Executive Summary

The Mississippi Office of Student Financial Aid (the Office) is the administering agency for all state-funded student financial aid programs with the exception of the Leveraging Education Assistance Partnership (LEAP) Grant program, which is administered jointly by the Office and the Mississippi higher education institutions. The Office also administers a number of other financial aid programs, which are funded through alternate sources.

Mission

The Office is guided by a two-fold public service mission to provide financial assistance to students in pursuit of educational and professional goals and to help the state fulfill critical needs in specific service areas and achieve the goal of a more educated citizenry. The Office seeks to build public awareness of the diverse financial resources available through ongoing communication with individuals, colleges and universities, secondary schools, governing boards, legislators, communities, and other constituency groups.

Funding for the 2010-11 Aid Year

For the 2010-11 Aid Year, the Office received an initial appropriation of \$26.9 million (General Funds) and up to \$1.2 million (Special Funds) in carryover dollars from previous aid years. Of the \$1.2 million appropriated, only \$0.9 million was available for carryover by the start of the fiscal year. Therefore, the funds available to the Office from state sources decreased by \$1.17 million or 4.03% from the previous year. The Legislature gave the Office authority to spend up to \$2.28 million from other funds (Federal grants, investment interest income, collection revenues, etc.), up to \$2.98 million from the Critical Needs fund, and \$750,000 was available from the *Ayers* Settlement. Therefore, the total available to the Office for awards and administration was \$34.3 million. This represents an increase of 5.58% over the previous year.

Overview of 2010-11 Awards

The Office awarded 28,664 awards, totaling \$29,041,046 to students during the 2010-11 Aid Year. A total of 28,301 awards, totaling \$27,689,625 was awarded to students through twenty-six (26) state-supported student financial aid programs. An additional \$1,351,421 was awarded to students in 363 awards through four (4) award programs funded through alternate sources. Some students received assistance through more than one program. The average award for state-supported student financial aid programs for the 2010-11 Aid Year was \$978.40, an increase of 0.69%.

Funding Disparities

Due to the availability of state support, some student financial aid programs cannot be fully funded each year. For such programs, money is awarded on a first-come, first-served basis until funds have been exhausted. For the 2010-11 Aid Year, all eligible applicants in all programs received funding. No funding disparity existed during the fiscal year.

Distribution of Aid by Institution Type (State-Supported Programs Only)

The Office awards financial aid to students at private and public four-year colleges and universities and to students at public two-year colleges. Aid is awarded to students attending out-of-state institutions when the program of study is not available to the student in Mississippi. Mississippi also repays undergraduate student loans for teachers working in critical teacher shortage areas of the state.

State-Supported Programs: Funding Disparities

Due to the availability of state support, in some years, some student financial aid programs cannot be fully funded. For programs that are not fully funded, money is awarded on a first-come, first-served basis until funds have been exhausted. The table below shows the total number of eligible applicants, the number of applicants who received awards, the calculated rate at which programs were funded, the average award amount, the number of eligible applicants not funded, and the resulting funding disparity. In FY 2010-2011, all programs were fully funded.

Summary of Accounts in Repayment at the Close of the Fiscal Year

State-supported loan/scholarship awards may be repaid through service or money. Paid in Full Accounts are accounts that were paid in full during the fiscal year. The Office works with ACS Campus Products and Services to service loan/scholarship accounts in repayment. If ACS is unable to service an account, the account is placed with a collection agency. Below is a summary list of the account status of all loan/scholarship accounts in repayment at the close of the 2009-2010 Aid Year. Current accounts are accounts for which no principal or interest is currently past due. Current accounts may be repaid by service or money. Noncurrent accounts are accounts that are past due (less than 3 months), delinquent (more than 3 months), on a temporary payment plan, or placed with a collection agency.
