(BT Minutes, 9/90; 1/98)

102  MISSION STATEMENTS

102.01  STATE INSTITUTIONS OF HIGHER LEARNING (IHL SYSTEM)

The Mississippi Institutions of Higher Learning (IHL System), under the governance of its Board of Trustees, will operate as a strong public university system with eight distinct, mission-driven universities, and will enhance the quality of life of Mississippians by effectively meeting their diverse educational needs. In so doing, the IHL system will be characterized by, and become nationally recognized for, its emphasis on student achievement and on preparing responsible citizens; its adherence to high academic standards and to quality in instruction, research, service and facilities; and its commitment to affordability, accessibility, and accountability.

(BT Minutes, 9/2002)

102.02  BOARD OF TRUSTEES

The purpose of the Board of Trustees is to manage and control Mississippi’s eight institutions of higher learning in accordance with the Constitution and to see that the IHL System mission is accomplished. To do so, the Board will operate a coordinated system of higher education, establish prudent governance policies, employ capable chief executives, and require legal, fiscal and programmatic accountability. The Board will annually report to the Legislature and the citizenry on the needs and accomplishments of the IHL System.

(BT Minutes, 9/2002)

102.03  INSTITUTIONS

Each institution of higher learning has a distinct history and traditions, and a distinct mission to be performed within the context of the Board and System missions, but they also share certain common characteristics. The common characteristics include:
• a commitment to excellence and responsiveness;
• a commitment to programs and activities that enhance the undergraduate experience and strengthen general education;
• a commitment to a teaching/learning environment, both inside and outside the classroom, that sustains instructional excellence, serves a diverse and well-prepared student body, provides academic assistance, and promotes high levels of student achievement;
• a commitment to scholarly and creative work and research that is consistent with the university’s mission;
• a commitment to public service, continuing education, technical assistance, and economic development programs and activities that respond to societal needs;
• a commitment to accountability, efficiency, productivity and the effective utilization of technology;
• a commitment to collaboration with public and private partners as a means of more effectively utilizing institutional resources; and
• a commitment to ethnic and gender diversity.

(BT Minutes, 9/2002)

102.04 INSTITUTIONAL MISSION STATEMENTS

Each institution shall develop a concise statement of its core mission for approval by the Board. The core mission statement shall be based upon and consistent with the statement of institutional purpose and mission required by the Southern Association of Colleges and Schools (SACS) and the Board and System mission statements. The core mission statement shall set forth clearly and concisely the major emphasis, scope, and character of the institution’s instructional, research, and public service programs, and shall describe those characteristics and features that distinguish it from other institutions in the IHL system. Core mission statements shall be reviewed annually and may be modified with prior approval of the Board. The core mission statement of each institution shall be filed with the Commissioner.

(BT Minutes, 9/2002)
PLANNING PRINCIPLES

Effective performance of the system, board, and institutional missions requires sound planning. The IHL planning process is grounded in six principles, or core values, which undergird the ongoing work of universities and of the trustees.

- **Higher Education Matters.** Universities are the wellsprings of civilization and human capital. Ours must be vital for our citizenry to thrive.

- **Planning Begins With Self-Assessment and Research.** The divides of history, geography, wealth, and culture are particular threats to diverse institutions and trustees. A willingness to honestly and collegially address issues is central to IHL planning. Well-researched, factual information leavens disputes into discussion.

- **Successful Institutions Focus on Their Assets.** Our universities are home to rich traditions, diverse environments, and exceptional talent. By nurturing and building on these assets, each of our institutions can flourish within the IHL system.

- **System Planning Requires Collaboration.** As diverse institutions and individuals, we need to pay attention to building institutional cooperation, eschewing insidious competition, broadening leadership, and promoting collaborative decision-making. Collaboration must also extend to other agencies and organizations, particularly other education entities.

- **Viable Institutions Incorporate Resource Stewardship and Accountability in All Functions.** Trustees and universities have a duty to be good stewards. Accountability and evaluation ensure integrity and effectiveness and will be reviewed annually.

(BT Minutes, 9/2002)

DIVERSITY STATEMENT

One of the strengths of Mississippi is the diversity of its people. This diversity enriches higher education and contributes to the capacity that our students develop for living in a multicultural and interdependent world. Our system of government, rooted in respect for all people and respect for each individual, is based on understanding. Embracing diversity of thought, cultural background,
experience, and identity helps to foster inclusive and intellectually enriched campus communities that maximize opportunities for success among all students and employees.

Institutions of higher learning have a moral and educational responsibility to ensure that talent is developed in all our citizens, and that our universities, individually and collectively, are strengthened by diversity in student bodies, faculties, administration, and in all areas offering employment opportunities, including construction, financing, and consulting. Increasing access and success among all populations assists the state of Mississippi in meeting its enrollment and degree completion goals as well as advancing critical economic development.

The Board recognizes the importance for campus environments to promote diversity and ensure that all aspects of institutional practice affirm our commitment to access and success, with particular attention to heightening participation and achievement of underrepresented individuals, as defined by each institution and approved by the IHL Board. To that end, the Board adopts the following goals for higher education in Mississippi:

1. To increase the enrollment and graduation rate of underrepresented students at our institutions;

2. To increase the employment of underrepresented individuals in administrative, faculty and staff positions;

3. To enhance the overall educational experience through infusion of curricular content and co-curricular programming that enhances multicultural awareness and understanding; and

4. To increase the use of underrepresented professionals, contractors, and other vendors.

The Board recognizes that the full and meaningful implementation of this statement and these goals requires that a high priority be assigned to this endeavor; therefore, the Board will require that the performance evaluation of all institutional executive officers and the Commissioner include diversity outcomes as among the most significant elements. The Board also expects the institutional executive officers and the Commissioner to incorporate appropriate diversity metrics into the performance evaluation in their units and in the establishment of goals and performance evaluation of the institutions and organizations.

(BT Minutes, 1/2005; 1/2013)

The Board shall, through such officers of the Board and through such procedures as it shall see fit to establish, exercise continuing jurisdiction and control over the establishment of new courses of study, new departments and new functions and activities in each institution so that the growth and development of the program of higher education in the state shall proceed in an orderly and rational manner, inefficient and needless duplication may be avoided, and new expanded programs will be undertaken only as the same may become justified, based upon objective criteria to be established by the Board. The Board, in conjunction with the chancellor and presidents of the institutions of higher learning, shall take such steps as may be necessary to improve and coordinate such programs and shall exercise such direct control over the establishment, organization, operation and granting of credit for such programs as may be necessary to accomplish such purposes.

201.0502 MANAGEMENT

The Board shall succeed to and continue to exercise control of all records, books, papers, equipment, and supplies, and all lands, buildings, and other real and personal property belonging to or assigned to the use and benefit of the Board formerly supervising and controlling the institutions of higher learning named in §37-101-1.

(BT Minutes, 9/90; 1/98; 3/2011)

The Board shall exercise all the powers and prerogatives conferred upon it under the laws establishing and providing for the operation of the several institutions herein specified. (BT Minutes, 9/90; 1/98; 3/2011)

The Board shall have general supervision of the conduct of libraries and laboratories, the care of dormitories, buildings, and grounds; the business methods and arrangement of accounts and records; the organization of the administrative plan of each institution; and all other matters incident to the proper functioning of the institutions. The Board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the Board may establish.

(BT Minutes, 9/90; 1/98; 3/2011)
201.0505  INSTITUTIONAL OFFICERS

Each institution of higher learning shall be under the management and control of an Institutional Executive Officer. 201.0506  POLITICAL ACTIVITY

(1.) Official Legislative Interactions.

Relationships, interactions, and communications between the state Legislature and its various committees and the institutions governed by the Board of Trustees of State Institutions of Higher Learning (hereinafter IHL) shall be governed by the Board. No official, employee or agent representing the institutions shall appear before the state Legislature or any committee thereof except upon direction of the Board, the Commissioner of Higher Education on behalf of the Board, or on request of the Legislature or a committee thereof. However, this policy does not restrict the right of any Board member to express opinions or communicate with any member of the Legislature or with any legislative body. Even so, such individual Board member should clarify that the opinions expressed are his/her own and not necessarily those of the Board, if that is the case.

(2.) Authorization of Outside Lobbyists.

The IHL Board must approve annually the use of all outside lobbyists which will perform lobbying activities within the State of Mississippi on behalf of any of the institutions prior to an institution contracting therewith. The Board must further approve any proposed contracts with such specific lobbyist. Requests for approval must include disclosure of all other clients represented by the proposed lobbyist. Requests for approval must also include the specific source(s) of funding to be used for the payment of any such outside lobbyists and their expenses, including whether funding is to be derived from state general funds or self-generated funds.
The Board must also approve annually the use of all outside lobbyists which will perform lobbying activities outside the State of Mississippi on behalf of any of the institutions prior to an institution contracting therewith.

(3.) Continuing Duty to Disclose.

Those lobbyists authorized to represent an IHL institution regarding lobbying activities to be conducted within the State of Mississippi are required, during the term of the representation, to apprise the Board, through the Commissioner, of all new clients after engaging the client or clients. The contractual agreement with such lobbyists must either be terminable at will or contain a provision that provides that such contract may be terminated by IHL or the client institution if IHL or the institution determines that a new client of the lobbyist creates a conflict. In addition, such lobbyists conducting in-state lobbying activities on behalf of an institution are required to apprise the Commissioner regarding lobbying activities related to IHL or any individual IHL institution and to coordinate those activities within system strategies and processes prescribed by the Board.

(See Section 1002.01 Appearances in Legislature)

201.0507 CAMPUS LOCATIONS AND PROGRAMS

A. GENERAL
   It is the responsibility of the State Institutions of Higher Learning to serve the citizens of the state with programs and services at on and off-campus locations and through distance learning.

B. SUPERVISION AND CONTROL OF FACILITIES
   The Board exercises control over all lands, buildings and other real property belonging to or assigned to the use or benefit of the various institutions at their campuses. The Board shall have general supervision over matters relating to the care of all buildings and grounds. An institution may add locations and facilities to its campuses as determined to be reasonable and necessary by the Board. Such additional campus locations and facilities must
be used by the institution in direct support of, or related to, the institution’s educational purpose.

C. ESTABLISHMENT OF OFF-CAMPUS INSTRUCTIONAL PROGRAMS AUTHORIZED; ATTENDANCE
The Board may establish off-campus instructional programs for universities if, in its opinion, such action is in the best interest of quality education for the State of Mississippi and the university system.

Attendance at an off-campus site or through distance learning shall fulfill residency requirements.

D. OPERATION AND LOCATION OF PROGRAMS
The Board may designate the university which shall operate and be responsible for each off-campus site. However, off-campus sites shall be located in such a manner as to make the services of the institutions of higher learning available to the people of Mississippi without unnecessary program duplication in the same geographic area.

E. OFF-CAMPUS CONFLICTS
Whenever one institution desires or is requested to offer a program/course within 50 miles of the main and/or branch campuses of another state university that currently does not offer that program/course, state universities should first explore offering the program/course collaboratively.

If attempts for collaborative program/course delivery have been exhausted, the program/course may be offered by the requesting institution providing an agreement is made with the closest institution.

i. The IEO at the institution requesting to offer a program/course within the area/region of another IHL institution(s) must notify (in writing) the IEO(s) at the closest IHL institution(s) of that intent at least one full semester prior to the anticipated date of enrolling students, and
copy the Commissioner. IEO notification is required, regardless of the program/course availability at the closest institution(s).

ii. The IEO(s) at the closest institution(s) must respond (opposing or not opposing the intent in writing) to the IEO at the requesting institution within 30 days of receiving the request and copy the Commissioner.

iii. If the IEO(s) at the closest institution(s) does not oppose the intent of the requesting institution, then the requesting institution has satisfied Board policy 201.0607 E.

iv. Opposition by the closest institution(s) to the requesting institution delivering a program/course in the area/region of the closest institution(s) should be based on program/course duplication or future plans of the closest institution(s) to deliver said program/course.

v. If the closest institution(s) plans to offer said program/course in the near future, that institution(s) must provide the IEO at the requesting institution and the Commissioner documentation of current efforts to offer said program/course, a reasonable timeline for implementation, and the institution must adhere to that timeline.

vi. Following written opposition from the IEO(s) at the closest institution(s), the IEO from the requesting institution may request that the Commissioner mediate the conflict.

vii. If mediation from the Commissioner is necessary to resolve a conflict, the Commissioner will inform the IEOs of his/her decision to resolve the conflict and report his/her decision to the Board.

F. BUDGET REQUESTS
The Board shall submit to the Legislature budget requests with off-campus programs being an identified part of the total general support budget request for universities by being a separate item within the budget request of the respective university which offers the program. Said budget request shall include a statement of all actual or estimated receipts and

disbursements for such off-campus programs and such other information as may be required by the Legislative Budget Office.

**G. ASSISTANCE IN PROVIDING FACILITIES**
The political subdivision or the people of the area may assist in providing facilities for the establishment of such off-campus sites.

**H. EXTRACURRICULAR FACILITIES AND INTERCOLLEGIATE ATHLETICS PROHIBITED**
Extracurricular facilities such as stadiums and such shall not be constructed for use by off-campus sites of universities.

**I. CONSIDERATION OF PROGRAMS OF PRIVATE COLLEGES BEFORE AUTHORIZING OFF-CAMPUS PROGRAMS**
The Board shall take into account the ongoing programs of the private colleges in the State of Mississippi when said Board authorizes off-campus programs to meet the educational needs of students who do not have ready access to the educational opportunities that they desire.

**J. CAPITAL IMPROVEMENT EXPENDITURES**
The Board and the Bureau of Buildings, Grounds and Real Property Management shall not make any expenditure for capital improvements for off-campus sites unless specifically authorized by the Mississippi Legislature. However, this shall not preclude such capital improvements from being made by county or municipal governments locally or regionally involved.

*POLITICAL ACTION COMMITTEES*
The official position of the Board of Trustees regarding political action committees is that neither the state university system nor any individual state university may be associated with a political action committee. No political action committee is authorized to suggest that it represents either the state university system or an individual state university, or any part of any such university. To the extent that any person associated with the state university system or with any individual state university chooses to exercise their constitutional rights to participate in the political and electoral process, including participation in political action committees, they are expected to exercise those rights in a manner that does not state or suggest that they are in any way, officially or unofficially, representing or acting on behalf of the state university system, or any individual state university, or any part of any such university.

(BT Minutes, 4/2012)

201.0509 INSTITUTIONAL EXECUTIVE OFFICER/COMMISSIONER OF HIGHER EDUCATION SEARCH PROCESS

A. General Policy
The Board shall appoint the Commissioner and the Institutional Executive Officers (IEOs). The Board shall make interim appointments to executive officer and/or commissioner positions as necessary and with such consultation as the Board considers appropriate.

B. Board Search Committee
The President of the Board shall appoint a committee of Board members to manage the search for a Commissioner or an IEO. However, any Board member who wants to serve on the committee may serve. The President of the Board, with the consent of the Board, shall appoint a member of the committee as chairperson.

Rather than engaging in the extended search process described below within the next paragraph and those that follow, the Board may, in its discretion, interview candidates that are known to the Board and consider their selection in accordance with the expedited process described in this paragraph. Such candidates may be internal candidates from the subject university or from one of the other state universities, or such other
candidates that the Board believes should be considered. The Board may conduct such interviews of internal candidates or other candidates at an early point in the process so as not to discourage the application of additional candidates that may choose to apply if an internal candidate is not selected by way of an expedited process. In any event, an expedited process, if followed, should be utilized prior to the hiring of a search consultant. Following interviews of any such internal or other candidates, the Board, as it deems appropriate, may proceed with utilizing any portions of the extended search process set out below. A Board vote to select a preferred candidate interviewed in accordance with this expedited process shall require the affirmative vote of at least nine Board members. If candidates are interviewed in accordance with this expedited process and no candidate is designated as a preferred candidate, the Board has the power to engage in other expedited processes or to conduct a search in accordance with the extended process described below.

The Commissioner, in consultation with the Board Search Committee, will make a recommendation to the Board with regard to a search consultant to assist with the search for an IEO. The Board may interview and will select the search consultant, if the Board determines that one is needed. The Board Search Committee may select a search consultant to assist with the search for a new Commissioner. As part of the initiation of the IEO search process, the Commissioner and Board Search Committee may consider the input of constituents regarding desired characteristics of a new IEO. The Board may also consider input from constituents regarding the desired characteristics of a new Commissioner.

C. Advertisement Schedule
If a search consultant is used, the search consultant shall develop the position advertisement and a general schedule for the search in consultation with the Commissioner and with the approval of the Board Search Committee.

D. Campus Search Advisory Committee
In a search for an IEO, the Commissioner shall prepare a list of the proposed membership of a Campus Search Advisory Committee, as well as a chair, or co-chairs, of such committee. The Campus Search Advisory Committee shall be representative of the various constituent groups of the university, including administrators, faculty, staff, students, alumni, foundation representatives, and members of the community. The Commissioner, in coordination with the Chair of the Board Search Committee, shall take appropriate steps to receive written assurances from all of those proposed to serve on the Campus Search Advisory Committee that they have not formed any opinion as to the identity of the particular person that should be selected as the IEO, that they have no personal, professional or other relationship with any person that they understand may be a candidate that would impair their objectivity in fairly considering all candidates, that they will endeavor to remain open to considering all persons that apply in a fair and unbiased manner, and that they will not agree with any person to advocate or campaign for the selection of any particular candidate. The Commissioner shall then inform Board members of the proposed membership and chair (or co-chairs) of that committee. If any Board member expresses a desire to the Commissioner to call a full Board meeting to discuss further the proposed membership and chair (or co-chairs) of that committee, a Board teleconference meeting shall be properly noticed and called. If no Board member requests such a Board meeting within forty-eight hours of being notified/consulted regarding the Commissioner’s recommendations, the Commissioner may proceed with appointing the membership and chair (or co-chairs) of the Campus Search Advisory Committee. In a search for a Commissioner, the Board may seek advice from appropriate individuals or groups, including any search consultant hired by the Board.

E. Recruitment

Recruitment of candidates may occur up to the point of selection, but candidates will be advised to submit their materials by a specified date to insure optimum consideration for the position. At any point in the search process the Board may add additional candidates to the pool being considered without starting the entire process over. The decision regarding whether to have any such additional candidates reviewed by the Campus Search Advisory Committee is in the discretion of the Board. Additional interviews may be conducted as desired by the Board.

F. Candidate Screening

The Campus Search Advisory Committee members shall vote individually by secret ballot for a minimum of five candidates that he/she recommends as a good candidate for the position. The search consultant, if one is used, is to then accumulate the secret ballots and count them. If no consultant is used, the Commissioner shall accumulate the ballots and count them. The results of the vote count, indicating the number of favorable votes received by each candidate, are to then be reported to the Board Search Committee members. The Board Search Committee shall then meet and discuss which candidates to interview. Any other Board members may attend this meeting. All Board members will then be informed of those candidates that the Board Search Committee would like to interview. If any Board member expresses a desire to the Commissioner to call a full Board meeting to discuss further the candidates to be interviewed, a Board teleconference meeting shall be properly noticed and called. If no Board member requests such a Board meeting within forty-eight hours of being notified of the candidates to be interviewed, the Board Search Committee shall proceed with planning first round candidate interviews. The search consultant shall then be informed of the candidates to be interviewed. The consultant shall next be informed that he/she may advise the non-selected candidates that they will not be interviewed as part of the initial process, if such notification is deemed prudent by the Board and the search consultant at that point in time. The consultant should, if directed by the Board, remind those candidates that were not invited back for initial interviews that the Board can always add more names to be considered at a later date. The Campus Search Advisory Committee may then be told who will be initially interviewed by the Board Search Committee.
G. Interview Search Advisory Committee

Each member of the Campus Search Advisory Committee shall be requested to provide nominations from the membership of that committee to serve on the Interview Search Advisory Committee. Using that information and such information as may be deemed helpful to insure a balanced Interview Search Advisory Committee, the Commissioner and the Chair of the Board Search Committee shall then prepare a list of the proposed membership of an Interview Search Advisory Committee from the membership of the Campus Search Advisory Committee. The Interview Search Advisory Committee shall be comprised of administrators, faculty, students, staff, and outside representatives. These representatives shall be diverse in race and gender. The Commissioner shall then inform Board members of the proposed membership of that committee. After the Board has been provided with the recommendations from the Commissioner and the Chair of the Board Search Committee for the membership of the Interview Search Advisory Committee, if any Board member expresses a desire to the Commissioner to call a full Board meeting to discuss further the proposed membership of that committee, a Board teleconference meeting shall be properly noticed and called. If no Board member requests such a Board meeting within forty-eight hours of being notified/consulted regarding the recommendations, the Commissioner may proceed with appointing the membership of the Interview Search Advisory Committee. The Interview Search Advisory Committee may participate with the Board of Trustees in the remainder of the search process, except when the Board of Trustees excuses the Interview Search Advisory Committee from executive session.

