2012-2013

HIGHER EDUCATION APPRECIATION DAY
WORKING FOR ACADEMIC EXCELLENCE
FEBRUARY 26, 2013

The Honorable Tate Reeves
Lieutenant Governor
State of Mississippi
Chairman of HEADWAE

Dear HEADWAE Honorees:

As Lieutenant Governor of Mississippi, it is a privilege to welcome all of our honorees here today as we celebrate their outstanding contributions to higher education. I want to thank the students and faculty members for their commitment to academic excellence and the institutions of higher education for lending their support in this effort.

Today's Higher Education Appreciation Day is a small way that the Legislature can say "thank you" for a job well done. We appreciate your commitment to excellence and to ensure that a quality postsecondary education can be achieved right here on Mississippi's many college campuses.

I know that leaders, like you, have worked tirelessly to make a positive impact on our educational system. It is this tenacity that continues to propel the Great State of Mississippi forward. The key ingredient to any successes our institutions of higher learning have enjoyed is because of quality students and quality faculty members. We applaud your service and sincerely appreciate your dedication.

Mississippi has an even brighter future because of each of you. Again, it is my pleasure to congratulate you on being selected for this outstanding achievement.

Sincerely,

A handwritten signature in black ink that reads "Tate Reeves". The signature is fluid and cursive, with the first name "Tate" and last name "Reeves" clearly distinguishable.

Tate Reeves

Dr. William J. Bennett

(Guest Speaker)

William J. Bennett is one of America's most important, influential, and respected voices on cultural, political, and education issues. A native of Brooklyn, New York, Bill Bennett studied philosophy at Williams College (B.A.) and the University of Texas (Ph.D.) and earned a law degree (J.D.) from Harvard.

He is the Washington Fellow of the Claremont Institute. He is a Senior Advisor to Project Lead The Way, one of the nation's leading providers of training and curriculum to improve STEM education in American schools; he is on the advisory board of Udacity.com, the online higher education company based in Palo Alto, CA; and he is Chief Education Advisor to Beanstalk Innovation, an international education company.

Over the course of his professional life, in education, government, and the private sector, Dr. Bennett has succeeded in a trifecta of American institutions. He is an award-winning professor in academia, having taught at Boston University, the University of Texas, and Harvard; he is a three-time confirmed executive in the Ronald Reagan and George W. Bush administrations including holding two cabinet-level positions, Secretary of Education under Ronald Reagan and the Nation's first Drug Czar under the first President Bush; he is the author of more than 24 books, including two New York Times Number One best sellers and two of the most successful books of the 1990s; and he is the host of the number seven ranked nationally syndicated radio show, *Morning in America*.

In his various roles, Dr. Bennett is perceived—even by his adversaries—as a man of strong, reasoned convictions who speaks candidly, eloquently, and honestly about some of the most important issues of our time.

Dr. Bennett's latest book to be released in May is entitled, *Is College Worth It?* His three volume set of the history of the United States entitled *America: The Last Best Hope*, has been widely praised. The volumes have been adopted for school use in the State of Indiana and the City of New York, and are currently being adopted by other school systems around the country and digitalized for distribution. As a communicator, Dr. Bennett has received rare acclaim. In 2002, he was named by focus groups and leading analysts the "Best Communicator of 2002," and the most well-received public commentator on the issues of "pride, patriotism, faith, and moral conviction." In April of 2005, the Sunday New York Times named Dr. Bennett the "leading spokesman of the Traditional Values wing of the Republican Party." Although he is a well-known Republican, Dr. Bennett often has crossed party lines in order to pursue important common purposes. He has worked closely with Democratic leaders such as Senator Joseph Lieberman to fight the decline of popular culture and to end worldwide religious persecution.

Thanks to his government positions, his writings and speeches, and thousands of media appearances, William Bennett has extraordinary influence on America's political and social landscape. In many surveys and publications he has been named one of the most influential individuals in America. He is the recipient of more than 30 honorary degrees.

Dr. Bennett and his wife, Elayne, reside in North Carolina and are the parents of two sons.

STATE OF MISSISSIPPI
OFFICE OF THE GOVERNOR

February 26, 2013

Dear Friends:

As Governor of the State of Mississippi, I am pleased to welcome you to the Mississippi Association of Colleges and Universities 26th Annual Higher Education Appreciation Day, Working for Academic Excellence (HEADWAE). I commend the students and faculty being honored at this year's event and look forward to your influence on our state's future.

The work of this organization creates a positive impact, and I commend you for your dedication. Mississippi is a better place thanks to your leadership and vision.

I welcome you to Jackson and to your state Capitol. I wish the organizers, the students, the faculty, and all guests a very successful event.

Sincerely,

A handwritten signature in black ink that reads "Phil Bryant". The signature is stylized with a large, flowing "P" and "B".

