Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the Mississippi Institutions of Higher Learning (the IHL System), a Component Unit of the State of Mississippi, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the IHL System, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, and the University of Southern Mississippi Foundation, which are discretely presented component units of the IHL System. Those statements, which reflect 100% of the assets, net position, and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2024 were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, and the University of Southern Mississippi Foundation, is based solely on the reports of the other auditors.

We did not audit the financial statements of the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund and the State Institutions of Higher Learning Tort Liability Fund, which are included in the business-type activities of the IHL System. Those statements, which reflect approximately .7%, 1.0%, and 0.4%, respectively, of the assets, net position, and revenues of the business-type activities of the IHL System as of and for the year ended June 30, 2024, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund and the State Institutions of Higher Learning Tort Liability Fund, is based solely on the reports of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit

of the Financial Statements” section of our report. We are required to be independent of the IHL System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the discretely presented component units listed above and the State Institutions of Higher Learning Self-Insured Workers’ Compensation Fund and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*.

Prior Year Audited by Other Auditors

The 2023 financial statements were audited by other auditors, and their report thereon, dated December 28, 2023, expressed an unmodified opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the IHL System’s ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IHL System’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the IHL System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the IHL System's basic financial statements. The combining supplementary statements and schedule of expenditures of federal awards as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, as listed the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining supplementary statements and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 10, 2025 on our consideration of the IHL System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over

Board of Trustees
Mississippi Institutions of Higher Learning

financial reporting and compliance and the results on that testing and not to provide an opinion on the effectiveness of the IHL System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control over financial reporting and compliance.

Forvis Mazars, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

(THIS PAGE LEFT BLANK INTENTIONALLY)

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

Introduction

The Board of Trustees of Mississippi's Institutions of Higher Learning (IHL System) governs the state's public four-year institutions. The Constitutional Governing Board was created in 1943 for the purpose of overseeing and directing Mississippi's eight public universities including the University of Mississippi Medical Center, various off-campus centers and multiple research institutes located throughout Mississippi.

The institutions serve approximately 77,000 students with an employee base of 27,900 individuals. Faculty makes up approximately 6,000 of the total employee count. The system offers over 800 degree programs and awarded approximately 19,600 degrees in academic year 2023.

In addition to regular operations, each university has established its own educational building corporation (EBC) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is to provide a means to acquire land or buildings, construct or renovate facilities, and/or equip facilities. Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, 39, *Determining Whether Certain Organizations are Component Units – An Amendment of GASB Statement No. 14*, and 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34*, deem EBCs to be component units of the IHL System; therefore, they are included as blended component units in the basic financial statements. In addition to EBCs, the IHL System has three additional component units considered significant to the financial statements. The three units are Mississippi State University Foundation, Inc., the University of Mississippi Foundation and the University of Southern Mississippi Foundation. These audited financial statements are discretely presented following the IHL System's financial statements.

This report was prepared in accordance with GASB Statements 34 and 35, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities – An Amendment of GASB Statement No. 34*, and present financial data for the fiscal period ending June 30, 2024. The IHL System reports as a special purpose government, engaged solely in business-type activities. This section should be read in conjunction with the financial statements and the notes that follow.

The following is a list of abbreviations used throughout this financial report for the member universities of the IHL System:

ASU	Alcorn State University
DSU	Delta State University
JSU	Jackson State University
MSU	Mississippi State University
MUW	Mississippi University for Women

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

MVSU	Mississippi Valley State University
UM	University of Mississippi
USM	University of Southern Mississippi
UMMC	University of Mississippi Medical Center
IHL Executive Office	Institutions of Higher Learning – Executive Office
UPM	University Press of Mississippi
MCVS	Mississippi Commission for Volunteer Service – Off-campus entity

The discussion and analysis below provide an overview of the financial position and activities of the IHL System for the years ended June 30, 2024 and 2023. This discussion has been prepared by management and should be read in conjunction with the financial statements and accompanying notes that follow this section.

Financial Highlights

The IHL System recorded an increase in net position of \$134 million in fiscal year 2024. Net tuition and fees revenue was up 8.8%, or \$60.3 million. Operating expenses increased by \$568 million, where the major contributor to this increase was personnel cost. The IHL System experienced a 45% (or \$278 million) rise in fringe benefits expense coupled with an 11% (or \$206 million) increase in salaries and wage expense. Excluding the effects of pension and other postemployment benefit (opecb) liabilities, the increase to fringe benefits expense is only \$49 million. Patient care revenues of the medical center experienced a 15.8% growth, or \$216 million.