H. First Interviews

The Board Search Committee and the Commissioner, with input from the Interview Search Advisory Committee, will conduct the first round of interviews. All Board members will be invited to attend. The consultant, if one is used, or the Commissioner if no consultant is used, will conduct a background check on those candidates participating in the first round of interviews.

I. Reference Contacts
Under the direction of the Commissioner and/or the consultant, reference contacts will be made on each candidate who is participating in the second round of interviews.

J. Second Interviews
Before the second round of interviews, the results of the reference contacts and background checks shall be made known to the Board and the Interview Search Advisory Committee. The Board Search Committee shall then meet to discuss who and how many to interview during the second round of interviews. Any other Board members may attend this meeting. All Board members will then be informed of those candidates that the Board Search Committee would like to interview for second round interviews. If any Board member expresses a desire to the Commissioner to call a full Board meeting to discuss further the candidates to be interviewed for a second interview, a Board teleconference meeting shall be properly noticed and called. If no Board member requests such a Board meeting within forty-eight hours of being notified of the candidates to be further interviewed, the Board Search Committee shall proceed with planning the second round interviews by the full Board. The Board may conduct as many additional interviews as it deems necessary in conducting the search process.

K. Preferred Candidate
After all of the above has been completed, the Board of Trustees will meet to hear from the Board Search Committee regarding an assessment of each candidate. The Commissioner’s assessment will be sought. The Board of Trustees will then select and announce their Preferred Candidate.

L. Campus Interview
The Preferred Candidate will be scheduled for a full day on-campus for interviews with a wide array of constituents. Each group will have the opportunity to provide feedback on the Preferred Candidate to the Board of Trustees.

M. Decision

The Board of Trustees will meet after the last on-campus interview session to review the feedback and conduct further discussion. The Board of Trustees will then vote to name the Preferred Candidate as the institution’s new Institutional Executive Officer or vote to continue the search.

In a search for a Commissioner, the Board Search Committee may request appropriate individuals or groups to submit unranked recommendations of candidates to be considered for initial interviews. The Board Search Committee shall schedule initial interviews and all members of the Board will be invited to attend the initial interviews and participate in the selection of candidates for final interviews. The Board Search Committee may also invite additional individuals to attend and observe the initial interviews conducted by such committee to fill the position of Commissioner. The Board Search Committee will next develop an interview schedule for the candidates selected for final interviews for the position of Commissioner. The Board shall then meet and conduct final interviews and select the Commissioner.

201.0510 Application by Interim Institutional Executive Officer for Institutional Executive Officer Position

An individual currently serving as the interim Institutional Executive Officer (IEO) at a university shall not be considered as a candidate for the permanent IEO position for which he/she serves as interim at the same university. However, an individual currently serving as interim IEO may apply and be considered for a permanent IEO position at a different university. This policy does not prohibit an individual who has completed service as an interim IEO from being considered as a candidate for any IEO positions that subsequently become available at the same university.

301.0510  **MEETING RULES OF ORDER**

Meetings of the Board and its committees shall be conducted in accordance with controlling statutes and applicable bylaws, regulations, or policies. In the absence of such statutes, bylaws, regulations, or policies, meetings shall be conducted in accordance these rules and *Robert’s Rules of Order*. The Board’s Meeting Rules of Order are as follows:

A. **Presiding Officer**

   The President of the Board shall be the presiding officer at official Board functions. In his or her absence, the Vice President of the Board shall preside. In the absence of both, the President of the Board may appoint a President Pro Tempore to preside at a Board function. For committee meetings, the chair of the subject committee shall be the presiding officer. In his or her absence, the President of the Board, who is an ex officio member of all committees, shall preside.

B. **Convening Meetings**

   The Board and its committees shall convene at the times and places announced by public notice and as required by law, policy, or Board action.

C. **Quorums, Agenda, Rulings of the Presiding Officer, and Delay**

1. **Quorums**

   A quorum for the transaction of business shall be a minimum of eight members of the Board. For committees, a quorum shall be a majority of the members. No business may be transacted without the presence of a quorum.
2. Agenda

The agenda for each Board and committee meeting shall be submitted to the members and published by the Office of the Commissioner of Higher Education prior to each meeting. Proposed agenda items arriving after the deadline for submission to the Commissioner may only be added by a two-thirds (2/3) vote of the members present. This requirement will apply to consideration of all agenda items including recommendations by Board committees in instances where agenda items relating to such recommendations are not submitted prior to the deadline.

The formal agenda will consist of items submitted on behalf of the various institutions and the Board offices. The deadline for the submission of agenda items by the institutions shall be set by the Commissioner. A Board member may notify the Commissioner that an item should be placed on the agenda. Unless otherwise specified on the face of an agenda item, the submission of an agenda item for Board approval by an Institutional Executive Officer or the Commissioner reflects the Institutional Executive Officer’s or Commissioner’s determination that: (1) the proposed action is authorized by all applicable laws, (2) all requirements of State law and Board policy relating thereto have been met prior to submission of the item, and, (3) adequate funds are available and have been identified for any expenditures authorized thereunder. The form of agenda items will be determined by the Commissioner. The deadline for submission of agenda items by a member of the Board that are to be included on an agenda shall be two days before the date of official meeting. The Commissioner may refer agenda items to appropriate Board committees for consideration. However, no committee’s approval is required before Board consideration of any agenda item or matter.

The presiding officer may move items up or down the agenda with a two-thirds (2/3) vote by the members present.

3. Delay of Board Consideration

Any member may request a delay in consideration of an agenda item from one meeting to the next, but no agenda item may be so delayed more than once by any member. Such a request shall not be granted if there is a vote to proceed by the lesser of (a) two-thirds (2/3) of the
D. Motion to Suspend Policies, Bylaws or Rules

(BT Minutes, 5/90; 1/98; 11/2005)

301.0513 PRESENTATIONS AND APPEARANCES BEFORE THE BOARD

Because of the number and complexity of the items considered by the Board, it is the practice and the strong preference of the members of the Board to base their consideration in large part on written material submitted prior to Board meetings, rather than to consider issues raised during oral presentations, since such oral presentations allow inadequate opportunity for analysis, review and consideration. Oral presentations are generally limited to those made by designated staff of the board, Institutional Executive Officers, other persons designated by the Institutional Executive Offices, and other persons invited by the Board to make presentations. While the Board retains the power to determine its agenda and to determine when to allow others to address the board, the Board will generally receive, as a matter of custom, practice, and courtesy, oral presentations from state elected officials, legislators, and representatives of other state agencies and institutions. In general, the Board of Trustees receives presentations from other persons or entities only in written
form made available to the Board in a manner that allows sufficient time for consideration prior to the meeting at which the matter is to be considered. Any request to submit any written or oral communication should be made as soon as possible and should be submitted in writing to the Commissioner of Higher Education, along with a full explanation of the issue and the interest and position of the party seeking to submit the material related to the issue. Any request to make an oral presentation should provide a detailed explanation as to why a written presentation would not be sufficient. The Commissioner will then submit same to the President of the Board, who will make a decision as to whether an oral presentation will be permitted, subject to review by the Board.

(BT Minutes, 1/91; 1/98; 11/2005; 9/2016)

The performance reviews of the IEOs will be conducted every year.

(BT Minutes, 9/90; 1/98)

301.0806 UNIVERSITY FOUNDATION/AFFILIATED ENTITY ACTIVITIES

A. Purpose of Foundations and Similar University Affiliated Entities:

This policy shall apply to the relationship between Mississippi public universities ("universities") and university development foundations, research foundations, athletics foundations, alumni associations and all other similar entities affiliated with any of the eight state universities (collectively referred to as the "Foundation/ Affiliated Entities" or "Entities").

The Board of Trustees (hereinafter “Board” or “IHL”) recognizes that such Entities have played and continue to play an important role in providing financial and other support for its institutions. This support has assisted the institutions in achieving a level of excellence not possible through state funding and tuition alone. While the Board of Trustees recognizes and appreciates the contributions made to higher education by such foundations and similar entities, the Board of Trustees reaffirms that the goal of the Entities is not to replace necessary support from the state.

The Board of Trustees also acknowledges that the independent nature of the Entities provides flexibility to state universities in fiscal management and responsiveness.
The primary purpose of the foundations and other entities affiliated with the state universities is to engage in raising and managing funds and/or other activities consistent with the mission and priorities of their respective affiliated institutions, as determined by the Institutional Executive Officer (the "IEO") of each. Each Entity is expected to have a mission statement relevant to this purpose and to adopt policies, plans, and budgets designed to achieve that mission.

The Board fully recognizes the importance to the universities and to the Entities of preserving the confidentiality of information related to donors or potential donors. Providing appropriate confidential treatment for information related to donors who have voluntarily provided funds to support the state universities is in the best interests of this state and its citizens. Thus, it is the policy of the Board that its oversight of the relationship between the foundations and the universities shall be accomplished in a manner that will effectively and appropriately preserve and protect the confidentiality of such information to the fullest extent possible which is consistent with the duty of the universities and the IHL to assure that assets intended to benefit the state universities are appropriately and effectively managed and utilized.

B. Relationship Between Board And Affiliated Entities

As provided in Miss. Const. Art. 8, Section 213-A and Section 31-101-1 of the Miss. Code Ann. of 1972, as amended (the "Miss Code"), the Board of Trustees has governing authority over the eight state universities. Under such authority, the Board of Trustees has responsibility for ensuring that the public interest is served by any individual or organization that is established to support one of the eight state universities.

The Board recognizes that the Entities are not state agencies. The Entities have their own governing authorities. The Board recognizes that it does not have the power to exercise governing control over the Entities.

While the Board of Trustees does not have the power or authority to exercise governing control over the Entities, the Board has the full authority to establish the terms under which state universities will contract with private organizations. That is particularly necessary with respect to these Entities, since they, or some of them, will solicit and manage funds on behalf of and for the benefit of the state universities, and may use the name, logo, or other insignia identified with the state universities. The Board has the authority to
require that any organization that manages funds for any state university, or whose name is associated with a state university under the governance of the Board, must adhere to ethical standards appropriate for such organizations and must properly manage, utilize and account for funds contributed to or for the benefit of the universities.

To ensure the independence of the affiliated Entities, no member or employee of the Board of Trustees of State Institutions of Higher Learning shall hold a voting position on an institutionally affiliated Entity board. The Board of Trustees may allow exceptions to this restriction if needed to comply with NCAA requirements or other proper purposes. Senior administrators of the institution should only participate on the Foundation/Affiliated Entity's board in an ex-officio capacity.

C. Affiliation Agreements Required

Each university must enter into a formal contractual affiliation agreement (the “Affiliation Agreement”) with its development foundation(s), research foundation(s), athletics foundation(s), alumni association(s) and any other similar university affiliated Entity in a form submitted to and approved by this Board. The Affiliation Agreement shall be reviewed for approval by the Board of Trustees at least every five (5) years, or whenever the Affiliation Agreement is changed (other than changes for non-substantive, conforming or purely administrative matters).

Each university shall submit all existing or amended Affiliation Agreements to the Board for approval on or before June 30, 2010, in a form that the university believes will fully comply with the requirements of this policy as amended.

In order to appropriately conserve the resources of the universities and the IHL, and to expedite the Board's review of the proposed Affiliation Agreements within the time period set forth above, the IEO's of the universities are expected to direct the resources of their university to work in coordination with the other universities in developing and reviewing templates of proposed affiliation agreements to be used by all similar Entities and universities. Counsel for the Board will be directed to assist in that process. The universities are expected to use those templates insofar as practical, given the acknowledged differences between universities and the Entities, as the basis and pattern for preparing the proposed Affiliation Agreements which are required by this Policy.
D. General Requirements of Affiliation Agreements

The Affiliation Agreements for each Entity shall address and comply with the following general requirements and subjects:

1. Outlining the services and benefits the institution and the Entity are to provide to each other and the compensation or other requirements related thereto;
2. Describing the mechanisms by which the institution shall, through its IEO, keep the Entity apprised of the needs and priorities of the institution, and requiring that the Entity, in concert with donor intent or directives, if any, agree to consider and communicate to the university its ability and plans to fund university needs and priorities, as determined by the IEO;
3. Describing whether, and the terms under which, any institutional assets of the institution itself are to be managed by the Entity on behalf of the institution and providing for appropriate rights of inspection and auditing for such funds by the IHL and all appropriate state officials;
4. Delineation of the terms upon which the Entity is authorized to accept gifts, restricted and unrestricted, on behalf of or for the benefit of the institution;
5. Outlining the method under which all gifts, grants, endowments and other assets are accepted and accounted for by the Entity, the methods and procedures to be utilized in determining how the income related to those assets is to be computed and distributed to the universities, and the terms and conditions under which any portion of such assets or the income related thereto may be used for the operating or other expenses of the Entity;
6. Requiring that all gifts made to the university shall be accounted for and ownership maintained by that university, even though they may be managed by the Entity;
7. Requiring that the records of such Entity shall be maintained separately from the records of the respective affiliated institution;
8. Requiring maintenance of financial and accounting records in accordance with Generally Accepted Accounting Principles;
9. Requiring that the Entity must cause to be prepared annual financial statements of the condition of the Entity, which shall include such detail as the IHL Board may from time to time require; The Entity must also engage a Certified Public Accounting (CPA) firm to perform annual audits of the Entity’s annual financial statements; The Entity shall submit the audited financial statements, along with a list of Entity officers, directors or trustees, not later than five months following the completion of the Entity’s fiscal year, to the affiliated university’s IEO and to IHL; However,
the annual audited financial statements of some of the Entities will be required for inclusion in the State of Mississippi’s Comprehensive Annual Financial Report (CAFR); Those Entities which will be required to submit annual audited financial statements for inclusion in the CAFR, as determined by the IHL Board’s Deputy Commissioner of Finance and Administration and the external auditing firm hired to perform the annual IHL system audit, must submit annual audited financial statements to the affiliated university’s IEO and to the IHL, along with a list of Entity officers, directors or trustees, by October 15 of each year; The IHL Board’s Deputy Commissioner of Finance and Administration shall notify each such Entity of the applicability of the October 15 deadline to such Entity as far in advance of the deadline as possible each year; The CPA firm to be utilized by the Entity must be approved by the IHL Board and all requests for approval of the CPA firm must be submitted to the IHL Board for approval not later than three months prior to the end of the Entity’s fiscal year for which the audit will be conducted; Unless approval is specifically granted for multiple years, approval of a firm by the IHL Board for one year does not constitute approval for other years, and requests for approval of the CPA firm must be submitted on an annual basis; However, at the request of the Entity, the IEO of a university, with the approval of the IHL Board, may grant a request of the Entity to waive the requirement of an annual audit by a CPA firm on a showing of adequate grounds, such as a showing that the assets of the Entity are so limited as to make the expense of engaging a CPA firm to perform an audit financially burdensome to the Entity and unnecessary; Such a waiver may be conditioned upon such other review of the financial records of the Entity in lieu of an audit as the University and the IHL may deem feasible; Such a request for a waiver must be accompanied by (a) the most recent annual audited financial statements of the Entity (if any such statements exist), (b) the financial statements of the most recently completed fiscal year, (c) a written description of how the Entity anticipates that the year-end financial statements for the current year will differ from the financial statements as of the end of the most recently completed fiscal year, and (d) a good faith estimate of the cost of engaging an auditor with respect to the statements; The granting of any request to waive the requirement of an annual audit by a CPA firm approved by the IHL is within the sole discretion of the university and the IHL Board; Any waiver of the audit requirement will apply only for one year, and any request to waive the requirement for the next year should be submitted as outlined above;
10. Requiring that the Entity only accept or solicit gifts for the benefit of the university that are consistent with the university's mission, goals or objectives;

11. Requiring that the Entity manage all funds in its control in a fiscally sound and prudent manner;

12. Requiring that the Entity establish and maintain a conflict-of-interest policy that complies with all requirements of Miss. Code Ann. §79-11-269 (1972) as amended, entitled "Conflict of interest Transaction";

13. Requiring that no form of additional compensation for an IEO or any IHL system office employee be underwritten or increased by the Entity without the prior approval of the Board; The request for approval shall come through the Commissioner to the IHL Board; As to other university employees, the Affiliation Agreement will provide that no form of additional compensation may be provided or paid by the Entity without the prior approval by the IEO; All such approvals by the IEO must be reported to the Board of Trustees at its next official meeting; This provision does not apply to transfers from the Entity to the supported university for items such as professorships, chairs, and other programmatic support that are paid directly to the university and included in its annual budget;

14. Requiring the Entity to submit to the IHL an annual report providing a detailed list of supplemental compensation provided to administrators, faculty, athletic staff, and other employees; provided however that the Affiliation Agreement may provide for appropriate exceptions for such compensation made by the institution out of funds routinely provided to the institution to be included in its budget; and,

15. Requiring compliance with all state and federal laws applicable to such organizations.

16. Establishing appropriate maximum limits on the period of time for which the Entity shall enter into contracts for professional, advisory, or other personal services.

17. Requiring that the provisions of the affiliation agreement shall apply to any and all entities owned or controlled by the affiliated Entity, with the exception of a special purpose entity created for the sole and specific purpose of utilization as a financing vehicle for the private financing of university auxiliary facilities by a private developer using the alternate dual-phase design-build privately financed construction method, as specially authorized by Miss. Code Ann. Section 37-101-41, et seq. (1972), as amended. If the use/purpose of any such special purpose entity ever changes, the special purpose entity would then be required to comply with any and all provisions of the affiliation agreement between the
university and the Entity which owns or controls the special purpose entity.

E. Affiliation Agreements Shall Require Notice of Certain Events

In addition to the foregoing general requirements, the Affiliation Agreement shall contain provisions requiring that the IHL be notified of certain events or actions that may affect the operations, reputation, legal status, and assets of any entity or any university. The Affiliation Agreement shall require that the chief executive officer of the Entity and its other governing authorities will immediately notify the IEO and the IHL, in writing, if any of the following events (hereinafter "Reportable Events") occur:

1. The Entity has materially breached any of its contractual obligations under the Affiliation Agreement;
2. The Entity has materially failed to properly receive, apply, manage or disburse any funds or has materially failed to properly comply with any binding instructions from donors relating to those funds;
3. The Entity has engaged in any conduct that is prohibited or subject to sanction under state or federal law, including any and all requirements applicable to tax exempt organizations;
4. There has been a failure by the Entity or any of its officers and directors to comply with any conflict of interest requirements created by applicable state or federal law or by the governing documents or procedures of the Entity;
5. Any state or federal regulatory body begins any investigation of any matter that may have a significant financial or regulatory effect on the Entity or upon its status as a tax exempt organization; or
6. The Entity has contracted with or entered into any business or pecuniary relationship with any of its board members, other than a full time employee of the Entity, or any Entity controlled directly or indirectly by the board member, which would reasonably be expected to provide for payment or benefits to that person exceeding the value of $50,000 in any calendar year; The previous sentence creates a duty for the Entity to report any such transaction but does not suggest or imply that all such transactions are either prohibited or permitted.