Greetings:

On behalf of the citizens of Jackson, I welcome you to the 2012-2013 Higher Education Appreciation Day – Working for Academic Excellence (HEADWAE). As Mayor of Jackson, I am pleased that our city was chosen to host such a prestigious event. This year's event is truly special because it is the 26th anniversary of HEADWAE.

Knowing the importance of a quality education, I am pleased that this time has been set aside to honor some of the most academically talented students and faculty members of Mississippi's higher education institutions. Receiving this honor is indeed a testament to your hard work and academic success.

In addition, I commend the Mississippi Legislature for taking the time each year to honor talented students and faculty members. This type of event offers students and faculty encouragement as they continue to strive for excellence.

I congratulate each of the honorees, and I encourage you to keep up the good work. For those of you visiting Jackson, I hope you find our city to be very accommodating, and while in town, please go out and take advantage of some of the fine dining, shopping, and sightseeing opportunities available in Jackson.

Sincerely,

Harvey Johnson, Jr.

Hank M. Bounds
Commissioner of Higher Education

February 26, 2013

Dear HEADWAE Honorees:

Welcome to the 26th Anniversary of Higher Education Appreciation Day—Working for Academic Excellence. It is my pleasure to congratulate all of the students and faculty members selected to represent their institutions for this important occasion.

Created through legislation introduced by Representative Cecil Simmons, this day is set aside to recognize outstanding faculty members and students from each college in the state, including public universities, public community colleges and private two-year and four-year institutions. The students are selected based on their academic achievements, campus leadership skills and service to the community. The faculty representatives are leaders, both on campus and in their field of study, who demonstrate their dedication to their students every day. The faculty and students honored in the HEADWAE program represent the best and brightest in higher education in Mississippi.

This event is made possible through the leadership of the Lieutenant Governor and the generosity of our sponsors. I would like to thank Lieutenant Governor Tate Reeves and all of our sponsors for their continued support and commitment to making this a wonderful event for all of the honorees and their guests.

Again, congratulations to all of the honorees. I hope this day will be one you will remember fondly for many years to come.

Sincerely,

A handwritten signature in black ink that reads "Hank M. Bounds".

February 26, 2013

Dear HEADWAE Honoree:

Congratulations on receiving this prestigious honor! Each of you is considered among the best and brightest in our higher education system and is worthy of this recognition.

To the students who are being honored, all of the hard work you have put into your studies is a wise investment and will pay off. Whether your goal is to become a teacher, doctor, attorney, businessperson, or any other career, you are positioning yourself to be successful. To the faculty members, thank you for putting so much time, effort, and energy into your students and into your institution. You are making a difference in the lives of countless people and your work is to be commended.

This event could not be possible without today's sponsors. Your support of this event shows that you are committed to the future of our state, and I thank you for your generosity. Also, the Mississippi Legislature should be thanked for making higher education a priority in the state. Back in 1988, HEADWAE was created by our state leaders as a way to recognize the achievements of higher educational students and faculty. I was proud to be a member of the Mississippi House of Representatives when the event began, and I am delighted to be a part of HEADWAE more than 25 years later.

Finally, I hope that each honoree will give serious consideration to making Mississippi home. Our state is blessed to have a creative and intelligent citizenry, and the future of our state depends on bright, energetic people like you.

Again, congratulations to each honoree and good luck in the future!

Sincerely,

Dr. Eric Clark
MCCB Executive Director

MISSISSIPPI ASSOCIATION OF INDEPENDENT COLLEGES AND UNIVERSITIES

On behalf of the seven independent colleges and universities, I join our colleagues in the higher education community in expressing our gratitude to the Mississippi Legislature for establishing and continuing a program which recognizes and encourages excellence in higher education. There are many outstanding faculty and students in our colleges and universities who often go unnoticed and sometimes feel unappreciated. The program has served as another way to recognize and express appreciation to all faculty, staff, and students who have excelled in their various academic pursuits.

Congratulations to the faculty and student honorees that are recognized this year. Each is to be commended for setting a worthy example for all who are interested in and support academic excellence. We express appreciation for your dedication, commitment, and determination to develop your talents and abilities in such outstanding ways. It is our hope that you will continue to excel and successfully invest yourselves in your academic pursuits and service to others.

The continued development of our state is directly related to the quality of its leadership. We are grateful to the members of the legislature who recognize and support excellence as found in our institutions of higher learning and deeply appreciate their efforts in establishing The Higher Education Appreciation Day, Working for Academic Excellence Program.

Sincerely,

CAREER GOALS: My goal is to be enrolled at William Carey University's College of Osteopathic Medicine in the fall of 2013. My plan is to become either a family medicine physician or a pediatrician and work in a rural area. One of my favorite quotes is, "You never really leave a place that you love. You take a part of it with you, leaving a part of you behind." I am from a small, rural community, and I can honestly say that my town has influenced me so deeply that my heart is set on practicing rural medicine. I have witnessed the large impact that medicine has made in my community and in surrounding communities, and one day, I hope to be a positive addition to the area by giving back what it has given me.