Financial highlights (in millions)	Years ended June 30,		
	2022	2023	2024
Total operating revenues	\$ 3,045	3,219	3,620
Total operating expenses	3,847	4,226	4,794
Operating loss	(802)	(1,007)	(1,174)
State appropriations	711	812	868
Gifts	337	220	258
Investment income	(69)	35	115
Interest expense on capital asset-related debt	(42)	(46)	(52)
Other nonoperating revenues, net			
and other revenue, expenses, gains and losses	114	79	119
Increase in net position	250	93	134
Net position, beginning of the year	2,432	2,682	2,775
Net position, end of year	\$ 2,682	2,775	2,909

Operating revenues minus operating expenses typically result in an operating loss in the IHL System's financial statements. Nonoperating items, however, including state support, investment income, and gifts have typically enabled the IHL System to reflect an increase in the net position, or "equity" each year. This surplus has been reinvested within the IHL System to add a margin of educational excellence, upgrade the IHL System's facilities and provide a prudent reserve for contingencies such as the recent period of economic instability.

Overview of the Financial Statements

The IHL System's financial report consists of management's discussion and analysis, financial statements including notes, and financial statements of the discretely presented component units. The statements of the System include the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; the Statement of Cash Flows; and the Statement of Financial Position and Statement of Activities for the discretely presented component units.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

Financial Statements

The financial statements present information for the IHL System as a whole. The Statement of Net Position presents the financial position of the IHL System at the end of fiscal years 2024 and 2023 and includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources for all institutions within the IHL System. The difference between total assets, deferred outflows of resources, total liabilities, and deferred inflows of resources – net position – is one measure of the IHL System's financial health or position. The change in net position is a useful indicator of financial health. Over time, increases or decreases in the IHL System's net position provide a useful trend in assessing whether its financial health is improving. Other nonfinancial factors such as enrollment trends and the condition of the physical plant are also useful in evaluating the overall financial health of the IHL System.

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the IHL System, as well as nonoperating revenues and expenses for the years ended June 30, 2024 and 2023. Operating revenues are received for providing goods and services to various customers and constituencies of the IHL System. Operating expenses are incurred to acquire or produce the goods and services provided in return for the operating revenues. Nonoperating revenues are received for which goods and services are not provided as an exchange transaction. State appropriations, which represent 17.4% and 18.5% of total IHL System net revenues for fiscal years 2024 and 2023, respectively, are classified as nonoperating revenue because these revenues are appropriated at the state level rather than at the institutional level. This accounting treatment for this revenue classification typically results in the IHL System showing an operating loss. Other typical nonoperating revenue sources include gifts, grants, and appropriations restricted for capital purposes.

The Statement of Cash Flows provides information about the cash sources and uses of the IHL System. Additional information for these statements is provided later in this report.

The following chart depicts a ten-year history of fall enrollment.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

Statement of Net Position

The Statement of Net Position presents the financial position as of the end of the fiscal year and includes all assets, liabilities, deferred outflows of resources, and deferred inflows of resources of the IHL System. Cash and investments are generally reported at fair values. Capital assets are reported at historical cost less an allowance for depreciation and amortization. The difference between total assets and deferred outflows, and total liabilities and deferred inflows – net position – is one indicator of the current financial condition, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the current year. From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the entity, and how much is owed to vendors, investors, and lending institutions. Finally, the Statement of Net Position provides a picture of the net position and its availability for expenditure.

Net position is classified into components as follows:

- Net investment in capital assets represents the investment in property, plant, equipment, and lease and subscription assets less any related debt used to acquire those assets.
- Restricted nonexpendable net position consists of the IHL System's permanent endowment funds.
- Restricted expendable net position is available for expenditure but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets.
- Unrestricted net position is available for any lawful purpose of the IHL System.

