and other capital expenditures, to refund all or a portion of the outstanding Revenue Bonds, Series 2017A (New Facilities and Refinancing Project). The combined savings from the refunding of the Prior Bonds will be sufficient to pay the debt service on the bonds being issued to finance capital expenditures in a principal amount not to exceed \$25 million. The Board approved the payment of costs of issuance, sale and delivery of the bonds and approval of necessary bond documents. The Board reviewed and approved the financial adviser's report provided by Hilltop Securities. Following are the professionals: Financial Advisor – Hilltop Securities; Bond Counsel – Jones Walker LLP; and Senior Underwriter – Raymond James. Pending approval by the Attorney General's Office, the Board approved the proposed resolution granting permission for issuance of new bonds and waived Board Policy 906 Educational Building Corporations which requires approval at a subsequent meeting so that UMMC may realize the opportunities presented by the bond issue in an expeditious manner, due to the ongoing pandemic. The term of the new bonds will closely match the term of the existing debt which is being refinanced. MCEBC expects to issue up to \$175 million par value in fixed rate bonds for the purposes set forth above. Funds are available from patient revenues.
3. **JSU** – Pending final approval by the Attorney General's Office, the Board approved the request to issue through the Jackson State University Educational Building Corporation (JSU EBC) revenue bonds in one or more tax-exempt and/or taxable series to refund all or a portion of its outstanding Revenue Bonds, Series 2015A, its outstanding Taxable Revenue Bonds, Series 2017, and its Taxable Revenue Refunding Bonds, Series 2017A (if the net present value savings reaches 2% positive). The Board approved the payment of costs of issuance, sale and delivery of the bonds and approval of necessary bond documents and the financial adviser's report provided by Hilltop Securities. Hilltop Securities will serve as financial advisor. Jones Walker LLP will serve as bond counsel, in accordance with the terms of the contractual agreement for legal services approved by the Office of Attorney General. The method of sale will be either a negotiated sale, or private placement as determined by JSU. Raymond James & Associates, Inc. will serve as underwriter if the refunding bonds are sold through a negotiated public sale. Raymond James & Associates, Inc. will serve as placement agent if the bonds refunding bonds are sold in a private placement. The term of the new bonds will closely match the term of the existing debt which is being refinanced. JSU EBC expects to issue up to \$80 million par value in fixed rate bonds for the purposes set forth above. The funding source are revenues currently being used for debt service on the Prior Bonds.
4. **UMMC** – Approved the request to enter two (2) Letters of Agreement with Genzyme Corporation (Genzyme) for the provision of the drug Lemtrada, which is used to treat relapsing, remitting multiple sclerosis (MS). The first Letter of Agreement provides the drug at Wholesaler Acquisition Cost (WAC) pricing, and the second Letter of Agreement

**MINUTES OF THE BOARD OF TRUSTEES OF
STATE INSTITUTIONS OF HIGHER LEARNING
August 19, 2021**

provides for the drug based on 340-B pricing. The Board approved the request for the institution to add or remove items under the agreement without seeking prior Board approval, as long as it does not increase the approved expenditure level. Both Letters of Agreement contain the same terms and conditions other than pricing. WAC is the standard pricing method for the pharmacy industry. 340-B pricing is provided through the Health Resources and Services Administration, a division of the United States Department of Health and Human Services. Under this program, the federal government requires drug manufacturers to provide outpatient drugs to eligible healthcare facilities at significantly reduced pricing. Participation in the 340-B program allows hospitals to pass along cost savings to their outpatients. Each Letter of Agreement is for a term of five (5) years, two (2) months and twenty-five (25) days, from October 6, 2021, through December 31, 2026. The total estimated cost of the Letters of Agreement over the five (5) year term is \$14,000,000. UMMC has included a ten percent (10%) increase beginning in year two (2) to account for potential increases in drug pricing (both WAC and 340-B) and increased patient volume. The Letters of Agreement will be funded through hospital patient revenue. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.