The Affiliation Agreement shall require that the chief executive officer of the Entity shall submit to the IEO of the supported university and the IHL a signed certification statement annually, before January 31 of each year, which affirmatively states that the Entity has examined its donor records and business transactions occurring during its fiscal year ending within the prior
calendar year, and that to the best of its knowledge, there is no evidence that any Reportable Events occurred, other than those which have been duly reported to the IEO and the IHL as required above. The chief executive officer of each Entity shall re-affirm that, in the event he/she becomes aware of any such Reportable Events, the chief executive officer will immediately notify, in writing, the IEO of the university.

F. Affiliation Agreements must Require Entity to Provide Certain Additional Information to IEO upon Request

In addition to the foregoing general requirements, the Affiliation Agreement of each Entity will contain provisions requiring that the Entity furnish to the IEO of the corresponding university, or such person as the IEO may designate, any and all information relating to the operation or management of the Entity or any funds contributed to, received by, expended by, or managed by the Entity.

It is the policy of the Board that to the extent that information is inspected, reviewed or received by the IEO or his designees with respect to the identity of donors who have expressly stated they wish to remain anonymous, or with respect to any information relating to the identification, cultivation and solicitation of donors, or with respect to personal information relating to a donor or his/her family business, such information shall be treated as confidential by the IEO and any designee who may acquire such information. The IEO is expected to take appropriate safeguards to assure that such information is utilized or disseminated only in a manner that is appropriate under the circumstances.

The IEO shall promptly notify the Board and Commissioner of Higher Education if the Entity refuses or fails to produce any information requested by the IEO.

G. Affiliation Agreement must Provide for Right of Board to Require Information from Entity or to Examine Records of Entity

Ordinarily, the Board will not request information from any Entity and will allow the IEO to oversee the compliance by the Entity with the Affiliation Agreement and to determine that funds are being appropriately received, managed, and expended. In some circumstances, however, the Board may determine it to be necessary to secure additional information from the Entity or to review appropriate records of the Entity. The Entities hold funds that are intended to benefit the institutions of the state, and the Board has an
interest in the proper administration of those funds. Thus, the Affiliation Agreement will provide that the Board may require the Entity to provide information or allow inspection of its records as required by the Board to determine that the Entity is in compliance with the Affiliation Agreement and that the funds held for the institution or for its benefit are appropriately utilized and protected. No such request for information will be made by individual Board members to any Entity or to any IEO.

As a matter of general policy, the Board will attempt, when appropriate, to resolve any issues or concerns about the activities of any Entity informally. Examples of such informal methods include responses by the Entities to requests from the auditors employed by the Board or a report from an accounting firm approved by the Board to review records related to the matters at issue. The decision of any entity as to whether and how to comply with such informal requests is within the discretion of the governing authorities of the entities. The Board anticipates that, normally, any questions related to the Entities can be resolved through such informal procedures.

The Affiliation Agreement shall provide, however, that the Board may determine by appropriate action, at a duly called meeting of the Board, that informal measures are or will be untimely, insufficient, or inappropriate to secure information necessary to allow the Board to determine that the Entity is appropriately complying with the Affiliation Agreement and that funds intended to be used for the benefit of the institution are appropriately maintained and expended. The Affiliation Agreement will provide that, if the Board makes such a finding, the Entity will permit an audit, inspection or review of the financial and other records of the entity by persons selected by the Board, which persons shall have the power to determine the appropriate scope of the investigation and the records to be examined, and that the Entity will fully cooperate with any such inquiries.

As noted above, it is the policy of the Board that it will not unnecessarily disclose or disseminate any information relating to the Entities, and in particular, any information related to donors to the Entity. In some circumstances, however, such as those involving alleged misuse or misappropriation of funds, appropriately limited disclosure of information related to donors may be necessary in order to conduct the investigation and to recover the funds, or to allow prosecution with respect to any misappropriation of funds. Thus, the Affiliation Agreement must specifically recognize that the final determination as to the appropriate extent of any disclosure or other use of the information is in the discretion of the Board.
Any decision to release any information that would identify any particular donor shall be made by the Board. No individual Board member or employee of the IHL will release such information without authorization from the Board.

H. Required Termination Provisions to Be Included in Affiliation Agreement

The Affiliation Agreement will provide that the Affiliation Agreement may be terminated by the IEO, with the prior approval of the IHL, for cause with no notice or without cause upon thirty days notice. Upon termination, (1) the Entity shall cease to use and shall not assign or delegate the authority to use the respective university’s name or registered marks or logos to any person or entity without the written approval of the IEO, (2) the Entity shall remit any and all unrestricted funds held for the benefit of the university to such entity as designated in writing by the IEO on behalf of the university, (3) the Entity shall work in concert with its donors, to the extent practicable and allowed by law, to move any restricted funds held for the benefit of the university to such entity as designated in writing by the IEO on behalf of the university, (4) the Entity shall work in concert with persons or entities with which it had contractual relations to the extent practical and allowed by law, to assign any contracts to such entity as designated by the university IEO; and (5) the Entity shall work in concert with the university to provide the university or its designee with records and materials of the Entity as are necessary to continue the business and/or wind up the affairs of the Entity.

Because an Entity may hold assets intended to benefit the universities, the Affiliation Agreement will provide that the Entity will have no right to terminate the Affiliation Agreement without the consent of the IEO and the Board.

I. Restructuring Relationship in Event of Irreconcilable Differences

The Board expects there to exist a cooperative relationship between the Entities and the universities. The Board is aware of situations in other states where foundations have attempted to use the leverage provided by control of funds contributed for the benefit of the universities to require the university to take action desired by the foundation. Exercise of such power would interfere with the power of the IEO’s and, ultimately, the power of the Board. To provide for the eventuality in which it appears that the IEO and the Entity have irreconcilable differences that interfere with the Entity serving the purposes for which it is intended, the Affiliation Agreement must provide for some mechanism to allow a resumption of normal relationships
to benefit the university. In such a case, it would be detrimental to the university to allow the Entity to simply terminate the relationship – since it may hold funds and other assets intended for the benefit of the university. Thus the Affiliation Agreement shall provide for a mechanism to deal with that possibility that will effectively accomplish the purpose of insuring that the Entity’s goals remain appropriately aligned with those of the university.

The Affiliation Agreement must therefore provide for such a mechanism. The universities are expected to finalize the relationship with the Entities to accomplish the purpose on or before December 31, 2010.

Any university, after consultation with an affiliated Entity, may propose, on or before December 31, 2009, to include an appropriate plan to accomplish this purpose in the Affiliation Agreement for that Entity.

For example, a university may choose to propose a mechanism to allow the Entity to restructure its governing board. As an illustration of such a mechanism, such a plan might provide as follows:

In the event that the IEO notifies the IHL that the relationship between the IEO and the Entity’s governing authorities is detrimental to the well being of the university, then IHL shall attempt to reconcile the parties. However, if the IHL determines that it is in the best interests of the university to substitute new governing authorities of the Entity, and unless the matters are resolved, the IHL Board may direct, in its sole discretion, that at the expiration of a 90 days notice period, the terms of office of the then existing board of directors of the affiliated Entity (or the persons serving that role in governance of the Entity, regardless of title) shall be deemed to have expired. Those persons shall be replaced by a nine member board selected by the following persons: 1) one member appointed by the mayor of the municipality in which the subject university is located or to which it is nearest, 2) one member appointed by the subject university’s IEO, 3) one member appointed by the subject university’s chief academic officer, 4) one member appointed by the president of the board of supervisors of the county in which the subject university is located, 5) one member appointed by the governor, 6) one member appointed by the Commissioner of Higher Education, 7) such other person, as the Affiliation Agreement may provide, who is affiliated with another Entity associated with the affected university; 8) one member appointed by the current president of the subject university’s student body, and 9) one member appointed by the most recent past president of the subject university’s student body.
However, each university and Entity may choose to agree upon some different arrangement which would accomplish the same end. Because of the differences in the various Entities, the types and amounts of assets held by the Entities, the debt obligations of some Entities, ongoing contractual obligations, and other similar factors, the Board will address such proposals on an individual basis to determine their effectiveness, feasibility and practicality. Any such proposal must be submitted with all of the information necessary to fully evaluate the proposal. The exact language of all documents required to implement such a proposal shall be included in the submission to the Board.

Any such proposals will be considered by the Board and acted upon before March 31, 2010. Failure to submit sufficient information to allow a full understanding as to the effectiveness and practicality of such a plan will prevent the Board from considering the proposal. In the absence of approval by the Board of some other alternative provisions to accomplish such purpose by March 31, 2010, or any extension granted by the Board, it is expected that each university will enter into a contract with all related Entities under terms similar to those in the illustration set out above.

If the Entity is a university research foundation formed pursuant to Miss. Code Ann. Section 37-147-15 (1972), as amended, the new board of directors shall be appointed by the subject university's IEO, in accordance with applicable state law.

By statute, the Board has the power and authority to contract with all deans, professors, and other members of the teaching staff and all administrative employees of said institutions for a term not exceeding four years. Although the law does not empower the Board to contract for indefinite periods, its bylaws provide that "It shall be the policy of the Board to elect all officials for a definite tenure of service and to re-elect during the period of satisfactory service." The Board also empowers the executive heads of the institutions to "adopt policies of continuing employment for the purpose of making nominations for the teaching positions." All amendments, revisions, additions and reductions to employee contracts are subject to approval by the Board.

(BT Minutes, 3/91; 2/98)

It shall be the policy of the Board to permit the executive head of each institution to nominate for election by the Board all subordinate employees of the institution over which he presides. It shall be the policy of the Board to elect all officials for a definite tenure of service and to reelect during the period of satisfactory service. 402 ORGANIZATIONAL STRUCTURE

402.01 FACULTY DEFINED

The teaching staff and those members of the administrative staff having academic rank in a college, university or other educational institution or one of its divisions. In all institutions the faculty will consist of the Corps of Instruction and the administrative officers with faculty rank.

A. Corps of Instruction:

Professors, associate professors, assistant professors, instructors, lecturers, and teaching personnel with such other titles as may be approved by the Board, shall be the Corps of Instruction. Research and extension personnel and duly certified librarians may be included in the Corps of Instruction on the basis of comparable training. Persons holding adjunct appointments or other honorary titles shall not be considered to be members of the faculty.

(BT Minutes, 3/91; 3/98; 3/2008)

B. Administrative Officers:

Faculty status of full-time administrative officers will necessarily vary with the size and complexity of the institution. A faculty member who has academic rank and rights of tenure in the Corps of Instruction and who accepts an appointment to an administrative office shall retain his/her academic rank and rights of tenure as an ex officio member of the Corps of Instruction but shall have no rights of tenure in the administrative office to which he or she has been appointed. The additional salary or method of salary computation, if any, for the administrative position shall be stated in the employment contract and shall not be paid to the faculty member when he or she ceases to hold the administrative position. In all other cases of an individual becoming a full-time member of the faculty after relinquishing an administrative position, his or her salary shall be determined on the basis of such individual’s qualifications as a faculty member. An administrative
officer having faculty status shall retain privileges of faculty membership. Administrative officers shall be nominated by the Institutional Executive Officer for election by the Board, as provided in Section 401.0102 Delegation of Authority.

(BT Minutes, 3/91; 3/98; 3/2008)

(BT Minutes, 3/91; 2/98)

(BT Minutes, 3/91; 2/98)

403  TENURE TRACK FACULTY

403.01  TENURE DEFINED

Tenure is defined as continuing employment that may be granted to a faculty member after a probationary period upon nomination by the Institutional Executive Officer for election by the Board. Tenured faculty are protected from dismissal except for those reasons set forth in this section below. Faculty are tenured to a department unless otherwise designated by the Board.

In the interpretation of this principle it is understood that the following represent acceptable academic practice.

(BT Minutes, 3/91; 2/98)

403.0101  MINIMUM STANDARDS FOR TENURED EMPLOYMENT

All faculty contracts will specify whether the appointment is with tenure, tenure track, or non-tenure track. Beginning with a tenure track appointment to any professorial rank (assistant professor, associate professor, or professor), a faculty
member must be reviewed for tenure during the sixth academic year of the probationary period. The review shall include, but not be limited to, the criteria set forth in Section 402.03 Promotions in Rank. Upon written agreement between the institution and the faculty member, credit up to a maximum of five (5) years toward fulfillment of the minimum probationary period may be allowed for service at an institution of higher education. Such credit toward the probationary period must be determined at the time of initial appointment to rank. Such allowance is to be granted only to an individual who possesses exceptional professional qualifications and achievements and is not to be construed as exempting said individual from any other institutional policies and procedures governing the award of tenure.

Once the probationary period has been completed, a tenure track professor of any rank, if reappointed, must be awarded tenure or a terminal contract. For tenure to be awarded, the Institutional Executive Officer must make a recommendation to the Board in writing. Only faculty members of professorial rank can be awarded tenure. The award of tenure is not vested until notice of the award is given in writing by the Institutional Executive Officer, after approval by the Board, and the written notice is actually received by the faculty member.

At the time of initial employment by the Board, a faculty member or an administrative employee whose preceding employment included faculty rank at the level of assistant professor, associate professor, or professor and tenure may be granted tenure only if so recommended by the President/Chancellor and approved by the Board.

There shall be appropriate tenure/grievance committees at the institutions.

**403.0102 NOTICE OF NON-RENEWAL OF TENURE TRACK FACULTY**

1. Notice of intention not to renew a tenure track faculty member shall be furnished in writing according to the following schedule:

   a. not later than March 1 before the date of termination during the first year of service,

   b. not later than December 1 before the date of termination during the second year of service,
IHL Board of Trustees  
*Policies & Bylaws*

c. not later than September 1 before the date of termination of a contract after two or more years of service in the institution.

This schedule of notification does not apply to persons holding temporary or part-time positions, or persons with courtesy appointments, such as adjunct appointments.

(BT Minutes, 3/91; 2/98)

403.0103 POST-TENURE REVIEW

1. Each institution shall have a post-tenure review process for all tenured faculty. Post-tenure review criteria shall be consistent with the institution’s mission and priorities.

2. Institutional post-tenure review policies and procedures shall be linked to annual review policies and procedures. Institutional post-tenure review policies and procedures may require a periodic review of all tenured faculty, a review of individual faculty triggered by one or more unsatisfactory annual reviews, or a combination of periodic and triggered reviews.

3. Institutional post-tenure review policies and procedures shall provide for systematic and comprehensive assessments of performance, peer involvement in the post-tenure review process, and opportunities for faculty development. The policies and procedures shall specify the consequences of unsatisfactory performance, including termination of service as provided in Section 403.0104. The policies and procedures shall provide for appeals by aggrieved faculty.

4. Institutional post-tenure review policies and procedures shall be filed with the Commissioner. The Commissioner shall review the policies and procedures for consistency with Board policy and recommend modifications as appropriate.

5. Each institution shall prepare an annual report of post-tenure reviews. The report shall be in a format specified by the Commissioner, and shall be submitted to the Board by August 1 for the preceding academic year.

(BT Minutes, 4/2000)
403.0104 TENURED FACULTY DISMISSAL

1. Termination of service of a tenured faculty member is made only under these extraordinary circumstances:
   
a. Financial exigencies as declared by the Board;

b. Termination or reduction of programs, academic or administrative units as approved by the Board;

c. Malfeasance, inefficiency or contumacious conduct; or

d. For cause.

(BT Minutes, 3/91; 2/98)

2. Termination for cause of a tenured faculty member or the dismissal for cause of a faculty member prior to the expiration of a term appointment shall not be recommended by the Institutional Executive Officer until the faculty member has been afforded the opportunity for a hearing. In no event shall the contract of a tenured faculty member be terminated for cause without the faculty member being afforded the opportunity for a hearing.

In all cases, the faculty member shall be informed in writing of the proposed action against him/her and that he/she has the opportunity to be heard in his/her own defense. Within ten (10) calendar days of notification of the proposed action and opportunity to be heard, the faculty member shall state in writing his/her desire to have a hearing. He/she shall be permitted to have with him/her an adviser of his/her own choosing who may be an attorney. The institution is directed to record (suitable for transcription) all hearings. In the hearing of charges of incompetence, the testimony shall include that of faculty and other scholars. Any decision made by a hearing body shall be a recommendation to the Institutional Executive Officer. Tenured faculty members, who are dismissed for reasons stated as follows:

a. financial exigencies as declared by the Board;
   
or

b. termination or reduction of programs, academic units and/or administrative units as approved by the Board;

shall remain employed for a minimum of 9-12 months, consistent with current contract, periods of time, from date of notification.
Tenured faculty members, who are dismissed for reasons stated as follows:

c. malfeasance, inefficiency or contumacious conduct; or

d. for cause;

shall have their contracts terminated at any time subsequent to notice and hearing with no right to continued employment for any period of time. At the discretion of the Institutional Executive Officer, any faculty member’s salary may be paid, and he/she may be relieved of all teaching duties, assignments, appointments and privileges when he/she is dismissed for any reasons stated above or pending a termination hearing.

(BT Minutes, 3/91; 2/98)

403.0105 APPEALS

1. Conditions of Appeals to the Board of Trustees:

Miss. Code Ann., Section 37-101-15 sets forth the general obligations of the Board of Trustees of State Institutions of Higher Learning with respect to employment at the various institutions of higher learning. It is the policy of the Board to consider appeals of faculty personnel decisions only after the aggrieved faculty member has exhausted all administrative remedies at the institutional level. In the event that an appeal to the Board is requested by the aggrieved party, the Institutional Executive Officer shall transmit to the Board the full report of the grievance/tenure committee concerning the matter appealed.

The individual allegedly aggrieved will be allowed to submit a written statement of his grievance to the Commissioner within a thirty (30) day period following notification of the decision of the Institutional Executive Officer. No persons will appear personally before the Board unless invited.

If review is allowed by the Board, only the record developed at the institution will be reviewed. Review by the Board is not a matter of right, but is within the sound discretion of the Board. Review by the Board, if granted, is only on the record made at the lower level. No new evidence may be submitted on appeal.
2. Review of Appeal by the Board:

The Board, upon receipt of such an appeal, shall review the records of the institutional committee's hearing and all documentation relative to the personnel decision. The Board reserves the right to correct an omission or other inaccuracy in the record submitted upon suggestion by either party or upon its own motion. The Board shall then determine the following:

a. If the institutional due process procedures were followed; 
   and/or

Universities are authorized to establish faculty positions designated as non-tenure track positions. Universities may enter into renewable contracts, for periods up to four years in length, with non-tenure track faculty members in three separate categories - research, teaching, and service - based on the mission and needs of the institution. Each institution employing non-tenure track faculty will have a formal system of annual evaluations to assess each such faculty member’s performance. Renewal of contracts is not guaranteed and will be determined by the institution on the basis of the faculty member’s performance, availability of funding, and institutional priorities.

Individuals employed in non-tenure track positions have no expectation of continuing employment beyond the expiration of their contracts and shall not be eligible for consideration for the award of tenure. Individuals in non-tenure track positions may not have their status converted to tenure track positions. However, they are eligible to apply for tenure track positions.

A. QUALIFICATIONS
Any member of the faculty of the State institutions of higher learning of the State of Mississippi shall be eligible for sabbatical leave, for the purpose of professional improvement, for not more than two semesters (fall and/or spring) immediately following any twelve (12) or more consecutive semesters of active service in an institution of higher learning of this state where such faculty member is employed or for not more than one (1) semester immediately following any six (6) or more consecutive semesters of such service. Absence on sick leave shall not be deemed to interrupt the active service herein provided for.

(BT Minutes, 9/90; 2/98; 3/2008)

B. APPLICATION
Applications for sabbatical leave shall be made to the Institutional Executive Officers and submitted to the Commissioner for consideration by the Board.

Approval or disapproval of the applications for sabbatical leave shall be made on the basis of regulations prescribed by the Board.