Summary of Net Position (Condensed)

		June 30, 2022	June 30, 2023	June 30, 2024	Changes between years	
					2022 to 2023	2023 to 2024
Assets:						
Current assets	\$	1,593,367,919	1,664,166,596	1,855,867,179	4.4 %	11.5 %

Restricted – expendable		395,157,663	433,967,475	484,825,848	9.8	11.7
Unrestricted		(1,248,566,079)	(1,296,731,821)	(1,457,073,751)	(3.9)	(12.4)
Total net position	\$	2,681,783,721	2,774,504,100	2,908,600,914	3.5 %	4.8 %

At June 30, 2024, 2023, and 2022, current assets totaled \$1.86 billion, \$1.66 billion, and \$1.59 billion, respectively, and consisted primarily of cash and cash equivalents, short-term investments and net receivables. Current assets increased 11.5% (or \$191.7 million) and 4.4% (or \$70.8 million) from June 30, 2023 to 2024 and from June 30, 2022 to 2023, respectively. Cash and cash equivalents, and short-term investments constituted approximately 67%

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

and 66% of current assets as of June 30, 2024 and 2023, respectively, while net receivables constituted approximately 28.5% and 28.6% of current assets as of June 30, 2024 and 2023, respectively. Approximately 45.6% and 46.1% of these net receivables are amounts due from gifts, contracts and grants, and the State of Mississippi for appropriations as of June 30, 2024 and 2023, respectively, while 26.1% and 24.5%, respectively, were related to patient care receivables from UMMC. The remaining receivables were primarily owed from students for tuition, room and board charges.

At June 30, 2024, 2023, and 2022, noncurrent assets totaled \$6.6 billion, \$6.2 billion and \$6.0 billion, respectively, which included capital assets of \$5.0 billion, \$4.8 billion and \$4.6 billion, respectively. Noncurrent cash and investments, that are restricted externally by endowment arrangements or specific grant and contract arrangements, approximated \$235 million and \$212 million at June 30, 2024 and 2023, respectively. These amounts are reflected in net position expendable for scholarships and fellowships and other purposes in the statement of net position. Unspent bond proceeds amounted to \$66.6 million and \$109.8 million at June 30, 2024 and 2023, respectively. One other significant noncurrent asset of the IHL System is student loans receivable which equaled \$64.2 million and \$64.6 million at June 30, 2024 and 2023, respectively. In total, noncurrent assets increased by 6.1% (or \$376.9 million). Net capital assets increased by 4.6%, or \$216.7 million, to \$4.98 billion at 2024. Additional details about the IHL System's most recent capital asset growth can be seen in the Capital Asset and Debt Administration section of this report.

At June 30, 2024, 2023, and 2022, current liabilities equaled \$738 million, \$640.9 million, and \$635.6 million, respectively, and consisted primarily of accounts payable and accrued liabilities, and unearned revenues. Unearned revenues include advance receipts for athletic ticket sales, summer tuition, fees, and student housing.

Noncurrent liabilities are those liabilities due and payable more than twelve months from year-end. Noncurrent liabilities equaled \$5.6 billion, \$4.9 billion, and \$3.9 billion, at June 30, 2024, 2023, and 2022, respectively. The IHL System's proportionate share of the PERS collective net pension liability increased by \$703.4 million (22%) and \$887.7 million (38%) as of June 30, 2024 and 2023, respectively. The IHL System's proportionate share of the collective net OPEB liability reported by the State and School Employees' Life and Health Insurance Plan increased \$13 million (14.4%) as of June 30, 2024 and decreased by \$29.2 million (24.5%) as of June 30, 2023.

Deferred outflows of resources increased by \$413.7 million in 2024 which was mainly caused by the pension and OPEB adjustments for GASB No. 68 and 75. The IHL System recorded \$938.6 million of pension-related deferred outflows at the end of fiscal year 2024, primarily representing the deferral of pension contributions paid during the year for the IHL System's participation in the cost-sharing, defined benefit pension plan administered by PERS, in conjunction with the change of assumption in the discount rate to 7.00% from 7.55%. Deferred inflows of resources changed nominally with a decrease of \$10.4 million, or 5.7%.

Restricted nonexpendable net position equaled \$201.0 million, \$190.4 million, and \$185.5 million, at June 30, 2024, 2023, and 2022, respectively, and consisted of endowment and similar type funds, in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal be maintained intact and invested for the purpose of producing income that may either be expended or added to principal. The value of this net position has increased 5.6% (or \$10.6 million) and 2.6% (or \$4.9 million) from June 30, 2023 to 2024 and June 30, 2022 to 2023, respectively.