5. **SYSTEM** – Approved the request for the Mississippi Institutions of Higher Learning’s Executive Office (IHL) to enter four disaster response, mitigation, and remediation services contracts on an as needed basis with Cotton Commercial USA, Guarantee Restoration Services, NorthStar Recovery Services, and ServiceMaster Recovery Management. The approval will authorize universities and the IHL Board Office to directly enter individual contracts with the selected vendors. These contracts will begin September 1, 2021, and terminate September 1, 2025, unless terminated sooner. The cost will vary based upon the IHL entity’s (the university or the Board Office) agreed-upon scope of work which will be necessitated by the particular loss event. Contractors have quoted pricing for a variety of services and ancillary commodities, which may be categorized generally as labor, transportation and logistics, restoration equipment, power and distribution, environmental control, consumable materials, small tools, and third-party expense. Although the contract amounts will vary based upon the scope of work, an estimated maximum dollar amount per contract will not exceed \$5,000,000 without coming back to the Board to authorize a higher contract dollar-amount cap. An annual rate adjustment may apply, when justified, with the mutual agreement of the vendor and an authorized IHL or university procurement officer. This provision is not an automatic annual rate increase but rather is a mechanism to account for unanticipated cost fluctuations. The contracting entity, being a University or IHL, will pay directly for the services in which they contract, however, it is anticipated that the majority of these services would be paid by the system’s property insurance carrier, since the primary purpose of these contracts is to respond to large losses. Current university deductibles range from \$100,000 to \$250,000 per occurrence. Universities and/or IHL will contract directly with the vendor or vendors of their choice on an as-needed basis. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.

The purpose of the agreement is to license access to the content of electronic journals on the Elsevier ScienceDirect platform accessed by students, faculty, and researchers affiliated with the Consortium members sharing the cost and access to these journals. The content of these journals is not available for electronic access from any other vendor. The term of the agreement is for four years beginning January 1, 2021 and ending December 31, 2024. Minor changes in the selected titles could occur that could slightly change the monetary value of the contract. The contract will be funded by general funds. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.

7. **UMMC** – Approved the request for additional funding for its current Rental Agreement with Abbott Laboratories, Inc. (Abbott) for specialty equipment and supplies related to Ventricular Assist Devices (VAD) and circulatory support needed for patients with a VAD or following a cardiac procedure. A VAD is an electromechanical device used to partially or completely replace the function of a failing heart. UMMC currently uses two kinds of VAD consoles for Mechanical Circulatory Support (MCS): the CentriMag and HeartMate. The agreement allows UMMC to rent either type of VAD equipment on an as-needed basis for back-up needs or while any UMMC-owned equipment is being serviced. The term of the agreement is five (5) years, from March 4, 2020, through March 3, 2025. The new estimated total cost over the five (5) year term is \$1,015,000. The original estimated cost was \$95,000. To date, UMMC has incurred an additional \$132,130 under the Agreement. UMMC anticipates the need for an additional \$920,000 for the remainder of the term. The agreement will be funded by hospital patient revenue. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.
8. **UMMC** – Approved the request to amend the Product Supply Agreement with PETNET Solutions, Inc. (PETNET) to include Johns Hopkins NIH Research-University of Minnesota/Minneapolis as a delivery location for the purchase of Amyvid, a drug used for Positron Emission Tomography (PET) imaging of the brain in adults who are being evaluated for Alzheimer's disease and other causes of cognitive decline. In 2019, UMMC received external grant funding for a multisite study of the use of Amyvid. PETNET will provide Amyvid for the ARIC-NCS Study across all study sites. The amendment does not change the term of the Agreement, which remains five (5) years, from March 20, 2020, through March 19, 2025. The total estimated cost of the amended Agreement is \$3,374,894. The original Agreement was approved for a total cost of \$2,305,178. UMMC anticipates the need for an additional \$1,069,716 for the additional delivery location. Each

dose of Amyvid is \$3,029.00, plus the cost of delivery for the various study sites. The Agreement is funded by the grant funds. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.