(BT Minutes, 9/90; 2/98; 3/2008)

C. CONTRACTUAL AGREEMENTS
Any person who is granted sabbatical leave and who fails to comply with the provisions of such leave as approved by the state institutions of higher learning may have his or her leave terminated by the Board. No person on sabbatical leave can be denied any regular increment of increase in salary because of absence on sabbatical leave.

Service on sabbatical leave shall count as active service for the purpose of retirement and contributions to the retirement fund shall be continued.

In order to provide for the above leaves, the Board shall have the power to adopt rules and regulations regarding such leave. In no instance shall leave
be granted unless there is a contract providing for continued service, after expiration of the leave, in the college where the faculty member is employed.

Every person on sabbatical leave shall enjoy all the rights and privileges pertaining to his or her employment in the state institutions of higher learning in which such person is employed, which such person would have enjoyed if in active service during such leave in the position from which such leave was taken.

(BT Minutes, 9/90; 2/98; 3/2008)

D. COMPENSATION
The Board is hereby authorized to make payment of salary, or such part of salary as may be decided for such faculty members who are under contract for academic leaves. No salary is to be paid by the institution for the period of leave, except under the provisions of the sabbatical leave policy. Each person granted sabbatical leave may receive and be paid compensation up to the rate of fifty percent of such person's annual salary. Compensation payable to persons on sabbatical leave shall be paid at the same time and in the same manner in which salaries of the other members of the faculty are paid.

(BT Minutes, 9/90; 2/98; 3/2008)

E. BENEFITS
A faculty member on sabbatical leave remains a full-time employee of the Board. Such faculty member shall retain all the rights and benefits including those of retirement, insurance, housing, longevity, and other benefits.

(BT Minutes, 9/90; 2/98; 3/2008)

F. INSTITUTIONAL QUOTA
No more than 4 percent (4%) of the full-time regular faculty of any one institution may be on sabbatical leave during any one semester.

(BT Minutes, 9/90; 2/98; 3/2008)

Any actively contributing member of the Public Employees’ Retirement System who has at least four (4) years of membership service credit and who receives, or has received, professional leave without compensation for professional purposes directly related to the employment in state service shall receive creditable service for the period of professional leave without compensation provided:

(a) The professional leave is performed with a public institution or public agency of this state, or another state or federal agency;
(b) The employer approves the professional leave showing the reason for granting the leave and makes a determination that the professional leave will benefit the employee and employer;
(c) Such professional leave shall not exceed two (2) years during any ten-year period of state service;
(d) The employee shall serve the employer on a full-time basis for a period of time equivalent to the professional leave period granted immediately following the termination of said leave period;
(e) The actively contributing member shall pay to the retirement system the actuarial cost as determined by the actuary for each year of professional leave. The member may begin to purchase such service credit at such time as the total eligible additional credit, when added to the member’s creditable service, will entitle the member to receive a retirement allowance within five (5) years. The provisions of this subsection are subject to the regulations of the Internal Revenue Code limitations:
(f) Such other rules and regulations consistent herewith as the Public Employee Retirement System may adopt and in case of question, the Board shall have final power to decide the questions.

(BT Minutes 2/98)
SECTION 500 - ACADEMIC AFFAIRS

501  ACADEMIC PROGRAMS AND UNITS

All new curricula, departments, programs of study, organized research or services being proposed by any or all of the institutions must be submitted to the Board and must be approved by the Board before being initiated.

(BT Minutes, 9/90; 1/98; 3/2008)

502  NEW ACADEMIC PROGRAMS AND UNITS

Requests to establish new degree programs, colleges, schools, departments, institutes, and centers will be considered by the Board on a schedule and in accordance with guidelines and procedures to be determined by the Commissioner after consultation with the Institutional Executive Officers. In developing such guidelines and procedures, the Commissioner shall consider state, system, and institutional priorities, institutional missions, institutional performance, comparative funding, market demand, and other appropriate criteria.

503  PROGRAM MODIFICATION

As part of its broad constitutional authority to govern the universities, the Board shall exercise its authority to modify programs offered by the universities generally or at various units of the universities.

Miss. Const. Art. VIII, Section 213-A
(BT Minutes, 3/91; 2/98; 3/2008)

504  SUSPENSION OF PROGRAMS

A program may be suspended such that new students are not permitted to enroll, without obtaining Board approval, for a period not to exceed three academic years and may subsequently be reinstated by the institution within that period. However, the Commissioner must be advised of such actions. If the
program has not been reactivated by the end of the third academic year, the program will be deleted from the Academic Program Inventory.

(BT Minutes, 9/90; 1/98; 3/2008)

505  INVENTORY OF ACADEMIC PROGRAMS

The Office of the Commissioner of Higher Education will maintain an accurate and current inventory of all academic programs approved by the Board of Trustees of State Institutions of Higher Learning. A revised copy of the inventory will be made available to the Board following every meeting where changes in the inventory are approved. Each Institutional Executive Officer shall be responsible for ensuring that all institutional publications list academic offerings in a manner consistent with the approved inventory of academic programs maintained by the Office of the Commissioner of Higher Education.

506  COURSE REQUIREMENTS

Course requirements shall include at a minimum the following.

- The Board required minimum of 2,250 minutes per three semester hour course, which may include final exam time.
- The number of weeks must meet Federal financial aid requirements.

507  ACCREDITATION

All institutions under the governance of the Board shall maintain regional accreditation with the Southern Association of Colleges and Schools (SACS), Commission on Colleges. Institutions shall endeavor to acquire accreditation for all programs for which professional accreditation is available and shall comply with the procedures as set forth in 508 below.

508 ACCREDITATION PROCEDURES

(1) A copy of any letter received from an accrediting body stating formal action taken by the body shall be sent to the Commissioner of Higher Education. Other documents including site visit reports and other documents commonly included as part of the accreditation process will be made available at the request of the Commissioner of Higher Education.

(2) The Commissioner of Higher Education shall report to the Board at least annually, through its Academic Affairs Committee, on each accreditation visit or change in accreditation status of each university.

(3) A copy of the Compliance Certification Report and Quality Enhancement Plan submitted in connection with SACS accreditation review shall be filed, electronically if available, with the Commissioner of Higher Education. Supporting documentation need not be submitted.

(4) The Commissioner of Higher Education shall be notified by the Institutional Executive Officers of all site visits by accreditation agencies.

(5) A copy of any specialized accrediting agency self-study documents will be made available at the request of the Commissioner of Higher Education or Board.

(6) The Commissioner of Higher Education or designee shall be given an opportunity to meet with the accreditation committee and/or participate in the exit conference at the request of the accrediting agency.

All distance learning courses and programs shall be in accord with Southern Association of Colleges and Schools (SACS), Commission on Colleges Principles of Accreditation and Southern Regional Education Board Principles of Good Practice.

Unless otherwise provided, all Board and university policies, standards, and guidelines for on and off campus instruction apply to distance learning.

(BT Minutes, 2/98; 3/2008)
AWARDING OF DEGREES

Degrees granted by institutions under the governance of the Board are awarded by and with the consent of the Board and are countersigned by the President of the Board. Recommendations for the awarding of degrees to students by the various institutions must be made no later than the Board meeting prior to the commencement at which such awards will be made. Board approval represents permission to award degrees if all requirements are met and does not constitute direction to award a degree. In an exceptional case where a student is in all respects qualified for degree and Board approval has not been obtained, the Commissioner is authorized to provide administrative approval to award the degree. In such cases, the Commissioner must formally notify the Board at the meeting immediately following the commencement at which the degree was awarded.

(BT Minutes, 9/90; 1/98; 3/2008)

HOURS TO DEGREE

All undergraduate degree programs must have a minimum of 120 hours and a maximum of 124 hours unless the Board has granted an exception. A request for exception will come to the Board with a justification and recommendation from the Commissioner. Among other issues, these reviews will take into account:

A. Accreditation standards of the appropriate specialized accrediting agencies which mandate a baccalaureate program of over 124 credit hours.

B. Licensing standards of the professions involved which require a baccalaureate program of over 124 credit hours.

Developmental and curriculum prerequisite preparative courses do not count as part of the 124 credit hour requirement.

(BT Minutes, 7/2004; 3/2008)
CORE CURRICULUM

In order to be awarded a baccalaureate degree, all students must complete a core curriculum consisting of the following:

- Social or Behavioral Science 6 semester hours

(BT Minutes, 1/2003; 3/2008)

HONORARY DEGREES AND OTHER AWARDS

The Board may award certificates of achievement, merit awards or other appropriate recognitions to those who have achieved a record of distinction at the state or national level or who have made an especially outstanding and significant contribution to the Board, the university or higher education.

Honorary degrees may be awarded by the Board to persons who have achieved a record of major distinction at the state or national level in such areas as education, public service, research, humanities, business, or the professions. In exceptional circumstances, honorary degrees may be awarded to persons who, though they have not achieved national or statewide recognition, have made an especially outstanding and significant contribution to the system, the university, or higher education.

Honorary degrees may be awarded only by approval of the Board upon the recommendation of the Institutional Executive Officer. Each Institutional Executive Officer shall establish a representative committee, composed of faculty and academic staff, which shall recommend to the Institutional Executive Officer proposed honorary degree recipients selected from nominations by the faculty, students, staff, and alumni. Before requesting Board approval, the Institutional Executive Officer shall submit to the Commissioner written information concerning the candidate’s achievements and any significant contributions to the university, the system, higher education, or the State of Mississippi. Unless an exception is approved by the Commissioner, Board approval of candidates must be obtained at least two months prior to the award.
of the degree and not more than two honorary degrees may be awarded by a university each year.

Elected or appointed public officials in state or local government, and members and employees of the Board are ineligible for award of any honorary degree during their term of office or employment and one (1) year thereafter.

(BT Minutes, 2/98; 3/2008)

514 Class Attendance

The Board requires that each institution develop, maintain, and follow written class attendance procedures. Such procedures shall conform to all applicable state and federal laws.

(BT Minutes, 3/2008)

515 MILITARY POLICIES

The Institutional Executive Officers are authorized to offer Reserved Officers’ Training Corps (R.O.T.C.) as an elective course.

(BT Minutes, 9/90; 1/98; 3/2008)

516 STUDENTS CALLED TO ACTIVE DUTY

Any student who has enrolled at an institution under the governance of the Board of Trustees, who is a member of the Mississippi National Guard, or one or more units of the Mississippi State Guard, or who is a member of any of the reserve components of the armed forces of the United States, and who has been placed in active duty status by orders of the President of the United States, or who has been drafted into any component of the armed forces of the United States, may be allowed to withdraw as a student of the institution, with a full refund of tuition, out-of-state fees (if applicable), student fees and any special fees, with room and board fees prorated with the approval of the Institutional Executive Officer.

Any student who withdraws from an institution under this policy will not receive any grades. The student record will show evidence of the withdrawal with documentation on file.
Any student called to active duty who has completed at least 3/4 of the semester and is in good standing with the institution, and who needs to only take the final examination to complete the semester, has the option to leave the university pursuant to this policy, without his/her class standing effected, and without refund of any of the above fees or tuition. However, within ninety (90) days after release from active duty, the student may make arrangements to take the final examination. The score of the final exam plus the unfinished semester's work will constitute the student's final grade.

Alternatively, any student called to active duty who has completed at least 3/4 of the semester and is in good standing with the institution, has the option to leave the university pursuant to this policy, without his/her class standing effected, and without refund of any of the above fees or tuition and shall have the option of receiving full credit for each enrolled course of study with the grade earned at the date he or she was called into active duty.

517 TEACHER AND ADMINISTRATOR PREPARATION PROGRAMS

All teacher and administrator preparation programs shall be appropriately accredited by the National Council for Accreditation of Teacher Education (NCATE) or the Teacher Education Accreditation Council (TEAC) and meet all Mississippi Department of Education standards so program graduates may receive appropriate licensure from the Mississippi Department of Education.

(BT Minutes, 3/2008)

518 QUALITY ASSURANCE POLICY FOR BEGINNING TEACHERS

Each institution will assure that its graduates:

- have completed an accredited educator preparation program, passed the entrance and exit examinations, and successfully completed a supervised student teaching experience in a K-12 setting;
- have sufficient subject matter knowledge in all areas included on their teaching certificate;
- can demonstrate success in bringing students from diverse cultural, ethnic, international, and socio-economic groups to high levels of learning;
- are able to use telecommunication and information technologies as tools for learning; and
• can maintain an environment conducive to learning.

Within the first two years after graduation, the university will provide additional training to any graduate who is teaching in-field, endorsed at the appropriate grade level, and is judged by both the employing Mississippi school district and the university school district liaison to need such training to be more effective. This training will be provided at no cost to the teacher or to the school district and will employ an individualized plan with specified learning outcomes agreed upon between the school district and the university.

Before remediation is requested by the school district, there must be at least two formal assessments, documentation of professional development provided by the school, a copy of the professional improvement plan, and a written explanation of the principal’s rationale for referring the teacher to the university.

This policy does not apply in situations where the teacher has been given an unreasonable number of assignments, an out-of-field assignment, an excessive number of students, or when other contextual arrangements exist which conflict with the idea of minimal and necessary support for beginning teachers.

(BT Minutes, 4/2001; 3/2008)

519 QUALITY ASSURANCE POLICY FOR BEGINNING ADMINISTRATORS

Each institution will assure that its graduates:

• have completed an accredited administrator preparation program, passed the entrance and exit requirements, and successfully completed a supervised internship experience in a K-12 setting;
• have sufficient leadership knowledge in all areas included on their administrator certificate;
• can demonstrate successful leadership in bringing students from diverse cultural, ethnic, international, and socio-economic groups to high levels of learning;
• are able to use telecommunication and information technologies as tools for learning; and
• can maintain an environment conducive to learning.

Within the first two years after graduation, the university will provide additional training to any graduate who is employed as a building principal/assistant principal and is judged by the employing Mississippi school district and the
university school district liaison to need such training to be more effective. This
training will be provided at no cost to the principal/assistant principal or to the
school district and will employ an individualized plan with specified leadership
outcomes agreed upon between the school district and the university.

Before remediation is requested by the school district, there must be at least
two formal assessments, documentation of professional development provided
by the school, a copy of the professional improvement plan, and a written
explanation of the superintendent’s rationale for referring the building
principal/assistant principal to the university.

This policy does not apply in situations where the principal/assistant principal
has been given an unreasonable number of assignments, or when other
contextual arrangements exist which conflict with the idea of minimal and
necessary support for beginning principal/assistant principals.

(BT Minutes, 3/2001; 3/2008)

520 TRANSFER OF THE ASSOCIATE OF ARTS DEGREE FROM A
MISSISSIPPI COMMUNITY/JUNIOR COLLEGE

A. General Policy

IHL institutions will accept all transferable courses with a grade of “C” or
better completed as part of an Associate of Arts degree from a Mississippi
community/junior college. Upon transferring to an IHL institution, these
students may begin taking courses within a declared major or to fulfill
prerequisites for a major. Acceptance into some majors may require a higher
grade point average and/or additional pre-major/prerequisite courses
beyond requirements for the Associate of Arts degree.

1) Students that graduate with an Associate of Arts degree from a
Mississippi community/junior college and complete the 30-hour IHL
Board core curriculum (Board Policy Section 512 “Core Curriculum”) with
a grade of “C” or better in each core course will satisfy the IHL core
curriculum requirement at each IHL institution. General education
requirements for baccalaureate programs at the receiving institution may
exceed the minimum IHL core curriculum. In such cases, transfer
students may need to take additional courses to satisfy these
requirements.
IHL Board of Trustees  
*Policies & Bylaws*

2) All non-IHL core curriculum courses in the Associate of Arts degree program may be assigned to fulfill the pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the Associate of Arts degree program and the declared major at the IHL institution.

B. Transferable Courses

When students transfer to an IHL institution from a Mississippi community/junior college, IHL institutions will use the Articulation Agreement between the Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi State Board for Community and Junior Colleges to articulate the transfer of courses.

(BT Minutes, 3/2010; 4/2013)
SECTION 600 - STUDENT AFFAIRS AND ADMISSIONS

601 ADMISSION STANDARDS

The Board shall have the authority to establish minimum standards of achievement as a prerequisite for entrance into any of the institutions under its jurisdiction, which standards need not be uniform between the various institutions and which may be based upon such criteria as the Board may establish. The manual (*Admission Standards, Developmental Education Curriculum and Core Undergraduate Requirements for University System Institutions*), designed to assist the institutions in proper implementation of *Board Policy* and to assure compliance with the requirements set forth by the Board, is given to university personnel and a copy is on file at the Office of the Commissioner.

Admission policies are to be included in materials disseminated to the high schools and in university catalogs. IHL and university websites are to relate the means by which admission policies may be readily obtained.

(BT Minutes, 9/90; 9/93; 1/98; 1/2003; 2/2009)

1High school Carnegie units required for regular admission to an IHL institution
2Recommended high school Carnegie units to enhance preparedness for college-level work

The Required and Recommended College Preparatory Curricula (CPC) are approved by the IHL Board of Trustees, and the IHL Office of Academic and Student Affairs maintains a complete list of courses that can be used to satisfy the CPC requirements.

B. FULL ADMISSION

Full admission will be granted to the following:

(1) All students completing the College Preparatory Curriculum (CPC) with a minimum of a 3.20 high school grade point average (GPA) on the CPC; or

(2) All students completing the College Preparatory Curriculum (CPC) with (a) a minimum of a 2.50 high school GPA on the CPC or a class rank in the top 50%, and (b) a score of 16 or higher on the ACT (Composite); or

(3) All students completing the College Preparatory Curriculum (CPC) with (a) a minimum of a 2.00 high school GPA on the CPC and (b) a score of 18 or higher on the ACT (Composite); or

(4) NCAA Division I standards for student athletes who are “full-qualifiers” or “academic redshirts” are accepted as equivalent to the admission standards established by the Board.

In lieu of ACT scores, students may submit equivalent SAT scores. Students scoring below 16 on the ACT (Composite) or the equivalent SAT are encouraged to participate in the Year-Long Academic Support Program during their freshman year.
C. ACADEMIC PLACEMENT RESULTING FROM VARIOUS DEFICIENCIES

Those Mississippi residents who applied and failed to meet Full Admission Standards along with any Mississippi high school graduate regardless of academic performance may, as a result of review, be admitted to the summer or fall semester. The ACT is not a requirement in this category. The review shall involve a consideration of high school performance, ACT scores (if available), placement testing, special interests and skills as well as other non-cognitive factors. The review shall result in placement in one of the following categories:

1. Full Admission

As a result of the review, students in this category may be placed as if admitted under Section B. In addition, students may be required to enroll in selected college level courses in science and social science equivalent to high school courses in which their background is inadequate. These courses will yield institutional credit.* Other students in this category may be required to participate in the Year-Long Academic Support Program.

2. Full Admission with Academic Deficiencies

Students who have not demonstrated adequate readiness in English or Reading or Mathematics will be granted Full Admission with Academic Deficiencies to the Summer Developmental Program. This is an intensive program that concentrates on high school subject areas (English, Reading, and Mathematics) that are applicable to success in first-year college courses. These courses carry institutional credit.* Students who successfully complete the summer program, by passing the developmental courses that they are determined to be deficient and the Learning Skills Laboratory courses, will receive admission to the fall term with mandatory participation in the Year-Long Academic Support Program or some other IHL recognized intervention strategy to promote success in the courses in which they are not fully prepared, according to ACT subtest scores. Students who fail to successfully complete the Summer Developmental Program are not eligible for enrollment in the regular academic year and will be counseled to explore other post-secondary opportunities, including those offered by community colleges.
D. YEAR-LONG ACADEMIC SUPPORT PROGRAM

This program is designed to assist those students admitted with academic deficiencies, as well as other volunteer students, with their freshman courses. The Year-Long Academic Support Program will consist of classroom, individual, and computer-assisted instruction along with career counseling in a laboratory setting. The Program carries institutional credit.*

*Institutional credit courses do not count toward graduation but carry all other academic requirements.