Restricted expendable net position equaled \$484.8 million, \$434.0 million, and \$395.2 million, at June 30, 2024, 2023, and 2022, respectively, and consisted of resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. The value of this net position has increased 11.7% (or \$50.9 million) and 9.8% (or \$38.8 million) from June 30, 2023 to 2024 and June 30, 2022 to 2023, respectively.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

Unrestricted net position (deficit) equaled \$(1.5) billion, \$(1.3) billion, and \$(1.2) billion, at June 30, 2024, 2023 and 2022, respectively, and represents those assets that are available to the IHL System for any lawful purpose. The value of unrestricted net position worsened by 13.9% (or \$180.6 million) from June 30, 2023 to 2024, and also by 3.9% (or \$48.2 million) from June 30, 2022 to 2023. The unrestricted deficit is the result of the implementation of GASB Statement Nos. 68 and 75, under which IHL recognizes a liability for its net pension and OPEB obligations. At June 30, 2024, 2023, and 2022, the net pension liability was \$3.9 billion, \$3.2 billion, and \$2.3 billion, respectively.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Operating revenues are earned by providing goods and services to various customers and constituencies. Operating expenses are incurred to acquire or produce the goods and services and to carry out the mission of the IHL System. Nonoperating revenues are revenues received for which goods and services are generally not provided. A public university's dependence on state aid and gifts usually results in operating deficits because state appropriations and gifts are classified as nonoperating revenues. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation, which spreads the cost of an asset over its expected useful life.

Change in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues earned, both operating and nonoperating, and the expenses incurred, operating and nonoperating, and any other revenues, expenses, gains or losses received or incurred by the IHL System.

Summary of Revenues, Expenses and Changes in Net Position (Condensed)

	Years ended June 30,			Changes between years	
	2022	2023	2024	2022 to 2023	2023 to 2024
Operating revenues	\$ 3,044,979,771	3,218,887,338	3,619,687,857	5.7 %	12.5 %
Operating expenses	3,847,088,067	4,225,681,463	4,793,513,092	9.8	13.4
Operating loss	(802,108,296)	(1,006,794,125)	(1,173,825,235)	25.5	16.6
Nonoperating revenues	\$ 937,246,927	1,021,384,917	1,183,374,917	9.0	15.9
Income before other revenues, expenses, gains or losses	135,138,631	14,590,792	9,549,682	(89.2)	(34.5)
Other revenues, expenses, gains or losses	114,506,471	78,129,587	124,547,132	(31.8)	59.4
Change in net position	249,645,102	92,720,379	134,096,814	(62.9)	44.6
Net position, beginning of the year	2,432,138,619	2,681,783,721	2,774,504,100	10.3	3.5
Net position, end of the year	\$ 2,681,783,721	2,774,504,100	2,908,600,914	3.5 %	4.8 %

Operating Revenues

Operating revenues for the IHL System equaled \$3.6 billion, \$3.2 billion and \$3.0 billion for fiscal years 2024, 2023 and 2022, respectively. Operating revenues increased 12.5% (or \$400.8 million) and 5.7% (or \$174 million) during 2024 and 2023, respectively. Major components of operating revenues are the UMMC patient care revenues (43.7% in 2024, 42.4% in 2023 and 41.1% in 2022), net tuition and fees (20.6% in 2024, 21.3% in 2023 and 22.2% in 2022), grants and contracts revenues (17.6% in 2024, 17.2% in 2023 and 17.7% in 2022), and sales and service revenues from auxiliary activities (9.9% in 2024, 10.5% in 2023 and 10.3% in 2022). The following table summarizes the IHL System's operating revenues for the past three fiscal years.

Other	169,018,613	172,806,350	194,135,656	2.2	12.3
Total operating revenues	\$ <u>3,044,979,771</u>	<u>3,218,887,338</u>	<u>3,619,687,857</u>	<u>5.7 %</u>	<u>12.5 %</u>

Net tuition and fee revenues increased 8.8% (\$60.3 million) and 1.3% (\$8.8 million) during 2024 and 2023, respectively. In 2024, the average increase in the in-state tuition rate was \$255 (or 2.9%), and the average increase in the out-of-state tuition rate was \$823 (or 5.8%). All universities except Alcorn State and Delta State raised its tuition rate in 2024, and four universities do not charge out-of-state tuition surcharges (ASU, DSU, MUW and MVSU).

