WORKING FOR ACADEMIC EXCELLENCE

FEBRUARY 28, 2012

The Honorable Tate Reeves
Lieutenant Governor
State of Mississippi
Chairman of HEADWAE

Dear HEADWAE Honorees:

It is a privilege to welcome all of our honorees here today as we celebrate their outstanding contributions to higher education. I want to thank the students and faculty members for their commitment to academic excellence and the institutions of higher education for lending their support in this effort.

Today's Higher Education Appreciation Day is a small way that the Legislature can say "thank you" for a job well done. We appreciate your commitment to ensure that a quality postsecondary education can be found right here on Mississippi's many college campuses.

I know that leaders, like you, have worked tirelessly to make a positive impact on our educational system. It is this tenacity that is propelling Mississippi forward. The key ingredient to any successes our institutions of higher learning have enjoyed is because of quality students and quality faculty members. We applaud your service and sincerely appreciate your dedication.

Mississippi has an even brighter future because of each of you. Again, congratulations on being selected for this outstanding achievement.

Sincerely,

A MESSAGE FROM THE LEGISLATURE

The Higher Education Appreciation Day, Working for Academic Excellence (HEADWAE) was established by the Mississippi Legislature in 1987 to honor academically talented students and faculty members who have made outstanding contributions in promoting academic excellence. The Appreciation Day is our way of saying "thank you" for your commitment to the future of Mississippi. It is an honor and a privilege for the Legislature to recognize these honorees for their outstanding achievements. We wish them every success as they pursue their personal and professional goals.

**RESOLUTION
ESTABLISHING HEADWAE
Introduced by Former Representative Cecil Simmons
Legislative Resolution #88 - 1987**

A RESOLUTION ESTABLISHING HIGHER EDUCATION APPRECIATION DAY, WORKING FOR ACADEMIC EXCELLENCE: AND SETTING THAT DAY APART AS A SPECIAL DAY TO CONGRATULATE AND EXPRESS APPRECIATION TO MISSISSIPPI'S PUBLIC AND PRIVATE UNIVERSITIES, COLLEGES, JUNIOR COLLEGES, COMMUNITY COLLEGES AND TO REPRESENTATIVES OF THE FACULTY MEMBERS AND STUDENTS OF THOSE INSTITUTIONS FOR THEIR OUTSTANDING INSTRUCTIONAL GUIDANCE AND ACADEMIC EXCELLENCE.

WHEREAS, meaningful economic, political and social advancement and, in general, improvement of one's quality of life, is undoubtedly heavily dependent upon and directly correlates with the superior mental training and skills which higher education offers and develops; and

WHEREAS, the people of Mississippi have reason to take special pride in the vigorous commitment to excellence in higher education which our public and private universities, colleges, junior colleges, community colleges and proprietary institutions continually demonstrate year after year, fostering, developing and promoting the discovery, transmission and preservation of knowledge for present and future generations of Mississippians: and

WHEREAS, as proof of the benefits and rewards engendered by our state's public and private institutions of higher learning, one need only observe and take account of the large number of productive, responsible and accomplished individuals throughout our state, nation and the world who have pursued and received their formal education and training at one or more of these fine institutions: and

WHEREAS, the success and accomplishments of our state's system of higher education is in large measure attributable to the exceptional academic guidance and training of learned and distinguished instructors who, even in the face of somewhat limited financial reward, have dedicated themselves to providing a quality of education second to none: and

WHEREAS, the superior quality of educational instruction, combined with an educational philosophy emphasizing progress and achievement, have permitted our institutions of higher learning to successfully attract and retain some of the brightest and most academically talented students in the nation; and

WHEREAS, the Legislature of the State of Mississippi believes that it is most appropriate to pay special tribute to and bring deserved recognition and state and national attention to those educational instructors and students of our state's public and private universities, colleges, junior colleges, community colleges and proprietary institutions who exemplify exceptional instructional skills and outstanding academic achievement:

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MISSISSIPPI, THE SENATE CONCURRING THEREIN, That we officially designate February 21, 1988 Higher Education Appreciation Day, Working for Academic Excellence (H.E.A.D.W.A.E.), setting aside that day and encouraging the establishment of such a day as an annual event in order to extend congratulations and express the appreciation of the Legislature and all Mississippians to all of our public and private institutions of higher education and the faculty members and students selected by each of the respective institutions as most representative of the finest traditions in educational instruction and outstanding academic achievement.