E. General Transfer Admission for Students Who Were Not Eligible for Regular Admission

Any student who was not eligible for regular admission and who has not successfully completed the Summer Developmental Program must attend an accredited institution of higher education other than those under the governance of the Board of Trustees and must attain a "C" average (2.0 GPA on a 4.0 scale, as calculated by the admitting IHL institution) in the following 30 transferable semester credit hours to be eligible to transfer to an IHL institution:

- 6 semester hours English Composition
- 3 semester hours College Algebra, Quantitative Reasoning, or higher level mathematics
- 6 semester hours Natural Science
- 9 semester hours Humanities and Fine Arts
- 6 semester hours Social or Behavioral Sciences

All other transfer admissions-students are subject to the requirements outlined in Policy 602 Freshman Admission Requirements for University
System Institutions (sections A and B). Admitting institutions may establish additional admission requirements.

F. Nonresident Admissions

Any student identified as a nonresident will be qualified for admission to a Mississippi institution of higher learning based on equivalent preparation as determined by the admitting institution.

If, however, an admitting institution determines that anticipated enrollment will exceed the institution’s capacity to adequately serve all prospective students who are otherwise qualified for admission, then the institution may make appropriate admissions decisions from among the pool of otherwise qualified non-resident applicants in light of institutional capacity and consistent with constitutional and other legal requirements, as well as in light of the IHL and the admitting institution’s values, mission, and goals.

(BT Minutes, 2/2009; 3/2011)

603  APPLICANTS TWENTY-ONE YEARS OF AGE OR OVER

An applicant who is at least twenty-one (21) years old and does not meet the regular freshman admission requirements may apply for admission as a non-degree seeking student. Non-degree seeking students may enroll in a maximum of twelve (12) semester hours during a regular term, six (6) semester hours during a five-week summer term, or equivalent hours for alternate terms as determined by the admitting institution. To transition from non-degree-seeking to degree-seeking status, students must satisfactorily complete twelve (12) hours with a “C” or better average in the general education core. Once admitted to a degree program, a maximum of eighteen (18) semester hours credit earned as a non-degree-seeking student may be applied toward a baccalaureate degree if approved by the dean of the college or school from which the degree is sought.

APPLICANTS WITHOUT A DIPLOMA FROM A REGIONALLY ACCREDITED HIGH SCHOOL; HOME SCHOOL STUDENTS; INTERNATIONAL STUDENTS

The following are documentation requirements for specific groups of applicants:

1. Applicants who have completed high school from a school that does not hold regional accreditation must submit the following:
   a. Transcripts reflecting academic performance or a secondary school leaving form
   b. ACT or SAT scores

2. Home-schooled applicants must submit the following:
   a. Home-school transcripts or portfolio summarizing home school education
   b. ACT or SAT scores

3. Domestic applicants who have not completed high school must submit the following:
   a. Qualifying scores on a state approved high school equivalency examination
   b. Transcripts reflecting academic performance or a secondary school leaving form
   c. ACT or SAT scores

4. International applicants who have completed an international or foreign high school may be admitted in another admissions category or must submit one of the following:
   a. Transcripts reflecting academic performance or a secondary school leaving form or
   b. ACT or SAT scores

All applicants described in this section are subject to the requirements outlined in Policy 602 Freshman Admission Requirements for University System Institutions (sections 602.A and 602.B). Applicants in this section may validate the College Preparatory Curriculum in an alternate way. Admitting institutions may establish additional admission requirements.

All applicants described in this section may be required, at the discretion of the admitting IHL institution, to appear for an on-campus interview.

PROOF OF IMMUNIZATION

A. Measles, Mumps, and Rubella

Proof of immunization of measles, mumps, and rubella is required (two doses of the MMR vaccine) of all students, unless exempt because of (a) actual or suspected pregnancy (measles or rubella vaccines are not required for females who are pregnant; if pregnancy is suspected, a valid certificate of medical exception from a health provider is required until pregnancy is resolved), (b) medical contraindication, or (c) birth prior to 1957. Temporary waivers may be granted for students enrolled in distance learning courses and/or programs where their time on campus is limited to a minimum number of hours as determined by the admitting IHL institution.

B. HEPATITIS B

Proof of hepatitis B vaccination is required for students who are involved in health education programs that cause them to be potentially exposed to blood or other bodily fluids.

C. TUBERCULOSIS

Proof of test screening for tuberculosis by chest x-ray and interferon gamma release assays (IGRA) performed in the United States prior to the start of classes is required for all international students.

CERTIFICATE OF ADMISSION

Each applicant to any university within the system must receive and have in his possession a letter or certificate of admission signed by the officer designated by the Institutional Executive Officer of the university before presenting him/herself for registration. No student shall be permitted to register or attend classes without such certificate. No officer shall issue a letter or certificate of admission
to any student whose application has not been completed in accordance with the regulations of the Board.

607 REJECTION OF APPLICATION

A. FUNDAMENTAL REQUIREMENTS

Applications containing false, contradictory, questionable, or uncertain data, or which fail to comply with the fundamental requirements or the policies of the institutions as established by the Board shall be rejected.

B. FRAUDULENT STATEMENTS AND REPRESENTATIONS

Whoever, with intent to defraud the state or any department, agency, office, board, commission, county, municipality or other subdivision of state or local government, knowingly and willfully falsifies, conceals or covers up by trick, scheme or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall, upon conviction, be punished by a fine of not more than Ten Thousand Dollars ($10,000.00) or by imprisonment for not more than five (5) years, or by both such fine and imprisonment.

This section shall not prohibit the prosecution under any other criminal statute of the state.

(BT Minutes, 4/2013)

610 RESIDENCY REQUIREMENTS

A. RESIDENCE OF A MINOR

For purposes of determining whether a minor pays out-of-state or in-state tuition for attendance at universities and community and junior colleges, the residence of a person less than 21 years of age is that of the father, the mother or a general guardian duly appointed by a proper court in Mississippi. If a court has granted custody of the minor to one parent, the residence of the minor is that of the parent who was granted custody by the court. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that parent’s death, unless the minor lives with a general guardian duly appointed by a proper court of Mississippi, in which case his/her residence becomes that of the guardian. A minor student who, upon registration at a Mississippi institution of higher learning or community college, presents a transcript demonstrating graduation from a Mississippi secondary school and who has been a secondary school student in Mississippi for not less than the final four years of secondary school attendance shall not be required to pay out-of-state tuition. This policy shall not apply to the residence of a person as it relates to residency for voter registration or voting.

B. RESIDENCE OF AN ADULT

The residence of an adult is that place where he/she is domiciled, that is, the place where he/she actually physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent.

C. REMOVAL OF PARENTS FROM MISSISSIPPI

If the parents of a minor who is enrolled as a student in a community/junior college or in an institution of higher learning move their legal residence from the State of Mississippi, the minor shall be immediately classified as a nonresident student; such a change in classification shall not affect the tuition to be charged upon completion of the semester in which the move takes place.

D. RESIDENCE REQUIRED

No student may be admitted to any community/junior college or institution of higher learning as a resident of Mississippi unless his/her residence has been in the State of Mississippi preceding his/her admission. Residence shall be as defined in Sections 37-103-7 and 37-103-13 unless excepted in Miss. Code Ann., §§ 37-103-1 through 37-103-29.

E. RESIDENCY PETITIONS

Nonresidents may petition the institutions for a change of residency classification. A person who enters the state of Mississippi from another state and enters a system institution is considered a nonresident, unless the person meets the residency requirements set out in subsections A or B above. Provided, however, that any person who has attained 21 years of age and has thereafter actually established residency as defined within subsection A above and resided within the state of Mississippi for 12 consecutive months after attaining 21 years of age upon sworn affidavit and other representation, may petition the particular institution for a change in residency classification for the purposes of fees and tuition assessment. The institution may make reasonable inquiry into the validity of the petitioner's claim. Such petition for change of residency must be made on or before the last day a student may register at the particular institution without penalty.

F. LEGAL RESIDENCE OF A MARRIED PERSON

A married person may claim the residence status of his or her spouse, or he or she may claim independent residence status under the same regulations set forth in Section 37-103-13 as any other adult.

G. CHILDREN OF FACULTY OR STAFF

Children of parents who are members of the faculty or staff of any institution under the jurisdiction of the board of trustees of any community/junior college in this state or the Board of Trustees of State Institutions of Higher Learning may be classified as residents for the purpose of attendance at the institution where their parents are faculty or staff members.

611 MILITARY PERSONNEL

A. ACTIVE DUTY STATION IN MISSISSIPPI

Members of the United States Armed Forces on extended active duty and stationed within the State of Mississippi and members of the Mississippi National Guard may be classified as residents, for the purpose of attendance at state-supported institutions of higher learning and community and/or junior colleges of the State of Mississippi. Resident status of such military personnel, who are not legal residents of Mississippi, as defined in Section 37-103-13, shall terminate upon their reassignment for duty in the continental United States outside the State of Mississippi.

Miss. Code Ann., §37-103-17, as amended.

B. SPOUSE OR CHILD OF MILITARY PERSONNEL

Resident status of a spouse or child of a member of the Armed Forces of the United States on extended active duty shall be that of the military spouse or parent for the purpose of attending state-supported institutions of higher
learning and community/junior colleges of the State of Mississippi during the
time that their military spouse or parent is stationed within the State of
Mississippi and shall be continued through the time that the military spouse
or parent is stationed in an overseas area with last duty assignment within
the State of Mississippi, excepting temporary training assignments en route
from Mississippi. Resident status of a minor child terminates upon
reassignment under Permanent Change of Station Orders of the military
parent for duty in the continental United States outside the State of
Mississippi, excepting temporary training assignments en route from
Mississippi, and except that children of members of the Armed Forces who
attain Mississippi residency in accordance with the above provisions, who
begin and complete their senior year of high school in Mississippi, and who
enroll full time in a Mississippi institution of higher learning or
community/junior college to begin studies in the fall after their graduation
from high school, maintain their residency status so long as they remain
enrolled as a student in good standing at a Mississippi institution of higher
learning or community/junior college. Enrollment during summer school is
not required to maintain such resident status.

The spouse or child of a member of the Armed Forces of the United States
who dies or is killed is entitled to pay the resident tuition fee if the spouse or
child becomes a resident of Mississippi.

If a member of the Armed Forces of the United States is stationed outside
Mississippi and the member’s spouse or child establishes residence in
Mississippi and registers with a Mississippi institution of higher learning or
community/junior college at which the spouse or child plans to attend, the
institution of higher education or community/junior college shall permit the
spouse or child to pay the tuition, fees and other charges provided for
Mississippi residents without regard to length of time that the spouse or
child has resided in Mississippi.

A member of the Armed Forces of the United States or the child or spouse of
a member of the Armed Forces of the United States who is entitled to pay
tuition and fees at the rate provided for Mississippi residents under another
provision of this section while enrolled in a degree or certificate program is
entitled to pay tuition and fees at the rate provided for Mississippi residents
in any subsequent term or semester while the person is continuously
enrolled in the same degree or certificate program. A student may withdraw
or may choose not to reenroll for no more than one (1) semester or term
while pursuing a degree or certificate without losing resident status only if
that student provides sufficient documentation by a physician that the
student has a medical condition that requires withdrawal or nonenrollment. For purposes of this subsection, a person is not required to enroll in a summer term to remain continuously enrolled in a degree or certificate program. The person's eligibility to pay tuition and fees at the rate provided for Mississippi residents under this subsection does not terminate because the person is no longer a member of the Armed Forces of the United States or the child or spouse of a member of the Armed Forces of the United States.

C. CERTIFICATION OF RESIDENCE OF MILITARY PERSONNEL

A military person on active duty stationed in Mississippi who wishes to avail himself/herself or his/her dependents of the provisions of Section 37-103-17 must submit a certificate from his/her military organization showing the name of the military member; the name of the dependent, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member will be on active duty stationed in Mississippi on the date of registration at the state-supported institution of higher learning or community/junior college of the State of Mississippi; that the military member is not on transfer orders; and the signature of the commanding officer, the adjutant, or the personnel officer of the unit of assignment with signer's rank and title. A military certificate must be presented to the registrar of the state-supported institution of higher learning or community/junior college of the State of Mississippi each semester or tri-semester at (or within 10 days prior to) registration each semester for the provisions of said section to be effective.

612 AUTHORITY TO SET TUITION AND WAIVER OF OUT-OF-STATE TUITION FOR NONRESIDENTS WHO WERE BORN IN MISSISSIPPI AND ARE VETERANS OF THE ARMED FORCES

The Board of Trustees of State Institutions of Higher Learning and the boards of trustees of the community/junior colleges are authorized to prescribe the amount of tuition and fees to be paid by students attending the several state-supported institutions of higher learning and community/junior colleges of the State of Mississippi.
Except as otherwise provided in this subsection, the total tuition to be paid by residents of other states shall not be less than the average cost per student from appropriated funds. However, the tuition to be paid by a resident of another state shall be equal to the tuition amount established in the above paragraph if:

1. The nonresident student was born in the State of Mississippi but subsequently relocated and resided outside the state as a minor under the care of the minor’s father or mother, or both;

2. The nonresident student is a veteran who served in the Armed Forces of the United States;

3. The nonresident student is domiciled in Mississippi no later than six months after the nonresident student’s separation from service, as evidenced by a Report of Separation from Military Service or other military discharge document, for the purpose of enrolling in a state institution of higher learning or a community/junior college.

613  ATHLETICS

A. ATHLETIC RECRUITMENT

The Board endorses the National Collegiate Athletic Association (NCAA) rules and regulations for the recruitment of student athletes. The Board reserves the prerogative to adopt standards more restrictive than those which have been approved by NCAA but under no conditions shall the Board adopt less restrictive standards. All institutional standards and/or policies relating to institutional athletics will be on file in the Board Office.

B. INTERCOLLEGIATE AND INTRAMURAL ATHLETICS

The programs of intercollegiate and intramural athletics of the state institutions shall be organized and developed as elements in the total educational programs of the institutions. Athletic programs shall be conducted so as to promote the total welfare of students, including physical and mental health and the development of capacities and talents, and so as
to contribute to the morale of students, alumni and friends of the institutions. Programs of intercollegiate athletics shall be under the complete control of the Institutional Executive Officers, subject to the oversight of the Board. Funds used to support all athletic programs shall be fully controlled by the Institutional Executive Officer of the institution; however, no funds budgeted for instructional purposes may be diverted to athletics and no athletics funds may be diverted to other purposes without approval by the Board. Standards of the NCAA and appropriate regional conferences shall be the standards of the institution's athletic departments.

C. ATHLETIC TICKETS

Upon request, Institutional Executive Officers may furnish complimentary athletic tickets for Board members. The number of such tickets for any one event is not to exceed six.

Upon request to the institutions, former Board members may receive two complimentary tickets for athletic events.

The Board delegates to the respective Institutional Executive Officers the administrative responsibility of issuing complimentary athletic tickets to individuals other than those identified in the preceding paragraph. (Universities shall keep accurate records of complimentary tickets distributed by number of tickets and category of recipients and shall file an annual report with the Commissioner.)

614 PERSONAL PROPERTY

A. Lost or abandoned personal property as defined in Miss. Code Ann., §1-3-41, as amended, shall be held by the institution for a period of at least three months.

B. Designated officers of the institution shall upon the receipt or recovery of any lost, abandoned or misplaced personal property, cause to be posted in three public places at the institution, notice that such property has been received. Such notice shall contain an accurate and detailed description of such property and if the designated officers are advised as to who owns such
property, a copy of such notice shall be mailed to such person or persons in addition to being posted. The owner of such property may recover the same upon a determination by the designated officers of the rightful owner and upon the owner paying to the institution its reasonable expenses for handling and storage.

C. If not claimed and possession resumed by the rightful owner within three months from the date of notice provided for above, the designated officers may cause the same to be sold at public or private sale after first posting notice of such sale in three public places at the institution at least ten (10) days preceding the date of such sale.

D. The property may be sold by the institution, forfeited for official use, given away for a charitable or needy purpose, or other proper disposition.

E. The proceeds of institutional sale of said property shall be placed in such fund or funds as assigned by the Institutional Executive Officer.

F. All policies regarding abandoned motor vehicles should be in compliance with Miss. Code Ann., §63-23-1, et seq., as amended.

615 STUDENT APPEALS

The Board delegates to the various Institutional Executive Officers full authority in all matters concerning student affairs. The decision of the Institutional Executive Officer shall be final so far as the institution is concerned. Upon rendering of a final decision, the aggrieved student will be notified. The Institutional Executive Officer may request the legal assistance of the Attorney General's Office through the Commissioner.

616 ALCOHOL ON CAMPUS

The universities are directed to follow all applicable local, state and federal laws as to the possession and consumption of alcohol, light wine and beer on their respective campuses. However, each university is authorized to create more
restrictive policies, rules and regulations related to the possession and consumption of alcohol, light wine and beer on campus which do not violate applicable local, state and federal laws. No alcoholic beverages shall be sold or consumed at any public athletic event at any state university. Additionally, each university shall make educational programs on alcohol abuse available to its students.

617 TEXTBOOK POLICY

This Textbook Policy establishes minimum system-wide guidelines and goals aimed at addressing the cost of college textbooks and other instructional materials and at ensuring compliance with Section 133 of the federal Higher Education Opportunity Act (HEOA) of 2008.

By June 1, 2010 each institution in the IHL system shall establish a written policy that includes the following provisions. In this policy, the term textbook is meant to include various types of course materials, including software, electronic files, supplemental materials, and course packs.

1. **Textbook Adoption Deadlines** – Each institution shall establish firm deadlines and procedures for the adoption of textbooks for upcoming semesters. These deadlines and procedures shall be set to enable the institution to fully comply with the HEOA of 2008, including the requirement that textbook information (including ISBN and prices) be provided to students at the time of registration.

   Requirements:
   - Institutions shall establish adoption deadlines that are no later than the beginning of the registration period for succeeding semesters and that provide sufficient time to work with affiliated bookstores to meet the HEOA posting requirements. Additionally, these adoption deadlines shall be at least 40 days prior to the end of the preceding semester, whenever possible, as dictated by registration schedules.
   - The adoption process will include the indication of whether a textbook is required or recommended and should include to the extent possible an indication of whether an alternate (e.g., earlier) edition of the textbook may be used. Timely adoption of textbooks is required for the following course types: lecture, lecture/lab, laboratory, and recitation/discussion. These course types, as designated and defined by the IHL Data Dictionary, are generally assumed to be courses with textbook requirements. Any
other courses which at individual institutions historically require textbooks shall be included in the individual institution’s adoption policy.

- Department chairs/heads will be responsible for ensuring that all pertinent courses under their authority have adoptions submitted by the deadline, even in instances where no instructor has been assigned for a course section as of the announced adoption deadline date.
- Departments shall be strongly encouraged to adopt the same course materials for all sections of each course.

2. **Minimum Adoption Periods** - Each institution shall establish guidelines that promote a minimum adoption period for textbooks. In this section, textbook refers specifically to a book that is resalable, as opposed to one-time usage materials (e.g., workbooks) or books that have limited resale value.

- Institutions shall set guidelines for a minimum three-year adoption period for lower division courses. These guidelines may include reasonable exceptions to this requirement for instances when editions go out of print, when substantive changes are made in either the course description or the textbook, or when there is a significant change in the body of knowledge pertinent to the course. Procedures for the authorization of exceptions should include approval at the dean level, after recommendation from a department chair/head.
- Guidelines shall encourage a minimum textbook adoption period of at least two years for upper division courses. However, it is recognized that, to provide current scholarship in a global marketplace, upper division courses will have more advanced and changing content, that students often wish to build a personal library of books in their major, and that there is a more limited potential for establishing a favorable local buy-back market for such upper division textbooks. Because of these factors, institutional policy will balance the benefits of a minimum adoption period with the selection of the best available textbook.

3. **Dissemination of Textbook Information** – Institutions shall be responsible for providing information on best practices in textbook adoptions to faculty and for providing advice to students on ways to save money on textbook purchases.