Patient care revenues at UMMC increased 15.8%, or \$216 million from June 30, 2023 to 2024, and 9.2%, or \$115 million, from June 30, 2022 to 2023.

Operating Expenses

Operating expenses for the IHL System totaled \$4.8 billion, \$4.2 billion, and \$3.8 billion for fiscal years 2024, 2023 and 2022, respectively. Operating expenses increased by 13.4% (or \$568 million) during 2024. Personnel costs (including fringe benefits) were the largest expense component for the IHL System, representing 61% of the total in 2024 and 58% in 2023. Other major components include contractual services (15.3% in 2024, 16.7% in 2023, and 15.3% in 2022), commodities (11.0% in 2024, 11.9% in 2023, and 12.3% in 2022), and scholarships and fellowships (4.5% in 2024, 4.7% in 2023, and 7.4% in 2022). The following table summarizes the IHL System's operating expenses (by major object category) for the past three fiscal years.

Operating Expenses					
	Years ended June 30,			Changes between years	
	2022	2023	2024	2022 to 2023	2023 to 2024

Depreciation and amortization	190,762,209	204,527,031	217,406,550	7.2	6.3
Other	3,489,908	8,996,935	9,245,597	157.8	2.8
Total operating expenses	\$ <u>3,847,088,067</u>	<u>4,225,681,463</u>	<u>4,793,513,092</u>	<u>9.8 %</u>	<u>13.4 %</u>

The IHL System's personnel expenses increased in both 2024 (19.7%, or 484 million) and 2023 (12.7%, or \$277 million). All institutions experienced increases in personnel costs in 2023. In 2024, DSU and MUW managed to decrease personnel cost, net of the pension effect; however, all institutions felt an increase after the pension and

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

OPEB adjustments. Travel expenses experienced a modest increase in 2024, \$5.8 million (or 9.5%) after a significant 40.8% increase (\$17.6 million) in 2023. Travel had been down for two consecutive years post-pandemic. Contractual services increased another 3.9% (\$27.8 million) after jumping 19.5% for two consecutive years (\$115 million in 2023 and \$97 million in 2022). The cost of commodities continues to rise, by 5.5% (or \$27.6 million) in 2024 and 5.8% (or \$27.7 million) in 2023. Scholarship and fellowship expenses rose by 7.7% (\$15.3 million) from 2023 to 2024 after experiencing a sharp decline of 30.7%, or \$88 million, from 2022 to 2023.

As an alternative presentation model, the IHL System's operating expenses are shown below by major functional classification. Functional classifications are the traditional categories that universities have used in past financial presentations (pre-GASB 34). These functions represent the types of programs and services that the universities generally provide. For example, funds utilized to compensate a classroom professor or provide classroom materials would be classified as instruction.

	Operating Expenses			Changes between years

Total operating expenses	\$ 3,847,088,067	4,225,681,463	4,793,513,092	9.8 %	13.4 %

Funding for the Instruction function continues to be one of the IHL System's highest priorities. Instruction costs increased by 11.9% (or \$89 million) in 2024 and 13.6% (or \$89.6 million) in 2023. For the past three years, this percentage share of total operations has hovered around 17.5%, while the 10-year average is 19.1%. Institutional research (internal and external) and public service costs have always commanded one of the System's primary cost missions. Research expenses grew by 8.5% (or \$35.5 million) in 2024 after a 10.8% (or \$40.8 million) increase in 2023; these costs represent approximately 14.3% and 14.8% of the IHL System's total focus during 2024 and 2023, respectively. Institutional support costs typically present the functions of the executive management department, general administration, logistical support services, computing, public relations and development. These costs increased by 32.2% (or \$116.5 million) in 2024 and by 12.3% (or \$39.7 million) in 2023 after experiencing a 10.9% decline in 2022. Auxiliary enterprise costs include all expenses associated with departments that primarily exist to furnish goods or services to students, faculty, or staff and that charge a fee directly related to, although not necessarily equal to, the cost of the goods and services. Auxiliary departments are required to be essentially self-supporting activities. Examples are (1) student housing, (2) food services, (3) bookstores, and (4) intercollegiate athletics. Auxiliary expenses increased by 12.1% (\$39.4 million) in 2024 and by 12.3% (\$35.7 million) in fiscal year 2023. Student Aid expenses rose modestly by 6.2% (or \$13 million) in 2024 after experiencing the first decline since 2017 in the amount of \$74 million (or 26%). Finally, hospital expenses increased for the third year in a row, by 16.1% (or \$214 million) in 2024 and 13% (\$152 million) in 2023. The hospital operations contribution ratio remained steady at 73.5%.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

