Mission Statement

State Institutions of Higher Learning (IHL System)

The Mississippi Institutions of Higher Learning (IHL System), under the governance of its Board of Trustees, will operate as a strong public university system with eight distinct, mission-driven universities, and will enhance the quality of life of Mississippians by effectively meeting their diverse educational needs. In so doing, the IHL system will be characterized by, and become nationally recognized for, its emphasis on student achievement and on preparing responsible citizens; its adherence to high academic standards and to quality in instruction, research, service, and facilities; and its commitment to affordability, accessibility, and accountability.

Board of Trustees

The purpose of the Board of Trustees is to manage and control Mississippi's eight institutions of higher learning in accordance with the Constitution and to see that the IHL System mission is accomplished. To do so, the Board will operate a coordinated system of higher education, establish prudent governance policies, employ capable chief executives, and require legal, fiscal and programmatic accountability. The Board will annually report to the Legislature and the citizenry on the needs and accomplishments of the IHL System.

Institutions

Each institution of higher learning has a distinct history and traditions, and a distinct mission to be performed within the context of the Board and System missions, but they also share certain common characteristics. The common characteristics include:

- 1. a commitment to excellence and responsiveness;
- 2. a commitment to programs and activities that enhance the undergraduate experience and strengthen general education;
- 3. a commitment to a teaching/learning environment, both inside and outside the classroom, that sustains instructional excellence, serves a diverse and well-prepared student body, provides academic assistance, and promotes high levels of student achievement;
- 4. a commitment to scholarly and creative work and research that is consistent with the university's mission;
- 5. a commitment to public service, continuing education, technical assistance, and economic development programs and activities that respond to societal needs;

- 7. a commitment to collaboration with public and private partners as a means of more effectively utilizing institutional resources; and
- 8. a commitment to ethnic and gender diversity.

Five-year Goals for the system have been developed in order for the Planning Principles to come to fruition. Successful accomplishment of these Goals will strengthen not only the educational and economic foundation in the state, but also the comprehensive societal well-being of the state, the region, the nation, and beyond. Strategies used to meet these system goals are set by the individual universities in order to ensure respect for the distinctive mission and scope of each institution.

- 4. Provide support programs and services that enhance student recruiting and retention, timely completion of degrees, and attainment of student goals;
- 5. Encourage research and creative activities to enhance instruction, generate new knowledge, and contribute to economic development;
- 6. Provide informal education, technical assistance, and other public services that respond to societal needs;
- 7. Promote accountability, efficiency, productivity and effective utilization of technology;
- 8. Promote ethnic and gender diversity;
- 9. Enhance programs and utilization of resources by development of cooperative efforts and partnerships;
- 10. Enhance public awareness and support of IHL programs and services; and
- 11. Promote and implement the Higher Education Summit recommendations.

PRIORITIES

To accomplish the long-range goals, priorities will be set annually. All goals are important and will be supported each year, but not every goal will have specific priorities associated with it each year.

TRENDS IN STATE STUDENT FINANCIAL AID PROGRAMS

Student Financial Aid Programs provide valuable assistance to many college students. The following tables include the number of students served and the amount expended in the state grant programs including MISSIS-SIPPI RESIDENT TUITION ASSISTANCE GRANT (**MTAG**), the MISSISSIPPI EMINENT SCHOLARS GRANT (**MESG**), and the HIGHER EDUCATION LEGISLATIVE PLAN for Needy Students (**HELP**) and the loan/scholarship programs including the CRITICAL NEEDS TEACHER LOAN SCHOLARSHIP PROGRAM (**CNTP**), WILLIAM WINTER TEACHER SCHOLAR LOAN PROGRAM (**WWTS**), GRADUATE TEACHER SUMMER LOAN SCHOLARSHIP PROGRAM (**GTS**) and COUNSELING AND SCHOOL ADMINISTRATION SUMMER LOAN SCHOLARSHIP PROGRAM (**CSA**). Public and institutional familiarity with the MTAG, MESG, and HELP Programs, continued efforts to promote teacher education as a career through participation in CNTP and WWTS, and an emphasis on CSA/GTS as motivation for current teacher to upgrade baccalaureate degrees will enable the full potential of these student financial aid programs to be realized.