- The institutions or affiliated bookstores shall provide faculty with information and tools for the selection of textbooks, including pricing information and the availability of alternative formats for course materials (e.g., whether textbooks are available in electronic versions) and of separately available components of a bundled textbook;
The institutions or affiliated bookstores shall provide students with tips on purchasing textbooks, including the availability of electronic versions, the availability of unbundled textbook components, buy-back and exchange policies, and price-matching policies. Institutions shall provide this information, including an explanation of the significance of ISBNs, to entering freshmen during orientations or within 30 days prior to the beginning of the fall semester.

The institutions or affiliated bookstores shall provide faculty and students with results from surveys of student satisfaction with textbooks.

4. **Assessment of Progress** – Institutions shall develop procedures to assess the success of the above practices in containing the costs of textbooks. These procedures shall include analyses and reports appropriate to assessing compliance with this policy, as well as identifying and improving system and institutional practices.

- Assessment strategies shall include: the inclusion of questions on student surveys (e.g., course evaluations) about the value of assigned textbooks; production of reports of the extent of compliance of each institution with the adoption deadlines; information about the costs of the textbooks for the top twenty (highest enrollment) courses; the volume of buy-back purchases at the affiliated bookstores; the number of electronic versions of textbooks being used; and surveys (student and faculty) of the ability of the affiliated bookstore to provide adequate stocking of books.

- By April 1, 2010 the institutional executive officer of each institution will name a textbook coordinator who will be responsible for the implementation and administration of this policy.

- Annually, the textbook coordinator will submit such assessment information as required by the assessment plan as an annual assessment report to the Commissioner or his/her designee.

- The annual assessment report will be made available on the website of the subject institution, as well as on the System website.

SECTION 700 - FINANCE AND BUSINESS

701 BUDGET AND APPROPRIATIONS

701.01 ADEQUATE FUNDING MODEL

A. General Policy
   It is the goal of the Board to provide affordable, accessible, high quality programs at the institutions under its jurisdiction. A stable, understandable, and predictable adequate funding model that promotes sound financial, educational, and programmatic planning is an important component of efforts to achieve this goal. The Adequate Funding Model provides accountability and effectively demonstrates adequate funding levels. For the model to be effective, it must have the unified support of the institutions and generate appropriations and other revenues sufficient for the institutions to fulfill their respective missions.

B. Description of Model
   The essential features of the Adequate Funding Model are peer group comparisons, an open and comprehensive planning and budget process that generates planning and budget priorities to be addressed by the Adequate Funding Model, and the use of a variety of analytical tools.

1. Peer Group Comparisons
   Peer group comparisons will be based on comparisons of core support revenues, appropriations, average tuition and required fees, enrollments, expenditures and other appropriate factors. Mississippi institutions will be grouped by SREB and Carnegie classifications, with peer institutions, and in other comparison groups as appropriate. Other comparisons, such as the comparison of Mississippi institutional data with allocation formulas of other states will also be utilized if appropriate.

   Peer group comparisons will be used to determine the adequacy of base funding for Mississippi institutions. Resolution of inadequate base funding shall be a priority of the Adequate Funding Model.

2. Components
   The primary components of the Adequate Funding Model are described below. Components may be added to or deleted from the Adequate Funding Model with Board approval if circumstances warrant such addition or deletion.
a. IHL Priorities
   This component provides an opportunity for the Board and the institutions to consider priorities resulting from institutional and system planning processes and to deal with special funding concerns such as enrollment, base funding, technology, new missions, new programs, performance measures, and legal requirements.

b. Built-ins
   Built-ins are funding requirements associated with the operation of new facilities.

c. Salary Adjustments
   Salary increase requests are considered separately and include consideration of increases based on peer group comparisons and recruitment/retention strategies.

d. Continuation Funding
   Continuation Funding considers the impact of inflation, depreciation, new policies, new requirements, contractual price changes and other such factors on institutional funding requirements.

3. Analytical Tools
   Analytical tools will be used to maintain the integrity of the Adequate Funding Model including such tools as a) a well-maintained, open, and comprehensive planning and budget cycle, b) cost studies and cost analyses, c) benchmarking, d) policy monitoring, e) academic and financial audits, and f) performance measures.

(BT Minutes, 3/99)

701.02 PLANNING AND BUDGET PRIORITIES

The Commissioner, after consultation with the Institutional Executive Officers, shall prepare and submit an annual statement of system planning and budget priorities for consideration and approval by the Board. These priorities will then be incorporated into the Adequate Funding Model to help generate the annual budget request for the several institutions and separately budgeted units.

(BT Minutes, 9/90; 4/98)
701.0201  **GENERAL FINANCIAL POLICY**

All appropriations made for the use of any or all institutions including the central office of the Board shall be received by the Board as a lump sum, with the power and authority in said Board to allocate and distribute the same among the institutions under its control in such way and manner and in such amounts as will further an efficient and economical administration of the institutions.

The Board may hold, purchase, lease, sell, convey, or otherwise dispose of public property, execute conveyances thereon, and utilize the proceeds arising therefrom; the Board may exercise the power of eminent domain in the manner provided by law; and shall have such other powers and duties as provided by law.

The Board may accept bequests, donations, grants, and transfers of land, buildings, and other property for the use of the various institutions.

(BT Minutes, 9/90; 1/98; 12/2005)

701.03  **BUDGET REQUESTS**

The Commissioner, after consultation with the Institutional Executive Officers, shall use the Adequate Funding Model to prepare and submit an annual budget request for the several institutions and separately budgeted units for approval by the Board prior to its submission to the Legislature.

(BT Minutes, 4/98)

701.04  **ALLOCATION OF APPROPRIATIONS**

The Commissioner, after consultation with the Institutional Executive Officers, shall use the Adequate Funding Model to prepare and submit for approval by the Board an annual request for allocation of funds appropriated by the Legislature for the use of the several institutions and separately budgeted units.

(BT Minutes, 4/98)
701.05  BUDGETS

The Commissioner, after consultation with the Institutional Executive Officers, shall use the Adequate Funding Model to prepare and submit for approval by the Board annual budgets for the several institutions and separately budgeted units.

(BT Minutes, 4/98)

701.06  BUDGET ESCALATIONS AND REVISIONS

All escalations to the annual budgets of the several institutions and separately budgeted units must be submitted through the Commissioner to the Board for approval prior to implementation. All revisions to the annual budgets which do not increase the total amount of the budgets must be approved by the Commissioner prior to implementation and subsequently reported to the Board.

(BT Minutes, 5/98)

701.07  DEPOSITORY POLICY

The state institutions of higher learning and the State Department of Public Welfare, after receiving the written approval of the State Fiscal Officer as provided in §7-9-41, shall select and make a contract with some bank to serve as depository for institutional funds. The contract shall be for five years.

If the depository is not a participant in the state collateral pool, the institution shall monitor the collateralization of deposits by the depository to ensure compliance with state statutes.

(BT Minutes, 6/98; 8/2010; 10/2016)

701.08  INVESTMENT POLICY

Investments are defined to include, but are not limited to any monetary or negotiable asset or property right held by an entity including all Endowment and Similar Funds; all Loan Funds; and Current Funds, Plant Funds, and Agency Funds.
The Board authorizes the institutional executive officers or their designee to invest institutional funds in the following instruments as allowed by Section 27-105-33: time certificates of deposit, interest-bearing accounts, Direct United States Treasury obligations, United States Government agency, United States Government instrumentality or United States Government sponsored enterprise obligations, and direct security repurchase agreements and reverse direct security repurchase agreements of any federal book entry of the aforementioned Unites States Treasury or Government obligations.

Institutional funds are those held by an institution for its exclusive use, benefit or purposes but do not include (a) funds held for an institution by a trustee that is not an institution, or (b) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund. Institutional funds include Current Funds, Loan Funds, Endowment Funds, Plant Funds, and Agency Funds.

Endowment funds are institutional funds that are not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument.

For purposes of defining allowable investment instruments for endowment funds, in addition to an investment of endowment funds otherwise authorized by Miss. Code Ann., §27-105-33, as amended, or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the institutional executive officer or their designee, subject to any specific limitations set forth in the applicable gift instrument, may invest in instruments as allowed by the Uniform Management of Institutional Funds Act of 1998.

(BT Minutes, 6/98)

701.09 FINANCIAL REPORTS

A. For all institutions specified herein, the Board shall prepare an annual report to the Legislature setting forth the disbursements of all moneys appropriated to the respective institutions. Each report to the Legislature shall show how the money appropriated to the several institutions has been expended, beginning and ending with the fiscal years of the institutions, showing the name of each teacher, officer, and employee, and the salary paid each, and an itemized statement of each and every item of receipts and expenditures. Each report must be balanced, and must begin with the former balance. If
any property belonging to the state or the institution is used for profit, the
reports shall show the expense incurred in managing the property and the
amount received therefrom. The reports shall also show a summary of the
gross receipts and gross disbursements for each year and shall show the
money on hand at the beginning of the fiscal period of the institutions next
preceding each session of the Legislature and the necessary amount of
expense to be incurred from said date to January 1 following. The Board
shall keep the annual expenditures of each institution herein mentioned
within the income derived from legislative appropriation and other sources,
but in case of emergency arising from acts of providence, epidemics, fire or
storm with the written approval of the Governor and by written consent of a
majority of the Senators and of the Representatives it may exceed the
income. The Board shall require a surety bond in a surety company
authorized to do business in this state of every employee who is the
custodian of funds belonging to one or more of the institutions mentioned
herein, which bond shall be in a sum to be fixed by the Board in an amount
that will properly safeguard the said funds, the premium for which shall be
paid out of the funds appropriated for said institutions.

(BT Minutes, 11/2005)

B. For all institutions specified herein, the Board shall provide a uniform system
of recording and of accounting approved by the State Department of Audit.
The Board shall annually prepare, or cause to be prepared, a budget for each
institution of higher learning for the succeeding year which must be prepared
and in readiness for at least thirty (30) days before the convening of the
regular session of the Legislature.

(BT Minutes, 9/90; 1/98; 11/2005)

C. Every custodian of funds and/or property is required to have an individual
official bond, as defined in Miss. Code Ann., §25-1-15, of at least $100,000. A
custodian of funds and/or property is defined as an officer or employee who
has signature authority on a bank account or is otherwise in direct control of
funds and/or property. Blanket fidelity bonds or public employee dishonesty
policies for employees who are not custodians of funds as defined shall be
obtained by each institution. All official bonds, blanket fidelity bonds, and
public employee dishonesty policies shall name the Board as a certificate
holder. The Board, as a certificate holder, shall receive direct notification by
the carrier of all bond and policy changes. The premiums for all such bonds shall be paid out of the funds appropriated for said institution.

(BT Minutes, 1/98; 11/2005)

702 TUITION, FEES AND OTHER STUDENT CHARGES

702.01 GENERAL POLICY

The level of tuition, fees and other student charges is an important component of efforts to achieve this goal. It is the general policy of the Board that tuition, fees and other student charges should be kept as low as possible consistent with the need to provide sufficient revenues to insure the provision of high quality programs.

(BT Minutes, 6/98)

702.02 DEFINITIONS

A. Tuition
   Tuition is the basic, comprehensive, multi-purpose charge all students are required to pay as a condition of enrollment at a university.

B. Room and Board
   Room and Board is a charge, or set of charges, assessed to students who elect to stay in residence halls or other institution-owned facilities, or to eat in institutional food service facilities.

C. Participation/Optional Fees

703 INSTITUTIONAL SCHOLARSHIPS, TUITION WAIVERS, ASSISTANTSHIPS, AND FELLOWSHIPS

703.01 PURPOSE

The Board of Trustees of the Mississippi Institutions of Higher Learning (IHL) recognize that financial support of deserving students is an important means of enhancing the human capital of the State of Mississippi and enriching the learning environments of the System's institutions. In order to realize an educated society, comprehensive and responsive financial assistance programs are crucial. Institutional financial assistance programs will help ensure access to higher education, promote diversity, foster retention and graduation of students, and assist in the preparation of a better work force.

(BT Minutes, 3/98)

703.02 DEFINITIONS

Institutional Student Financial Support is financial aid provided to students from institutional Unrestricted Educational and General funds (E&G), i.e., those general state appropriations and tuition and fee revenues that are not specifically restricted as to the purpose(s) for which the funds may be expended.

Scholarships and Tuition Waivers are forms of institutional student financial support but do not include IHL employee benefits (Staff and Dependent Tuition Waivers).

Cost of Attendance (also known as the Cost of Education) includes not only tuition and fees, but the student’s books and educational supplies and other reasonable living expenses while attending school. The Cost of Attendance is determined by the institution, within guidelines established by Federal
regulation. The Cost of Attendance is used to develop a “Financial Aid Budget” for each student applying for institutional, State, or Federal financial aid.

(BT Minutes, 3/99)

703.03 PUBLIC DISCLOSURE

Each Institutional Executive Officer shall ensure that the public is notified that a portion of student tuition and fee charges is used for scholarships, tuition waivers, and other operating costs and that the notification is clearly and prominently displayed in official publications such as the catalog and/or application for admission.

(BT Minutes, 3/99)

B. The total annual expenditures for Scholarships, Tuition Waivers, Assistantships and Fellowships from institutional E&G funds shall be limited to the amount approved by the Board.

C. If any E&G funds are used to scholarship a student, the total amount awarded to the student shall not exceed the “Cost of Attendance.” For individual students with scholarships from multiple sources; awards from sources other than E&G funds shall be applied to the student’s “Financial Aid Budget” first, and the institutional award(s) from E&G funds shall be applied last. This policy shall not supersede any Federal, State, NCAA, or athletic conference regulations.

D. Institutional policy guidelines developed in response to this Board policy shall be placed on file with the Commissioner on schedule and in the prescribed format. Any changes in institutional policy guidelines must be reported to the Commissioner prior to implementation.

E. Institutional Executive Officers shall submit the Scholarships and Fellowships Operating Budget Plan including budgeted expenditures by subcategory with the annual operating budget in a format prescribed by the Commissioner. The Commissioner, after consultation with Institutional Executive Officers, shall prepare and submit for approval by the Board an annual Scholarships and Fellowships supplement supporting the budget requests that shall consider prior-year expenditures, enrollment, tuition and fees increases, peer group and regional expenditure comparisons, number of awards data, academic and accreditation requirements, inflationary indicators, State and Federal financial aid issues, and other appropriate criteria.

To provide the necessary accountability, each Institutional Executive Officer shall submit a report of actual Scholarships and Fellowships expenditures in comparison to budgeted expenditures by category in a format and schedule prescribed by the Commissioner. 713
INSTITUTIONAL FINANCIAL SUSTAINABILITY

713.01 STATEMENT OF PURPOSE FOR INSTITUTIONAL FINANCIAL SUSTAINABILITY

The mission of the Board of Trustees includes the fiscal management of the institutions of higher learning in Mississippi in order to see that the mission of the IHL System is accomplished. The Board of Trustees finds that this includes providing financial guidance and oversight so that the core functions of instruction, public service, and research can be accomplished in a financially sustainable manner for the long term benefit of Mississippi. Furthermore, while the Board has authority to manage institutional resources across institutions, the Board finds that it is in the best interest for each institution to operate within the resources available at the institution per Board Policy 301.0801(B). While many new opportunities to serve students, citizens, and patients arise from time to time, the Board wishes to ensure that each institution engages these opportunities from positions of financial sustainability. Therefore, the Board outlines in this section general guidelines for financial policy to be carried out by the Commissioner in coordination with Institutional Executive Officers to ensure that sustainable institutions continue to serve the state of Mississippi.

(BT Minutes, 4/2017)

713.02 ANNUAL BUDGET PLANNING

The Board of Trustees approves the Annual Operating Budget for each institution annually along with related escalations. Prior to the Board approving the Annual
Operating Budget, the Institutional Executive Officer shall review the financial
condition of the institution based on the most recent version of the Institutions of
Higher Learning Financial Ratios. Upon review of an institution’s financial condition,
the Commissioner of Higher Education shall arrange a meeting with Institutional
Executive Officers to obtain a basis to recommend approval of an institution’s
budget to the Board of Trustees in accordance with financially sustainable
objectives. The Commissioner of Higher Education may recommend financial
targets that take into account the size, mission, and current financial condition of
the institution. These recommendations should be appropriate to the current
financial capacity of the institution. Management of the institution for financial
sustainability, including possible recommendations by the Commissioner of Higher
Education, shall be a component of the Institutional Executive Officer’s evaluation
by the Commissioner and Board of Trustees as set out in Board Policy 301.0802.

(BT Minutes, 4/2017)

713.03 MINIMUM CRITERIA FOR INSTITUTIONAL FINANCIAL SUSTAINABILITY

target ratios to Institutional Executive Officers that address the current financial
condition of institutions.

804 DISABILITY LEAVE

804.01 GENERAL POLICY

It is recognized that employees suffer temporary sickness or disability from time to time and are therefore unable to perform assigned duties. This policy describes employee entitlement, including leave with or without pay, for such temporary sickness or disabilities.

It is the intention of this policy and its entitlement to provide leave for any temporary disability occurrence that normally has a reasonably predictable time frame, encompassing an onset and an end of the condition. Leave necessary for the purpose of childbearing is included in this policy. This policy does not guarantee an entitlement for any employee who is absent from work on a frequent and/or regular basis and whose attendance habits are such that the employee fails to accomplish assigned job responsibilities.

The respective universities and agencies reserve the right to require medical statements in support of uses of benefits under this policy as well as to support the need of universities and agencies to determine that employees be permitted to work. Failure to provide requested necessary documentation may result in a "non-pay" status for the period of time in question, and/or in dismissal (although accrued personal leave and major medical leave exist).

Miss. Code Ann., §25-3-97, as amended.
(BT Minutes, 9/90; 1/98)
804.02 ENTITLEMENT

Any regular full-time employee who has successfully completed the respective institution's or agency's probation period and who suffers temporary sickness or disability, thus making him or her unable to perform assigned duties, may be granted a leave of absence without pay for a reasonable time, but not to extend normally beyond a twelve-month period, to accompany the combined accrued personal and major medical leave.

The beginning date of disability will be determined by the employee's physician and, at the discretion of the institution, may have to be approved by the institution's health service.

The ending date of disability shall be determined by the employee's physician and, at the discretion of the institution, may have to be approved by the institution's health service. When the employee returns to his or her duties, the employee shall present a statement from his or her physician stating the ability to resume work.

Upon returning to employment, the employee will be returned to his or her former position or to an equivalent position.

Any employee not returning to work at the expiration of the leave under this section is eligible for terminal personal leave pay, provided the days have not been taken.

Miss. Code Ann., §25-3-93, as amended.
(BT Minutes, 9/90; 1/98)

804.03 NINE-MONTH FACULTY MEMBER

If any nine-month faculty member becomes temporarily disabled between the end of one academic year and the beginning of another (during the interim the employee is not teaching), he or she is not eligible for paid leave status.

If any nine-month faculty member becomes temporarily disabled prior to the end of a contract period but has accrued personal and major medical leave, he or she is not eligible to be continued on a paid leave status after the end of the contract period if the contract ends prior to using all earned leave days.

(BT Minutes, 9/90; 1/98)
804.04 EFFECTS OF TEMPORARY DISABILITY LEAVE ON BENEFITS

Any regular full-time employee on a paid leave status will be credited with major medical leave and personal leave entitlement earned during such paid leave upon his or her return to active employment.

No refund of retirement contributions will be made during a temporary disability leave since the return of the employee is anticipated.

An employee's group insurance plan will be kept in force as long as major medical leave or personal leave entitlements are paid. It may be kept in force thereafter through direct contribution by the employee not receiving pay under major medical or personal leave. Arrangements for this service must be made by the employee with the appropriate designated institutional department prior to the date that such contributions should be made.