The IHL System identified millions of dollars in inter-campus transactions that required elimination for financial statement presentation purposes. Examples of such transactions would be student financial aid funds administered by the IHL Executive Office that were directed to the campuses, as well as grant agreements between one or more IHL System institutions in which one campus served as a primary recipient and the other campus acted as a sub-recipient.

Capital Asset and Debt Administration

At June 30, 2024, 2023, and 2022, the IHL System had approximately \$5.0 billion, \$4.8 billion, and \$4.6 billion, respectively, invested in a broad range of capital assets. These assets comprise land, construction in progress, livestock, buildings and improvements (infrastructure), equipment, lease and subscription assets, and library books. They are stated net of accumulated depreciation or amortization. The following table summarizes the IHL System's capital assets for the past three fiscal years.

Capital Asset Summary					
	Years ended June 30,			Changes between years	
	2022	2023	2024	2022 to 2023	2023 to 2024
Capital assets not being depreciated/amortized	\$ 496,119,089	544,995,179	761,475,731	9.9 %	39.7 %
Depreciable/amortizable capital assets:					
Improvements other than buildings	537,431,932	552,874,686	586,610,046	2.9	6.1
Buildings	4,804,079,522	4,959,955,773	4,993,064,567	3.2	0.7
Equipment	983,447,633	1,001,978,681	1,031,843,864	1.9	3.0
Lease assets	132,889,845	145,773,309	185,275,657	9.7	27.1
Subscription-based software	—	60,525,298	81,943,458

Total cost of capital assets	7,429,818,674	7,750,768,634	8,128,896,778	4.3	4.9
Less accumulated depreciation/amortization	(2,822,858,544)	(2,989,687,702)	(3,151,092,869)	5.9	5.4
Capital assets, net	\$ 4,606,960,130	4,761,080,932	4,977,803,909	3.3 %	4.6 %

Non-depreciable/amortizable capital assets equaled \$761 million, \$545 million, and \$496 million at June 30, 2024, 2023, and 2022, respectively. These assets principally consisted of land and construction in progress. The 39.7% increase (\$216 million) in 2024 was the result of \$280 million in additions to construction projects.

At June 30, 2024, 2023, and 2022, the IHL System had \$1.5 billion, \$1.5 billion, and \$1.3 billion, respectively, in bonded debt, notes payable, lease and subscription liabilities. This represents a 3.2% (or \$46.5 million) increase in 2024 after a 13.3% (\$170.6 million) increase in 2023. The following table summarizes the IHL System's long-term debt for the past three fiscal years.

Long-Term Debt Summary					
	Years ended June 30,			Changes between years	
	2022	2023	2024	2022 to 2023	2023 to 2024
Bonds payable	\$ 1,151,530,267	1,286,420,515	1,313,988,192	11.7 %	2.1 %
Notes payable and financed purchases	13,803,408	10,452,123	7,020,497	(24.3)	(32.8)
Lease liability	115,969,533	112,394,899	135,623,576	(3.1)	20.7
Subscription liability	—	42,597,970	41,757,389		(2.0)
Total long-term debt	\$ 1,281,303,208	1,451,865,507	1,498,389,654	13.3 %	3.2 %

Bonded debt increased 2.1% (\$27.6 million) in 2024 and 11.7% (or \$134.9 million) in 2023. In February 2024, the MSU EBC issued \$82,650,000 of Series 2024A Revenue Refunding Bonds and \$48,325,000 of Series 2024B

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

Refunding Bonds to finance construction of a new residence hall and fund renovations for Humphrey Coliseum. During fiscal year 2023, the UM EBC issued \$72,760,000 of Series 2022 tax-exempt revenue bonds to construct and equip the Jim and Thomas Duff Center for Science and Technology Innovation. In May 2023, The Medical Center EBC issued \$82,500,000 of Series 2023A and \$27,500,000 of Series 2023B to acquire and construct the Colony Park teaching campus located in Ridgeland, MS.