BE IT FURTHER RESOLVED, That copies of this resolution be furnished to each of Mississippi's public and private universities, colleges, junior colleges, community colleges and proprietary institutions, the Board of Trustees of State Institutions of Higher Learning, the Mississippi Junior College Commission, the Mississippi Association of Independent Colleges and members of the Capitol Press Corps.

Hank M. Bounds
Commissioner of Higher Education

February 28, 2012

Dear HEADWAE Honorees:

Welcome to the 25th Anniversary of Higher Education Appreciation Day—Working for Academic Excellence. It is my pleasure to congratulate all of you who were selected to represent your institutions for this important occasion.

When Representative Cecil Simmons introduced legislation establishing this program, his goal was to have one day each year set aside to recognize outstanding faculty members and students from each college in the state, including public universities, public community colleges and private two-year and four-year institutions. As the faculty and student representatives selected by each institution, you excel in the classroom and beyond. You shine in every facet of your work and serve others by giving your time and talent to numerous organizations.

As we celebrate the Silver Anniversary of this event, it is important to remember that this event is made possible through the leadership of the Lieutenant Governor, the generosity of our sponsors and the hard work of Institutions of Higher Learning staff members who coordinate the recognition. I would like to thank Lieutenant Governor Tate Reeves, all of our sponsors and IHL staff members for their dedication to making this a wonderful event for all honorees and guests.

Again, congratulations to all of the honorees. I hope this day will be one you will remember fondly for the next 25 years.

Sincerely,

A handwritten signature in cursive script that reads "Hank M. Bounds".

Dear HEADWAE Honoree:

Congratulations on receiving this prestigious honor! You have worked hard to earn this award, and you should be proud of your achievements and accomplishments.

We now live in a global economy that places a greater importance on education than ever before. Whether you are a student or faculty member who is being recognized, you have made learning a priority, which is important not only for yourself but for our state as well. You are crucial to our state's future, and we are counting on you.

I hope that the student honorees will give serious consideration to staying in Mississippi once their formal education is complete, and I hope that all our faculty honorees, if they have not already done so, will make Mississippi their permanent home. We are counting on each of you to help lead us in the 21st century.

I also express my congratulations to HEADWAE on its 25th Anniversary. I remember when in 1988, the Mississippi Legislature began this program as a way to honor outstanding higher education students and faculty members. Since then, nearly 1,000 people have been recognized both at the Capitol and during the luncheon. It is a special day for all honorees, and thanks to everyone who helps make this wonderful event possible.

I wish everyone good luck in the future, and keep up your excellent work!

Sincerely,

MISSISSIPPI ASSOCIATION OF INDEPENDENT COLLEGES AND UNIVERSITIES

The twenty-fifth anniversary of the Higher Education Appreciation Day, Working for Academic Excellence is not only a celebration of a quality program, but a continuing recognition of quality in our students as well as in higher education.

On behalf of the seven independent colleges and universities, I join our colleagues in the higher education community in expressing our gratitude to the Mississippi Legislature for establishing and continuing a program which recognizes and encourages excellence in higher education. There are many outstanding faculty and students in our colleges and universities who often go unnoticed and sometimes feel unappreciated. The program has served as another way to express appreciation to all faculty, staff, and students who have excelled in their various academic pursuits. Many faculty and students have been recognized during the twenty five years in which the program has been established.

Congratulations to the faculty and student honorees that are recognized this year. Thank you for setting a worthy example for all who are interested in and support academic excellence. We express appreciation for your dedication, commitment, and determination to develop your talents and abilities in such outstanding ways. It is our hope that you will continue to excel and successfully invest yourselves in your academic pursuits and service to others.

The continued development of our state is directly related to the quality of its leadership. We are grateful to the members of the legislature who recognize and support excellence as found in our institutions of higher learning and deeply appreciate their efforts in establishing The Higher Education Appreciation Day, Working for Academic Excellence Program.