(BT Minutes, 9/90; 1/98)

807  INTELLECTUAL PROPERTY POLICY

807.01  STATEMENT OF PRINCIPLES

The Board, while supporting the unique missions of the IHL institutions, considers all the institutions to be dedicated to teaching, research, and the extension of knowledge to the public. The personnel at its institutions recognize as two of their major objectives, the production of new knowledge and the dissemination of both old and new knowledge. Inherent in these objectives is the need to encourage the development of new and useful device and processes and the publication of scholarly works. Such activities (1) contribute to the professional development of the individual members involved, (2) enhance the
educational opportunities afforded students, and (3) promote the general welfare of the public at large.

While the primary focus of such efforts is the advancement of the central purpose of the institution, the products of scholarship often have implications for wider and differing applications. These products -intellectual properties- thus may be of benefit to the individuals involved and to the institution.

Intellectual properties often come about because of activities of faculty and other employees who have been aided wholly or in part through the use of institutional resources. It becomes significant, therefore, to ensure the utilization of such resources to expedite their development and marketing. The rights and privileges of the inventor or authors must be preserved so their abilities and those of other employees across the system may be further encouraged and stimulated.

This policy is intended to support the institutions in their development of institution-level policies that will serve to identify, protect, and administer intellectual property matters.

The foregoing considered, the Board hereby authorizes the institutions to develop intellectual properties and to participate in the income derived therefrom.

(BT Minutes, 2/98)

808 RETIREMENT INCENTIVE PROGRAM

808.01 GENERAL POLICY

The Legislature has found and declared that a compelling state interest exists in providing a Retirement Incentive Program or encouraging the retirement of those employees of Institutions of Higher Learning who are current and active contributing members of the Public Employees' Retirement System.

The goal of adopting a Retirement Incentive Program is to realize a substantial savings in personnel cost by offering a retirement incentive to employees who have accumulated many years of service credit. It is intended that implementation of the Retirement Incentive Program will provide a budgeting tool to aid in controlling payroll costs.

It is the policy of the Board to provide the option of a Retirement Incentive Program for facilitating the voluntary retirement of those eligible institution and Board employees who are current, active contributing members of the Mississippi Public Employees’ Retirement System. The Board shall select the fiscal year in which the program is offered and shall also designate the enrollment period during the fiscal year selected. Subject to Board approval, an institution may elect to offer the program to faculty and staff.

Rules and regulations of the Retirement Incentive Program will be on file with the Commissioner in the Board office.

SECTION 900 - REAL ESTATE AND FACILITIES

901 BOARD CHARGE

The Mississippi Board of Trustees of State Institutions of Higher Learning is charged with the responsibility of buildings, facilities, land and real property of each institution.

(BT Minutes, 2/2007)

902 INITIATION OF CONSTRUCTION PROJECTS

The Board must approve the initiation of a project for the construction of new facilities, repairs and renovations to existing facilities and requests for a capital outlay with a total budget exceeding $1,000,000 regardless of how these projects are financed. It is the intent of the Board that its appropriate staff under the direction of the Commissioner shall be involved in all phases of building projects requiring approval by the Board. All construction, repairs and renovation projects with a total budget of $1,000,000 or less may be approved by the Institutional Executive Officer. However, all projects utilizing any state bond funds, including Ayers funds, must be initiated with STAFF approval from the Office of Real Estate and Facilities. No further approvals are required by IHL staff for projects of $1,000,000 or less unless the budget changes. All budget changes for these projects must be reported to the Office of Real Estate and Facilities.

A. Master Plan

A master facilities plan must be developed for each campus and shall be submitted to the Board for approval when completed. In order to allow for adequate review time for the Board members, copies of the completed Master Plan shall be submitted to the Office of Real Estate & Facilities at least four (4) weeks in advance of the Board Meeting at which the request is proposed to be considered for approval. Once completed and approved by the Board, the master facilities plan must be updated every ten (10) years and submitted to the Real Estate & Facilities staff for review and approval.

The master plan shall include the proposed location of new buildings or facilities to be added to the campus and any plans for major renovations. At the time of the request for Board approval of the initiation of any project for the construction of a new building or facility, the institution shall recommend for Board approval, the location for the proposed building or facility in keeping with the Board approved master plan. Any proposed change to the master plan location for a new building or facility must be specifically requested of the Board at the time of the project initiation and accompanied by a written justification for the change.

B. Legislative Funding Requests

The Commissioner, after consultation with the Institutional Executive Officers, shall prepare and submit an annual request for capital improvements and repair and renovation for approval by the Board prior to its submission to the Legislature. These requests shall be submitted for Board approval in May of each year. In developing the list of requests, the Commissioner shall consider institutional priorities, missions, enrollment, campus square footage, building conditions, comparative funding and other appropriate criteria. The Board shall then approve and furnish to the Legislature each year a priority list of the capital improvements and repair and renovation projects for all institutions under its control. Projects which are not approved by the Board shall not be submitted to the Legislature by any institution. In addition, priorities and requests of the individual
institutions may not be presented or communicated to any individual legislators without the prior approval of the Board.

The Board approved priority lists of capital improvement and repair and renovation projects will be submitted to the Governor’s Office of General Services and the Bureau of Building, Grounds and Real Property Management through the Board’s Real Estate and Facilities Office.

904 BOARD APPROVAL

A. When funding has been secured from whatever source, each institution shall bring all new projects to the Board for the approval of the project initiation and the appointment of a design professional, as required in Section 902 Initiation of Construction Projects. This request shall include a detailed description of the work to be accomplished (building program), the total budget, the funding source and the design professional recommended to the Board for approval.

After the Board has granted approval of both the initiation of a project and the appointment of a design professional, no further Board action or approval is required for the completion of the project if the following conditions are met:

1. The detailed description of the work to be accomplished (building program), as specifically approved by the Board within the project initiation, has not changed;
2. The total budget has not increased beyond the amount specifically approved by the Board as part of the project initiation;
3. The funding source has not changed from that specifically approved by the Board as part of the project initiation; and
4. The design professional previously approved by the Board has not changed.

If the above four conditions have been met, the Board’s Real Estate and Facilities staff, through the Commissioner, shall have the authority to approve any and all necessary documents related to the completion of the subject construction project, including the approval of construction documents, the advertisement and receipt of bids, the approval of a bid, the award of a contract and any change orders.
Prior to the commencement of construction, the Board must approve the exterior design of the major buildings that have an aesthetic impact on the overall campus, regardless of the cost of the project. This requirement applies to all buildings and facilities on an institution’s property even if the land is leased to an institution’s affiliated entity or a private developer.

(BT Minutes, 2/2007)

B. The Board member acting as Chair of the Real Estate and Facilities Committee or, if the Chair is not available, the President of the Board has the authority to act for the Board between meetings on items pertaining to the building programs needing immediate attention prior to the next Board meeting. Any such action approved by the Chair of the Real Estate and Facilities Committee or the President of the Board shall be reported to the Board at the following Board meeting.

905 REAL ESTATE MANAGEMENT

A. The Mississippi Code of 1972, as amended, allows all institutions of higher learning governed by the Board to purchase real property; however, only Alcorn State University, Mississippi State University, The University of Mississippi and The University of Southern Mississippi Gulf Coast Research Laboratory may sell land without seeking specific legislative approval. Alcorn State University, Mississippi State University, The University of Mississippi and The University of Southern Mississippi Gulf Coast Research Laboratory must still receive Board approval prior to selling real property. Delta State University, Jackson State University, Mississippi University for Women, Mississippi Valley State University and The University of Southern Mississippi must all receive specific Board and legislative approval to sell real property.

• Board approval prior to the execution of a contract for the sale of real property is required for all land sales, regardless of the sale price.
• Board approval prior to execution of the purchase contract is required for all real property purchases that exceed $100,000.
• Prior Board approval is required for the execution of all leases, easements, oil and mineral leases and timber sales.
• Board approval prior to the execution of the contract is required for all other land contracts requiring an aggregate total expenditure of more than $250,000.

Requests for approval of land contracts shall include property descriptions, terms of purchase, lease or sale and intended use of the property.

An institution acquiring or disposing of real property shall receive two independent appraisals. The purchase price of property to be acquired shall not exceed the average of the two appraisals. The sale price of real property shall be no less than the average of the two appraisals.

(BT Minutes, 2/2007)

B. Prior to Board consideration of the purchase or acceptance of real estate from any source, a Phase I or more detailed Environmental Report shall be completed by qualified personnel and submitted to the Board’s Real Estate and Facilities Office. In the event hazardous substances are confirmed as having existed in the past or as presently existing, the Board reserves the right to cancel the transaction without liability, or to permit the other party or parties to remove the hazardous substances at its or their expense in a manner sufficient to receive a “no further action” letter from the State’s Department of Environmental Quality. Wetlands or other environmental restrictions on the property are to be identified.

906 EDUCATIONAL BUILDING CORPORATIONS

Authority, Miss. Code Ann., Sections 37-101-61 and 37-101-63 (1972), as amended, grants the state institutions of higher learning the authority to form nonprofit corporations for the purpose of acquiring, or maintaining, equipping, improving or constructing facilities for use by the institution. These educational building corporations are granted the authority to issue bonds or other forms of debt obligations (if required for the type of debt to be issued) for the construction and renovation of facilities.

Financial Advisor. Prior to Board consideration of an institution’s request to issue debt of the educational building corporation for the construction, maintenance, equipping, acquisition, and renovation of facilities or to refinance outstanding debt, Board staff, in conjunction with institutional staff, must select
a financial advisor(s) to represent the interests of the Board, the educational building corporation and the institution. The financial advisor(s) shall meet such qualifications and perform such services as may be prescribed by the institution, the Board or its staff.

Payment to the financial advisor(s) shall be made by the institution, or the institution’s educational building corporation, without regard for whether the Board approves the construction or renovation or whether the institution or educational building corporation constructs the project, or in the case of refinancing, whether the debt is refinanced.

Financing Projects. Prior to Board consideration of an institution’s request to issue debt of the educational building corporation for the construction, maintenance, equipping, acquisition or renovation of facilities, the financial advisor must provide the Board with an independent analysis of the institution’s financial condition, to verify that proposed revenue stream(s) are sufficient to repay the debt service and to recommend the project’s viability. If the educational building corporation will issue commercial paper, the financial advisor shall also calculate an opinion of the breakeven interest rate to long term bonds to justify the use of commercial paper. The institution shall submit the report of the financial advisor(s) and the request for a project initiation to the Board for approval. The request must state the institution’s intent, justify the need for the project and give an estimate of the total construction budget. The request must also include naming the design professionals, bond counsel and senior underwriter(s) selected by the board of the educational building corporation.

Following the Board’s approval of the project initiation, the institution shall return to the Board at a subsequent meeting and present a resolution for Board approval granting permission for issuing bonds or other forms of debt obligations for the specific project. In no case shall the educational building corporation issue bonds or other forms of debt obligations without specific approval of the debt obligations from the Board for specific projects.

Refinancing or Defeasing of Outstanding Debt. Outstanding debt of the educational building corporation may be refinanced in accordance with the provisions of this policy. Prior to Board consideration of an institution’s request to issue debt of the educational building corporation to refinance outstanding debt of the institution or the educational building corporation, the financial advisor must provide the Board with an independent analysis showing potential net present value (NPV) savings based on current market conditions. The institution’s request must include naming the bond counsel and senior
underwriter(s) selected by the board of the educational building corporation. After consideration of the financial advisor’s analysis and other factors that the Board deems material, the Board may approve the issuance of debt by the educational building corporation, in the discretion of the authorized representatives of the educational building corporation to refinance outstanding debt of the institution or the educational building corporation, which authorization may be conditioned on the specific level of NPV savings being achieved. Refinancing or defeasing of debt does not require a subsequent meeting of the Board of Trustees provided the financial advisor has provided a report demonstrating adequate net present value savings and the bond resolution and form of bond documents have been presented to and approved by the Board.

Review and Approval of Documents. In connection with the issuance of debt for any purpose, the institution shall present a resolution for Board approval granting permission for issuing bonds or other forms of debt obligations and for approval of the following documents to which the Board will be a party: the lease, the ground lease, the preliminary official statement (if required for the type of debt to be issued), and the continuing disclosure agreement (if required for the type of debt to be issued). The resolution shall also authorize representatives of the Board to execute such documents. Prior to the approval of the resolution by the Board, the educational building corporation shall submit to the Board staff, for informational purposes only, the form of any documents that are to be entered into by the educational building corporation in connection with the issuance of bonds or other debt, but to which the Board is not a party.

Method of Sale. Unless the Board approves otherwise, obligations shall be offered and sold through a competitive sale process or, alternatively, on a negotiated basis to an underwriter, in the case of bonds, or a dealer, in the case of commercial paper.

Selection of Financial Institution Participants. Any selection of a financial institution to serve as trustee under a trust indenture, as escrow agent under an escrow agreement, or as a lender to an educational building corporation, either directly or through the purchase of obligations of the educational building corporation, shall be made by the educational building corporation in its sole discretion and shall not be subject to approval by the Board.

Continuing Disclosure Obligations. Securities and Exchange Commission Rule 15c2-12 generally provides that an underwriter cannot sell governmental bonds unless an “obligated person” with respect to the bonds enters into a “Continuing Disclosure Agreement” (CDA) agrees to submit annually audited financial
statements of the obligated person and other information as set forth in the CDA and notices of specified material events. With respect to the issuance of bonds by educational building corporations, the Board is an “obligated person” and the CDA will typically require audited financial statements and operating data for the entire IHL system to be submitted annually, rather than information on individual institutions. The material events specified in the CDA also typically relate to the entire IHL system.

To facilitate uniformity, efficiency and timeliness in complying with the requirements of Rule 15c2-12 relating to bonds issued by an educational building corporation, the Board, rather than the educational building corporation, will enter into the CDA and undertake to provide the annual disclosures and material event notices. The Board will hire an independent agent to assist with compliance with its obligations under CDA(s), as well as, compliance by educational building corporations under CDA(s) entered into by educational building corporations prior to the adoption of this policy upon approval by the Board. The Board, and/or its dissemination agent, will also sign up for the EMMA tickler system reminders.

907 PRIVATE FINANCING OF AUXILIARY FACILITIES

Miss. Code Ann., Section 37-101-41, (1972), as amended, authorizes the Board to permit the leasing of institution land to private individuals or corporations for the purpose of constructing auxiliary facilities thereon. The auxiliary facility shall be constructed by private financing and shall be leased back to the Board for use by the institution. The lease shall contain a provision permitting the Board to purchase the building located thereon for the sum of $1 after payment by the Board of all sums of money due under the lease. The institution desiring to use this method of project delivery shall request permission from the Board to issue a request for proposal (RFP) for such services. The RFP shall include a project description, procedures to be followed in evaluating the proposals and a time line for evaluation by the institution. It is the intent of the Board that its legal, financial and facilities staff shall be involved in preparing the RFP and in the evaluation process. Once the evaluation process is completed a recommendation will be brought to the Board for its consideration. Specific procedures for the construction of auxiliary facilities using private financing can be found in the Institutions of Higher Learning’s Construction Procedures Manual.
MAINTENANCE PLANS

A. Each institution shall prepare a facilities maintenance plan to be submitted with the annual budget request. Plans may be modified during the year with prior approval from the Board. Plans must describe how ongoing maintenance needs will be addressed in the budget year and will include, but not necessarily be limited to, schedules for general maintenance, painting, grounds maintenance and schedules for service contracts for the inspection of mechanical systems. An emergency fund should be included in each physical plant budget to be used for unexpected occurrences.

B. Expenditures for facilities maintenance will be included in required periodic uniform institutional financial reports submitted to the Board. Funds earmarked for facilities maintenance shall not be transferred to any other function without prior approval of the Board. Any unexpected facilities maintenance funds, including unexpended emergency maintenance funds at year end, shall be transferred to the institutional plant fund to be used for repair and maintenance of institutional facilities in succeeding fiscal years.

C. Auxiliary enterprises shall be charged for facilities maintenance services provided by the institution. Student and faculty housing, food services, bookstores, student unions, intercollegiate athletics and student health centers shall be charged for facilities maintenance services by the institution whether formally organized as an auxiliary enterprise or not. Each institution shall establish a rate(s) to charge for facilities maintenance services provided to auxiliary enterprises adequate to reimburse the institution for such services. A schedule of such rates shall be submitted annually with the facilities maintenance plan.

D. The Board’s Real Estate and Facilities staff will periodically evaluate each institution’s progress toward meeting the goals established in its annual facilities maintenance plan. The staff will also periodically audit expenditures of operations and maintenance funds to insure consistency with Board policy and to insure that such funds are being expended properly.

E. Each institution will retain a qualified person to fill the position of physical plant director. The Board’s Real Estate and Facilities staff will assist the institution in obtaining technical expertise which may not be available on campus and make suggestions in scheduling preventive maintenance.
F. Institutional responsibility for the successful implementation of this policy shall rest with the Institutional Executive Officer. The Institutional Executive Officers are responsible for insuring that institutional facilities are properly maintained. The Board will evaluate requests for new facilities renovation in light of the operations and maintenance policies.

G. The Commissioner shall prepare an annual report to the Board on the facilities maintenance plan at each institution with recommendations for modification of the program as appropriate. If an institution substantially fails to comply with its maintenance plan for two consecutive years, or if it is determined that facilities maintenance funds have been expended for other functions without the approval of the Board, the institution’s maintenance funds will be placed in a temporary maintenance receivership under the control and supervision of the Board until the deficiencies have been corrected.

(BT Minutes, 8/2001; 2/2007)

909 DESIGN PROFESSIONAL SELECTION

All new construction and repair and renovation projects with budgets in excess of $250,000 or more undertaken by the institutions must have plans and specifications drawn for the purpose of advertising and for the receipt of bids. Plans and specifications are to be drawn by a professional architect or engineer unless otherwise recommended by the Board’s Real Estate and Facilities staff and approved by the Board.

(BT Minutes, 9/90; 1/98; 11/2003; 2/2007)

910 DEBARMENT

A design professional, consultant, contractor, or related entity including its successors in interest may be debarred from performing any work, in any capacity, for the Board for a period of time up to five (5) years from the date of determination. A sanction may be imposed by the Board after consideration of a recommendation by the Commissioner following a recommendation by a hearing panel comprised of the Assistant Commissioner for Real Estate and Facilities or his/her designee and two other members appointed by him/her. Cause for debarment will include commission of a criminal act in obtaining or attempting to obtain a contract or in the performance of a contract, any act
indicating a lack of business integrity or business honesty, violation of state or Federal antitrust statutes, deliberate failure without good cause to perform under the terms of a contract with the Board, unsatisfactory performance under the terms of a contract with the Board, any violation of the conflict of interest statutes of the State of Mississippi or any other cause so serious and compelling as to affect the responsibility of the design professional, consultant, contractor, or related entity including its successors in interest as determined by the Board in its sole discretion. This policy must be included in all bid specifications.

(BT Minutes, 2/2007)

911 CONSTRUCTION PROCEDURES MANUAL

The Board staff shall develop a construction procedures manual of specific procedures for dealing with building programs. This manual shall be approved by the Commissioner and distributed to the institutions for their use. The Institutions of Higher Learning’s Construction Procedures Manual is on file at the Board’s Real Estate and Facilities Office and shall be distributed to the institutions.

(BT Minutes, 9/90; 1/98; 7/2001; 2/2007)

912 USE OF REAL PROPERTY AND FACILITIES

In general, it shall be the policy of the institutions not to make available the real property, buildings and other facilities of the institutions to outside organizations. Exceptions to this policy may be approved by the Institutional Executive Officer.

913 HEALTH CARE

For the main campuses of the eight institutions, the Board reaffirms that the Institutional Executive Officer of each of these campuses has been and will continue to be responsible for the administration of the health care facilities. However, full-time health care professionals may have a limited private practice for non-student health care with the provision that these professionals will reimburse the institution for the full cost of the use of the institution’s physical facilities, personnel and supplies.
914 HOMES OF THE INSTITUTIONAL EXECUTIVE OFFICERS

The Board considers the official residences of the Institutional Executive Officers of the several institutions of higher learning to be integral facilities of the institutions, having an educational and administrative function. The Board, therefore, requires the Institutional Executive Officers to occupy these facilities as a part of their official duties. The expenses for operating these facilities are included in the general plant expense of the institution and are not to be considered as compensation or inducement for employment of the Institutional Executive Officers of the institutions.

