### **Education Achievement Council Resolution Adopting a Postsecondary Attainment Goal in Mississippi Year 2030 and 2035 Goal for Impacting Mississippi's Workforce through Educational Attainment**

**Title:** Ascent to 55%

**Purpose:** Our goal is to strengthen the quality and quantity of Mississippi's workforce by increasing levels of postsecondary educational attainment among working-age adults. Doing this will both improve the lives of individual Mississippians and contribute to Mississippi's current and future economic health.

**Outcome:** By 2030, Mississippi will increase the postsecondary attainment of its workforce to 55%. By 2035, Mississippi will increase the postsecondary attainment of its workforce to 60%

---

### **Resolution**

WHEREAS: The Georgetown Center on Education and the Workforce predicts that, by 2027, 70% of all jobs will require a postsecondary degree or credential; and

WHEREAS: The Southern Regional Education Board *Challenge to Lead* established a goal for states to reach 60% of working-age adults with a postsecondary credential: an associate or bachelor's degree, or a career certificate.; and

WHEREAS: The College Board reports that citizens with postsecondary education lead healthier lifestyles, earn more, pay more in taxes, and are more likely to be employed than those with only a high school diploma; and

WHEREAS: Mississippi's current rate of postsecondary attainment, (a degree, credential or industry certification earned beyond high school) for adults age 25 to 64 is 45.2%, which is lower than the national average of 51.3%; and

WHEREAS: The Education Achievement Council seeks to close achievement gaps and to focus on working-age adults (ages 25 to 64) and on populations traditionally underrepresented in higher education as a result of inequities including but not limited to people of color, adult students, and the economically disadvantaged; and

WHEREAS: Mississippi's postsecondary outcomes are particularly low for African Americans, who earn an associate degree or above at a rate of 26.4%, compared to their White counterparts, who earn an associate degree or above at a rate of 36.4%; and

WHEREAS: The Education Achievement Council is committed to equitable postsecondary outcomes and seeks to close educational equity gaps, where race is no longer a predictor of educational outcomes; and

WHEREAS: The Mississippi Department of Employment Security projects an overall increase in employment growth of 5.2% by 2026, increasing the number of jobs in all industries from 1,153,930 to 1,214,180—for an overall increase of 60,250 jobs; and

WHEREAS: The Education Achievement Council, the stakeholders committed to improving the overall postsecondary attainment rates to meet Mississippi's future workforce needs, is a diverse set of all stakeholder agencies and institutions representing elementary and secondary education, higher education, employers, and industry; and

WHEREAS: Members of the Education Achievement Council are focused on related work within their own organizations and are seeking an increased, coordinated, and unified effort through participation by state leaders; and

WHEREAS: The Education Achievement Council and its workgroups will develop, support, and assess initiatives that strengthen postsecondary policies, practices and programs with a goal to increase the percentage of Mississippi adults who complete a credential of value beyond high school, particularly focused on credentials relevant to Mississippi's current and future economy; and

WHEREAS: The Education Achievement Council taskforce recommends an attainment goal for Mississippi highlighting the imperative to increase the percentage of working-age adults holding a high-value certificate, college degree, or industry-recognized credential to 55% by 2030 and to 60% by 2035 particularly focused on meeting Mississippi's future workforce needs.

THEREFORE, BE IT RESOLVED, that on this 22<sup>nd</sup> day of October in the year 2020, the members of the Mississippi Education Achievement Council endorse the postsecondary attainment goal of 55% by 2030 and 60% by 2035 and call on all leaders in state and local

# Defining College

We think of college as any education beyond high school that leads to financial stability. It may be a four-year degree or beyond but can also be a two-year community college degree or a certificate in career and technical education.

## What is an Educational Attainment Goal?

- A goal for Mississippi to increase the number of working-age citizens with an education or training beyond high school
- 44 states have set a goal to increase educational attainment

# Data Supporting an Attainment Goal

## Southern Regional Education Board (SREB) <sup>1</sup>

- **60%** of working age adults will have a post-secondary credential: an associates or a bachelors, or a career certificate
- **Increasing percentages of adults** without high school or post-secondary credential will pursue opportunities to earn high school alternative certificates, college degrees or career certificates.

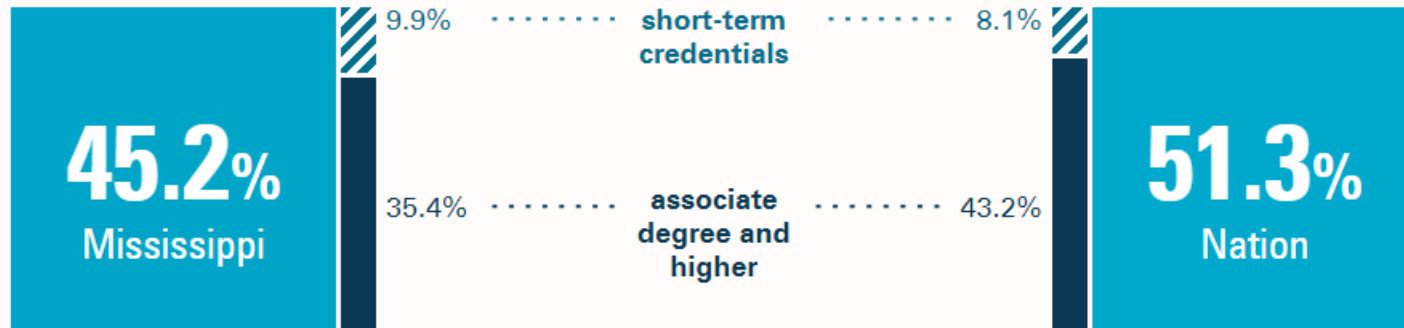

## Georgetown Center on Education and the Workforce <sup>2</sup>

- By 2027, **70%** of all jobs will require a postsecondary degree or credential.

# Mississippi's Current Attainment Rate

# Key Indicators of Need

- Current workforce estimates show that Mississippi's adult workforce will *lack the knowledge, skills, and educational requirements* for the jobs of the future
- Widening gaps in graduation rate by race and ethnicity raise concerns about equity and the ability for Mississippi to meet current and future workforce needs

# Recommendation

By **2030**, Mississippi will increase the postsecondary attainment of its workforce to **55%**.

By **2035**, Mississippi will increase the postsecondary attainment of its workforce to **60%**.