Designated Revenues

Bond indentures previously issued, and those that may be issued in the future by the institution's Educational Building Corporations (EBC) are payable from designated revenues. The IHL Board covenants under terms of its various bond agreements that if designated revenues are insufficient to satisfy the IHL Board's obligations, the IHL Board will provide amounts from any other legally available source and will then allocate the same to cure the insufficiency. The following table provides a history of all designated revenues available to the IHL Board from fiscal years 2020 through 2024.

Designated Revenues¹ and Unrestricted Net Position (excludes UMMC, Board Office, and MCVS)					
	Years ended June 30,				
	2020	2021	2022	2023	2024
Tuition, net ²	\$ 620,923,011	613,221,706	638,637,295	644,384,339	702,848,167
Sales and services	57,514,245	57,399,481	78,926,608	83,868,049	87,416,981
Auxiliary enterprises, net ²	272,846,066	298,444,150	307,701,350	333,966,266	353,304,835
Other ³	52,735,117	55,455,591	64,907,297	58,085,791	63,189,741
Sub-total	1,004,018,439	1,024,520,928	1,090,172,550	1,120,304,445	1,206,759,724
State appropriations	477,248,168	465,521,243	485,292,014	564,979,454	610,581,942
Unrestricted net position ⁴	—	—	—	—	—
Total	<u>\$ 1,481,266,607</u>	<u>1,490,042,171</u>	<u>1,575,464,564</u>	<u>1,685,283,899</u>	<u>1,817,341,666</u>

¹ Designated Revenues represent all unrestricted revenues of the IHL System (excluding the member Universities indicated above) which include without limitation, net tuition and auxiliary fees, sales and services, other operating revenue, state appropriations and unrestricted net position balances.

² Tuition and auxiliary enterprise revenues are net of scholarship allowances in the form of reduced tuition, room and board.

³ Other designated revenues include federal appropriations, other operating revenues, and interest earned on loans to students.

⁴ The unrestricted net position of \$(572,666,659) for 2020, \$(447,531,102) for 2021, \$(345,796,497) for 2022, \$(344,025,203) for 2023, and \$(371,270,200) for 2024, did not contribute to total designated revenues since fiscal year 2015, and therefore have been excluded from the table. The decline in the unrestricted net position balance since 2015 is the result of the implementation of GASB Statement Nos. 68 and 75 for pension and OPEB liabilities.

Economic Outlook

The IHL System began the 2025 fiscal year with an anticipated systemwide operating budget increase of \$64.9 million. Fiscal year 2024 closed strong with a \$134 million net increase (see the SRECNP summary table on page 10 of management discussion and analysis). For fiscal year 2025, general education funding from the State of Mississippi will decrease by 5% (or \$28 million), and the IHL system expects tuition to increase by \$68.8 million and

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Management's Discussion and Analysis (Unaudited)
June 30, 2024 and 2023

auxiliary revenues to increase by \$24 million. In 2025, state-appropriated revenues will comprise approximately 32% of the total E&G budget, while self-generated tuition revenues will approximate 58% of the total revenues. In comparison, in fiscal year 2010, state appropriations represented 42% of revenues, while tuition revenue equaled 48% of the total.

The IHL System maintains high credit ratings from Moody's (Aa2), Fitch (AA) and Standard & Poor's (AA-). Achieving and maintaining these high credit ratings provide the IHL System higher degree of flexibility in securing capital funds on the most competitive terms. This flexibility, along with ongoing efforts toward revenue diversification and cost containment, will enable the IHL System to provide the necessary resources to support a level of excellence in service to students, patients, the research community, the State of Mississippi and the nation as a whole.

As a labor-intensive organization, the IHL System faces competitive pressures related to attracting and retaining faculty and staff. Moreover, consistent with the national landscape, the cost of the IHL System's health benefits for its employees continues to increase. Beginning on July 1, 2024, the employer contribution to the Public Employees' Retirement System is expected to increase by \$69 million for the IHL system. For fiscal year 2025, the Legislature provided funds to cover this cost increase. A similar increase is expected in fiscal year 2026, beginning on July 1, 2025. The IHL System has in the past and will continue to take proactive steps to respond to these challenges of rising costs. An example of continued steps includes the preparation of three-year business plans by the institutions and financial monitoring through the Board's financial sustainability policy.