The table on page **51** presents an overview of all Mississippi Student Financial Aid programs from FY 2007 through FY 2010. This overview demonstrates the impact of funding on program participation.

Authorized in March of 1995 by the Legislature, the MTAG and MESG Programs were available to Mississippi residents beginning FY 1996 under the following guidelines:

The **MISSISSIPPI RESIDENT TUITION ASSISTANCE GRANT (MTAG) PROGRAM** offers financial assistance to Mississippi residents who are Freshmen, Sophomores, Juniors, and Seniors attending any state institution of higher learning or public community or junior college located in Mississippi or any regionally accredited, state-approved, non-profit two- or four-year college or university in Mississippi. The Program is administered by the Mississippi Post-Secondary Education Financial Assistance Board. Awards are dependent upon availability of funds and are subject to proration. Under the MTAG Program, the maximum grant award for Freshmen and Sophomores is \$500 per regular academic year; the maximum grant for Juniors and Seniors is \$1,000 per regular academic year.

The **MISSISSIPPI EMINENT SCHOLARS GRANT (MESG) PROGRAM** offers financial assistance to Mississippi residents who are first-time Freshmen or renewal recipients attending any state institution of higher learning or public community or junior college located in Mississippi or any regionally accredited, state-approved, non-profit two- or four-year college or university in Mississippi. The Program is administered by the Mississippi Post-Secondary Education Financial Assistance Board. Awards are dependent upon availability of funds. Under the MESG Program, the maximum grant award is \$2,500 per regular academic year, not to exceed tuition and required fees.

Authorized in March of 1997 by the Legislature and amended in 1998 and 1999, the HELP Program was available to Mississippi residents beginning FY 1998 under the following guidelines:

The **HIGHER EDUCATION LEGISLATIVE PLAN for Needy Students (HELP)** provides full tuition to all qualified, college-bound Mississippi residents who apply and enroll full-time at any state public and nonprofit

two-year and four-year eligible college or university to pursue a first baccalaureate or first associate undergraduate degree. Eligible applicants must have a 2.5 high school grade point average, a composite score of 20 on the ACT, and must be able to document residency in Mississippi for two (2) years prior to applying. Additionally, the applicant's family must document that the two (2) year average annual adjusted gross income is \$36,500 or less. Other requirements are listed on the HELP application and must also be met. Eligible applicants must have received notification of federal student aid eligibility prior to the HELP application deadline. Funding is limited and awards are made on a first-come, first-served basis. Under the HELP Program, the maximum grant award for any recipient is tuition and required fees at an eligible state institution of higher learning or public community or junior college.

The tables on page 52 detail the actual MTAG, MESG and HELP awards for FY 2007 through FY 2010.

Authorized in March of 1998 by the Legislature, the CNTP Program was available to Mississippi residents beginning FY 1999 under the following guidelines:

The **Critical Needs Teacher Loan/Scholarship Program (CNTP)** provides tuition, required fees, the average cost of room and meals, and a \$500.00 book allowance at the college or university in which the student is enrolled, not to exceed an amount equal to the total cost of tuition, room and meals, books and required fees assessed by a state approved public two-year or four-year institution of higher learning during that school year. An eligible student must be enrolled full-time or part-time (six hours) in a program of study leading to a Class "A" standard teacher educator license, must have a 2.5 high school grade point average and a composite score of 18 on the ACT. Students must sign a contract agreeing to teach one year for each year the award is received in an accredited <u>public school or public school district</u> in a critical teacher geographic shortage area of Mississippi as defined at the time of his/her graduation. Recipients receiving four annual awards who render service in an accredited <u>public school or public school district</u> in a critical teacher geographic shortage area in Mississippi need only teach three years. Program participation is limited to 4 years. Funds are limited and awards are made on a first-come, first-served basis. Recipients of the CNTP loan are not eligible for funds from other state aid programs. In the event the recipient fails to remain enrolled in a teacher education program of study or fails to fulfill the service obligation, repayment of principal and interest is required.

The table on page **53** illustrates the trend in the Critical Needs Teacher Loan Scholarship Program and the William Winter Teacher Scholar Loan Program since FY 2007.