(BT Minutes, 9/90; 1/98; 2/2007)

915 ENERGY PERFORMANCE CONTRACTS

Board approval is required prior to commencing audits to be used for performance contracting. The Commissioner shall develop procedures governing the process to insure a formal request for proposal (RFP) procedure is used; verification of savings by a third party and involvement of the Board Office staff in all aspects of the project.

(BT Minutes, 2/2002; 2/2007)

916 CO-ED DORMITORIES

The Board declares itself in opposition to co-educational dormitories at the various institutions and hereby directs the Institutional Executive Officers not to approve joint housing facilities on campus for undergraduate single students of opposite sexes. Any exceptions shall be approved by the Board.

(BT Minutes, 10/90; 1/98; 2/2007)

917 NAMING BUILDINGS AND FACILITIES

Board approval must be obtained prior to naming or re-naming any institutional building or facility. However, assigning generic names which are descriptive of the functions served by a building — such as “University Athletic Training Facility” or “Chemistry Building”— does not require Board approval, unless the building has an existing non-generic name which is to be changed or modified. Board
approval must also be obtained prior to naming or re-naming any building or facility built on university property leased to a university affiliated entity, a private developer or any other individual or entity.

(BT Minutes, 2/2007; 4/2015)

918 BUILDING PLAQUE

A plaque containing the names of the Board members, the Commissioner, and the Institutional Executive Officers shall be installed on all new facilities at the time of project completion. The format for the plaque is shown in the Institutions of Higher Learning’s Construction Procedures Manual.

(BT Minutes, 2/2007)

919 PREREQUISITES FOR BUILDING MODIFICATION OR DEMOLITION

Prior to commencement of construction of a building on an institution’s property for modification, restoration, improvement, repair, renovation, rehabilitation, demolition or similar work, the institution shall secure any required inspections and/or approvals from the Mississippi Department of Environmental Quality and any required permits or approvals from the Mississippi Department of Archives and History authorizing the requested building action. While general requirements for obtaining Board approval related to construction projects are set out in Board Policies 902 and/or 904, all projects involving the demolition of a university facility shall require prior Board approval, regardless of projected cost. Any Board approval of a modification or demolition project is subject to any required approvals of the Mississippi Department of Environmental Quality and the Mississippi Department of Archives and History.

(BT Minutes, 2/2007; 1/2013)

920 SUSTAINABILITY POLICY

Mississippi Institutions of Higher Learning (IHL) understand the impact of our collective landholdings and campus activities to the natural environment, thus we seek to develop a sustainability foundation that sets the framework for our Institutions of Higher Learning to utilize in the development of their individual policies.
Each institution shall develop a campus sustainability policy and implementation procedures. The sustainability policy and procedures should address and encourage sustainability in operations, grounds, materials, and transportation.

A. The System Energy Management Council is created and shall include representatives from each institution and be representative of students, faculty, staff, administration, and energy management professional and technical staff. The purpose of the council shall be to guide the implementation of energy management and conservation efforts for the IHL System.

B. Each institution shall create an Energy Management Committee to guide the implementation of energy management and conservation efforts for the institution.

C. A procurement program that considers the effect of the product on the environment must be developed. Sustainable purchases must consider Energy Star® appliances, green seal chemicals, and other environmentally-sound items found on state contract, as well as other sources. Contracts for new construction and/or major repair and renovations must include a sustainable purchase requirement for those items included in the contract for purchase and installation.

D. All new construction and/or major repair and renovation of existing facilities must be designed to meet energy-efficient goals which exceed ASHRAE 90.1 by 30%, when determined cost effective.

E. All new construction and/or major repair and renovations of existing facilities must include the requirement for the development and approval of an energy model during the early design stages. The design professional must certify that the model meets the Institutions of Higher Learning’s energy program and at the conclusion of the construction and/or renovation (prior to final acceptance) the design professional must certify that the facility has been constructed as designed and modeled.

F. Renovation of historically significant buildings should meet or exceed ASHRAE 90.1 standards where appropriate for the scope of work and determined cost effective.
G. No less than 25% of the expected annual recurring savings from completed energy efficiency projects shall be set aside each year in the appropriate fund and used to finance future energy efficiency projects. If the annual recurring savings are dedicated to the repayment of debt, then these funds shall be set aside in the first year after such debt is retired.

H. Water efficiency measures, with the goal of reduction of water use on campus and within all facilities, must be a prime goal.

I. All new construction and/or major repair and renovations of existing facilities must address and consider sound design techniques that maximize wind, solar, aspect, shading and other design expressions embracing our climatic realities. The design criteria must encourage overhangs, natural day lighting, and other passive design techniques and should not be confused with renewable energy.

J. All new landscape construction, major repair and renovations of landscapes, and any site work in general must consider and encourage the use of resource-efficient plants including native plant palettes, decreasing the use of herbicides and pesticides when possible, while increasing tree canopy through reforestation and by potable water irrigation reductions.

K. All new landscape construction, major repair and renovations of landscapes, and any site work in general must include the requirement that protects and enhances water quality through innovative storm water best management practices.

L. A comprehensive waste-minimization program must be developed. The program should address a comprehensive campus wide recycling program that considers such things as the recycling construction spoils/wastes from demolition and construction projects, garbage collection and disposal contracts, disposals of used equipment, furniture disposal, chemical waste, electronic waste, composting, trash, etc.

M. Where feasible a campus public transit program serving faculty, staff and students should be developed. The program should consider and encourage transit options into off-campus areas where required.
N. All new streets or campus street renovations should be developed to encourage walking, bikes, and other non carbon producing emission transportation options.

O. A car share program should be developed where feasible to encourage carpooling activities. This program should be developed in partnership with adjacent municipalities, community colleges, and high schools, etc., where appropriate and feasible.

1105.01  INSTITUTIONAL REAL PROPERTY

All real property on the campus of any institution of higher learning (which includes the Education and Research Center housing the Board’s Executive Offices, Mississippi Public Broadcasting and the Universities Center, as well as our eight state universities), including without limitation all campus grounds, buildings, facilities, stadiums or other improvements, that is owned, leased,
used, or otherwise controlled by an institution ("Institutional Property"), is dedicated for the specific purpose of furthering the educational, research, and/or service missions of the institution. Accordingly, access to Institutional Property is limited to those persons with the specific and exclusive purpose of furthering the institutions’ missions. Many areas of Institutional Property are not open for general public use. Institutional Property is routinely utilized for institutional activities and events which can present safety and security issues for the institution and the Board. Therefore, all persons on Institutional Property must abide by all applicable laws and regulations as well as policies of the institution and the Board in order to further the missions of the institution and for the protection of the students, employees and guests of the institution.

Thus, an institution may deny or condition entrance onto or into Institutional Property or remove from the same, any person whose presence interferes with or does not advance the institution’s missions or any person who violates or refuses to comply with any Board or institutional policy or applicable law or regulation. Under no circumstances shall Institutional Property be utilized to carry out unlawful activity.

1106  FIREARMS POLICY

The Board recognizes that the possession of pistols, firearms or other weapons on any of its institutional premises or at its institutions or student functions off-campus by persons other than duly authorized law enforcement officials, institutional security officials, other authorized persons and the institutional approved programs creates an unreasonable and unwarranted risk of injury or death to its institutions' employees, students, visitors and guests and further creates an unreasonable and unwarranted risk of damage to properties of the institutions, employees, students, visitors, guests and properties of others. Because of such dangers, the Board hereby prohibits the possession of pistols, firearms or other weapons in any form by any person other than duly authorized law enforcement officials, institutional security officials and other authorized persons. “Authorized persons” includes those individuals authorized by applicable law and by the institutional executive officer or his/her designee. “Authorized persons” also includes those who have in their possession a valid, unexpired state firearms permit with the “Instructor Certified” (IC) sticker on the back, or the equivalent permit issued by a state with a reciprocity agreement with Mississippi. Even so, those possessing such permits are not permitted to possess firearms in any institutional facilities and/or areas that are deemed non-
public. Students and employees are not authorized to possess firearms on institutional property or at institutional off-campus events regardless of possession of firearms permits.

(BT Minutes, 9/90; 1/98; 2/2016)

Pursuant to Miss. Code Ann., § 37-101-7, as amended, the Board hereby delegates to the Commissioner of Higher Education the power to approve and authorize the enactment of such university traffic rules and regulations, which shall include university parking and traffic fines and fees, on behalf of the Board.    requests for declaratory opinions and the Board’s procedures regarding the
   requests as required by Mississippi Code § 25-43-2.103.

2. Persons Who May Request Declaratory Opinions
   a. Any person with a substantial interest in the subject matter may make a
      request to the Board for a declaratory opinion by following the specified
      procedures.
   b. "Substantial interest in the subject matter" as used in this policy means:
      that a party is directly affected by the Board’s administration of the laws
      within the Board’s primary jurisdiction.
   c. “Primary jurisdiction of the Agency” as used in this policy means the
      Board has a constitutional or statutory grant of authority in the subject
      matter at issue.

3. Subjects Which May Be Addressed In Declaratory Opinions
   a. The Board will issue declaratory opinions regarding the applicability to
      specified facts of:

4. Circumstances In which Declaratory Opinions Will Not Be Issued
   a. The Board may, for good cause, refuse to issue a declaratory opinion.
      Without limiting the generality of the foregoing, the circumstances in
      which declaratory opinions will not be issued include, but are not
      necessarily limited to:
1. the matter is outside the primary jurisdiction of the Board;
2. lack of clarity concerning the question presented;
3. there is pending or anticipated litigation, administrative action, or other adjudication which may either answer the question presented by the request or otherwise make an answer unnecessary;
4. the statute, rule, or order on which a declaratory opinion is sought is clear and not in need of interpretation to answer the question presented by the request;
5. the facts presented in the request are not sufficient to answer the question presented;
6. the request fails to contain information required by these rules or the requestor failed to follow the procedure set forth in these rules;

13. the answer to the question presented would require the disclosure of information which is privileged or otherwise protected by law from disclosure;
14. the question is currently the subject of an Attorney General's opinion request; or
15. the question has been answered by an Attorney General's opinion.

b. A declaratory opinion will not be issued where a similar request is pending before this agency, or any other agency or a proceeding is pending on the same subject matter before any agency, administrative or judicial tribunal, or where such an opinion would constitute the unauthorized practice of law.

c. A declaratory opinion will not be issued if it may adversely affect the interests of the State, the Board, or any of their officers or employees in any litigation which is pending or may reasonably be expected to arise.
d. Where a request for a declaratory opinion involves a question of law, the Board may refer the matter to the State Attorney General.

e. A declaratory opinion will not be issued where the question involves eligibility for a license, permit, certificate or other approval by the Board or some other agency and there is a statutory or regulatory application process by which eligibility for said license, permit, or certificate or other approval may be determined.

a. Written Requests Required. Each request must be printed, typewritten or in legible handwriting. Each request must be submitted on standard business letter-size paper (8 1/2" by 11"). d. Single transaction. A request must be limited to a single transaction or occurrence.

e. Question Presented. Each request must contain the following:
   1. a clear identification of the statute or rule at issue;
   2. the question for the declaratory opinion;
   3. a clear and concise statement of all facts relevant to the question presented;
   4. the identify of all other known persons involved in or impacted by the factual situation causing the request including their relationship to the facts, name, mailing address and telephone number; and

f. The terms of the proposed opinion suggested by the requestor may be submitted with the request or may be requested by the agency;
6. Time for Agency’s Response
   a. Agency’s Response. Within forty-five (45) days after the receipt of a request for a declaratory opinion which complies with the requirements of these rules, the Board shall, in writing:
      1. issue an opinion declaring the applicability of the specified statute, rule, or order to the specified circumstances;
      2. decline to issue a declaratory opinion, stating the reasons for its action; or
      3. agree to issue a declaratory opinion or a written statement declining to issue a declaratory opinion, by a specified time but no later than ninety (90) days after receipt of the written request.
   b. When Period Begins. The forty-five (45) day period shall begin on the first State of Mississippi business day that the request is received by the Board.
   c. Opinion Not Final for Sixty Days. A declaratory opinion shall not become final until the expiration of sixty (60) days after the issuance of the opinion. Prior to the expiration of sixty (60) days, the Board may, in its discretion, withdraw or amend the declaratory opinion for any reason which is not arbitrary or capricious. Reasons for withdrawing or amending an opinion include, but are not limited to, a determination that the request failed to meet the requirements of these rules or that the opinion issued contains a legal or factual error.

7. Procedure after Request for Declaratory Opinion Received
   a. Notice by Agency. The Board may give notice to any person that a declaratory opinion has been requested and may receive and consider data, facts, arguments and opinions from persons other than the requestor.
   b. Notice by Requestor. The requestor, or his attorney, shall append to the request for a declaratory opinion a listing of all persons, with addresses, known to the requestor who may have an interest in the declaratory opinion sought to be issued, and shall mail a copy of the request to all such persons. The requestor or his attorney shall certify that a copy of the request was mailed to all such persons together with this statement:
"Should you wish to participate in the proceedings of this request, or receive notice of such proceedings or the declaratory opinion issued as a result of this request, you should contact the Board within twenty days of the date of this request."

8. Hearings at the Discretion of the Agency
   a. Provision for Hearing. If the Board in its sole discretion deems a hearing necessary or helpful in determining any issue concerning a request for a declaratory opinion, the Board may schedule such a hearing. Notice of the hearing shall be given to all interested parties unless waived. Notice mailed by first class mail 7 calendar days prior to the hearing shall be deemed appropriate.
   b. Proceedings at the Hearing. The procedure for conducting a hearing, including but not limited to the manner of presentation, the time for presentation, and whether and how evidence may be taken, shall be within the discretion of the Board.
   c. Persons Appearing at the Hearing. The Board shall allow the requestor to participate in any hearing. The Board may allow any other persons or entities to participate in the hearing.

   Declaratory opinions and requests for declaratory opinions shall be available for public inspection and copying at the expense of the viewer during normal business hours. All declaratory opinions and requests shall be indexed by name and subject. Declaratory opinions and requests which contain information which is confidential or exempt from disclosure under the Mississippi Public Records Act or other laws shall be exempt from this requirement and shall remain confidential.

1111 DIGITAL AND ELECTRONIC COPYRIGHT INFRINGEMENT

Each university shall develop and implement a policy on copyright infringement as related to digital or electronic infringement which specifically addresses illegal downloads and peer to peer file sharing. The university policy must disclose to students, employees and any other users or prospective users of the university’s technology services/system the specific university policies related to digital and electronic copyright infringement by way of illegal downloads and/or peer to peer file sharing. The terms “illegal downloads” and “peer to peer file sharing” must be clearly defined within the university policy, and examples of both
acceptable and unacceptable uses of the university’s technology services must be provided. The university policy must provide a summary of the federal penalties for illegal downloads and peer to peer file sharing, as well as the specific university penalties for using university property for illegal downloads or peer to peer file sharing. In addition, the university policy must include an appeal process for appealing any penalties imposed by the university. The policy must also offer, to the extent practicable, legal alternatives to illegal downloading. The policy must also specifically make reference to the applicable federal regulations mandating this university policy on illegal downloads and peer to peer file sharing (34 C.F.R. Section 668).

Each university must require that all users of university technology electronically acknowledge that they are aware of and agree to follow the subject university policy.

In addition to the requirement to develop and implement the subject university policy, the universities must develop and implement a written plan to combat the unauthorized distribution of copyrighted material. This written plan must include one or more technology based deterrents, mechanisms for informing users of the university’s technology systems/services about the appropriate uses of copyrighted materials, procedures for addressing violations, and procedures for reviewing the effectiveness of the written plan.

The universities must submit drafts of the required university policy and plan to the Board’s legal staff at the IHL Board Office for review and approval by May 31, 2010. After review and approval by the Board’s legal staff, the approved policies and plans must then be implemented and in effect by July 1, 2010.

SECTION 1200 - ETHICS POLICY

1201  GENERAL POLICY

1201.01  THE LAW

The Board of Trustees of State Institutions of Higher Learning, as well as all officers and employees of the Board, shall abide by the state ethics statutes, as set out in Miss. Code Ann., §25-4-101, et seq. (1972), as amended.

(BT Minutes, 10/91; 1/98; 8/2010)

1201.02  BIDS FOR DEPOSITORY CONTRACTS

Public bidding shall be utilized to obtain all depository contracts for the Board executive office and for all institutions which have been entrusted to this Board. At least three written bids for such services shall be obtained.

(BT Minutes, 10/91; 1/98; 8/2010)

1201.03  BOARD MEMBER RESPONSIBILITY GUIDELINES

The purpose of the Board of Trustees of State Institutions of Higher Learning (IHL) is to govern Mississippi’s eight public universities. Such governance requires a strong, well-informed board wherein each member functions constructively and with integrity. These guidelines describe the responsibilities of IHL board members.

A. Members of the IHL Board should make every effort to become well informed about the Mississippi university system and each of its institutions. This includes:

1. understanding system, board, and institutional missions, policies, budgets, programs, support organizations, and activities;
2. understanding academia and its similarities and differences when compared to business and other governmental entities;
3. understanding state financing and decision-making regarding all of public education; and
4. understanding regional and national issues and trends in higher education.
IHL Board of Trustees  
*Policies & Bylaws*

B. Members of the IHL Board should understand the limits of their authority as individual board members and the resultant necessity for the board to function as a cohesive, effective team. In this regard, board members should:

1. Regularly attend board meetings; thoughtfully prepare for and participate in discussions; seek consensus; and vote independently;
2. Actively engage in policy formation and decision-making, speaking up at board and committee meetings, but understanding the need to support policies and decisions once established;
3. Focus their efforts on policy making and dealing with the major issues facing our university system and avoid involvement in administrative and management activities;
4. Allow the President and the Commissioner to serve as the official speakers for the Board of Trustees and university presidents to serve as the official speakers for their institutions – nothing in this guideline seeks to hinder board members from expressing individual opinions about higher education matters;
5. Publicly support and sustain system and university executive officers while privately assessing and exercising critical judgment on performance, all the while maintaining decent respect for differing opinions and offering criticism in a constructive manner; and
6. In appropriate circumstances, communicate promptly to the Commissioner any significant concern or complaint and allow him or her the opportunity to deal with it.

C. Members of the IHL Board should serve as champions and advocates for both the citizens of Mississippi and the system of higher education. In this regard, board members should:

1. Cultivate a commitment to the success of the entire system rather than to any single institution, group of institutions, or institutional constituency;
2. Seek to act in the best interests all the Mississippi citizens and not cater to any particular area, community, or constituent interests;
3. Seek to enhance the public image of the universities, the system, and the board;
4. Show respect for all individuals and conduct business in a professional and ethical manner that fosters trust throughout the system, with public officials, and with the public at-large; and
5. Promote initiatives to improve the performance of the system of higher education on behalf of Mississippi’s citizens.
D. Members of the IHL Board are constitutionally challenged to serve with “the highest order of intelligence, character, learning, and fitness.” In this regard, each board member should abide by the following code of conduct:

1. In conducting business, board members should endeavor at all times:
   a. to place the interests of the state and the universities above their own – this accountability supersedes any conflicting loyalty such as that to other associations or interest groups and/or membership on other boards;
   b. to avoid both the actuality and appearance of self-interest or self-dealing;
   c. to avoid both the actuality and appearance of acting on behalf of others’ private interests; and
   d. never to make any request or demand for action that violates system or university policies, rules, and regulations or state or federal law.

2. Board members will exercise professional judgment and respect confidentiality in personnel matters, legal matters, executive session matters, and other items of a clearly sensitive nature.

3. Board members, on a regular basis, will undertake activities to improve Board governance and to evaluate Board performance.
