

Medical Services Requiring Pre-Certification

The following services require certification by Intracorp/CareAllies (State of Mississippi's insurance utilization board):

- Inpatient hospital admission
- Outpatient CAT Scan
- Outpatient MRI Scan
- Private duty and home health nursing services
- Solid organ and bone marrow/stem cell transplants
- Home infusion therapy services
- Skilled Nursing Facility
- Long Term Acute Care Facility
- Hospice Care Services
- Wound Vacuum Assisted Closure

If scheduled for a hospital admission or outpatient services requiring certification, call **1.800.523.8739** and **select prompt option 1**.

To protect your benefits, CareAllies must be notified **five days** before your hospital admission and **two days** before your outpatient service. In case of an emergency admission, you or an appointed individual must call CareAllies within 48 hours of admission.