9. **UMMC** – Approved the request to enter a Service Agreement with Philips Healthcare, a division of Philips North America, LLC (Philips) to provide repair, support, and maintenance on various cardiovascular and radiological equipment owned by UMMC. The types of equipment includes ultrasound equipment, Magnetic Resonance Imaging (MRI) equipment, and bi-plane X-ray systems used for interventional cardiology procedures. The agreement will provide planned maintenance services, software updates, as well as parts and labor needed for repairs to cardiovascular and radiological equipment to ensure that equipment is in optimal working condition. The Board also approved the request for the institution to add or remove equipment from the Agreement without requiring prior submission for Board approval, so long as it does not increase the approved expenditure level. The term of the contract will be three (3) years, from September 1, 2021 through August 31, 2024. The total estimated cost of the agreement is \$2,700,00.00. UMMC has included an additional twenty-five percent (25%) over the total service agreement cost of \$2,150,152.85 to allow for any variable costs under the agreement. Variables may include services needed outside of normal hours, probe replacements that exceed the total yearly number allowed, and any non-standard parts not covered under the agreement. This will be funded by hospital patient revenue. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.
10. **UMMC** – Approved the request to amend the Medical Office Building Lease (Sublease) with Memorial Hospital at Gulfport (MHG) to extend the current sublease for an additional two (2) years. UMMC currently subleases approximately 2,880 square feet of clinic space located at 833 Highway 90 in Bay St. Louis, Mississippi, for use as a pediatric outpatient clinic. The term of the amended sublease is five (5) years, five (5) months, and five (5) days, expiring August 31, 2023. The total cost of the amended Sublease is \$431,422.52 over the extended term. Operating expenses were estimated based on historical use averages at this location with a 3% annual inflation adjustment that started in year two (2) of the sublease. Pursuant to Board Policy 707.03 Approval of Prepayment for Goods or Services, the Board approved the request to allow prepayment of rent on the first day of each month. The agreement will be funded by patient revenue. Legal Staff has reviewed the proposed agreement for compliance with applicable law and finds same to be acceptable. The agreement is on file in the Board Office.

There is no term length for appointees. Trustee Tom Duff serves as the second IHL Board member representative. Institutional representatives include Dr. Felecia M. 3. **SYSTEM** – Approved the proposed amendment to the Strengthening Mississippi Academic Research Through Business Act (SMART Business Act) Guidelines to establish the SMART Business Accelerator Initiative and to delegate authority to the Commissioner or his designee to approve the application form, review process and selection of recipients. SB 2839, which was passed during the 2021 legislative session, amended the SMART Business Act to allocate \$1,500,000 previously available for the SMART Business Act Rebate to establish the SMART Business Accelerator Initiative. The SMART Business Accelerator Initiative will fund grants to support university research and the development of state-owned intellectual property. Grants up to \$150,000 may be used by public universities or affiliated university research corporations to validate the commercial viability of state-owned intellectual property through activities such as the development of early product concepts, conducting proof-of-concept studies and/or manufacturing prototypes. With this amendment, \$3,500,000 remains available for rebates to investors under the original SMART Business Act Rebate. The guidelines for the SMART Business Act Rebate were not changed by SB 2839 and remain as approved by the Board of Trustees in June 2013. The SMART Business Accelerator Initiative guidelines will be submitted to the Mississippi Secretary of State's Office in accordance with the Administrative Procedures Act. **(See Exhibit 1.)**

ADMINISTRATION/POLICY

9. **SYSTEM** – The following items have been approved by the Commissioner on behalf of the Board and are available for review at the Board Office.
- a. **ASU** - In accordance with Board Policy 701.06 Budget Escalations and Revisions, all revisions to annual budgets which do not increase the total amount of the budgets must be approved by the Commissioner prior to implementation and subsequently reported to the Board. On August 2, 2021, Commissioner Alfred Rankins, Jr. approved the final budget revisions to the FY 2021 *Ayers* academic programs budgets after conducting a review. It appears that these revisions were necessary to align 2021 budgets to individual program needs at the end of the year. Per IHL *Ayers* administrative guidelines, the institutions are required to either report these revisions to the IHL Executive Office (i.e. self-approved revisions) or have certain proposed budgetary revisions pre-approved by the IHL Executive Office. The requested revisions do fit under the pre-approval by the IHL Executive Office policy section of the guidelines. The IHL Executive Office financial and academic staff have reviewed and approved these revisions. These budget revisions contain no increases in total budget but rather reallocations among individual expense categories. A copy of the documents is on file at the Board Office.
 - b. **MSU** – On June 14, 2021, Commissioner Alfred Rankins, Jr., recommended the approval of two timber sales to Trustee Chip Morgan, Chair of the Real Estate Committee. The first (No. 21-02) is approximately 255 acres with 145 being a final harvest of hardwood timber and 110 being a partial harvest of shelterwood timber. The second (No. 21-03) is approximately 75 acres of large pine sawtimber. Both sales are located in Oktibbeha County and expected to be less than \$500,000. On June 17, 2021, Chairman Morgan approved the Commissioner’s recommendation granting interim approval of the two above mentioned timber sales.