While it is not possible at this time to predict the ultimate results, management at each institution has a proven track record of successfully adapting to this present economic environment while continuing to search for new opportunities to complement state support. The IHL System's financial goal, as always, is to deliver quality services to its customers and constituents while maintaining financial integrity.

This financial report is designed to provide a general overview of the finances of the IHL System. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1

Summary of Significant Accounting Policies

(a) Nature of Operations

Through its member universities, the State of Mississippi Institutions of Higher Learning (IHL System) serves the state, national and international communities by providing its students with academic instruction, by conducting research and other activities that advance fundamental knowledge and by disseminating knowledge to the people of Mississippi and throughout the world.

(b) Reporting Entity

The Mississippi Constitution was amended in 1943 to create a separate legal entity and establish a Board of Trustees of State Institutions of Higher Learning (the Board). This constitutional board provides management and control of Mississippi's system of universities. The Board meets monthly and oversees the eight public universities, the University of Mississippi Medical Center and various off-campus centers and locations throughout the state. Each of these member universities is a member of the IHL System. The IHL System is considered a component unit of the State of Mississippi reporting entity.

The current twelve Board members of the IHL System were appointed by the Governor and confirmed by the Mississippi Senate for nine-year terms, representing the three Supreme Court Districts.

Each of the eight universities and the University of Mississippi Medical Center has established its own educational building corporation (a nonprofit corporation incorporated in the State of Mississippi) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is for the acquisition, construction and equipping of facilities and land for the various universities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34*, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying operations. These blended component units provide services entirely, or almost entirely, to their respective universities. See note 9 for detailed educational building corporation activities.

The IHL System reports the following discretely presented component units, which also have separate stand-alone audits performed, which can be obtained by requesting a copy from the finance department of each respective university below:

(i) Mississippi State University Foundation, Inc.

The Mississippi State University Foundation, Inc. is a legally separate, tax-exempt not for profit entity established to solicit and manage funds for the benefit of Mississippi State University.

(ii) University of Mississippi Foundation

The University of Mississippi Foundation is a legally separate, tax-exempt not for profit nonstock corporation formed for the benefit of the University of Mississippi.

(iii) University of Southern Mississippi Foundation

The University of Southern Mississippi Foundation is a legally separate, tax-exempt not for profit entity formed to provide support to the University of Southern Mississippi and its students.

These foundations are private nonprofit organizations that report under Financial Accounting Standards Board (FASB) standards, including Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the foundations' financial information in the IHL System's financial reporting entity for these differences.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

These foundations act primarily as fund-raising organizations to supplement the resources that are available to the respective universities in support of their programs. The governing body of each foundation is self-perpetuating and consists of graduates and friends of the respective universities. Although the respective universities do not control the timing or amount of receipts from the foundations, most resources, or income thereon, which the foundations hold and invest are restricted to the activities of the respective universities by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of, the respective universities, these foundations are considered discretely presented component units of the IHL System.

The Mississippi State University Foundation, Inc., the University of Mississippi Foundation, and the University of Southern Mississippi Foundation each make distributions to their respective universities for support. During the years ended June 30, 2024 and 2023, support distributions, which are included in gifts and grants revenues, were as follows:

	<u>2024</u>	<u>2023</u>
Mississippi State University Foundation, Inc.	\$ 52,610,149	46,990,867
University of Mississippi Foundation	47,498,018	39,862,240
University of Southern Mississippi Foundation	10,420,857	10,838,436

The following is a list of abbreviations used throughout the report for the member universities of the State of Mississippi Institutions of Higher Learning (collectively the IHL System):

ASU	Alcorn State University
DSU	Delta State University
JSU	Jackson State University
MSU	Mississippi State University
MUW	Mississippi University for Women
MVSU	Mississippi Valley State University
UM	University of Mississippi
USM	University of Southern Mississippi
UMMC	University of Mississippi Medical Center
IHL Executive Office	Institutions of Higher Learning – Executive Office
UPM	University Press of Mississippi
MCVS	Mississippi Commission for Volunteer Service – Off-campus entity

(c) Basis of Accounting

The financial statements of the IHL System have been prepared in accordance with GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*. The IHL System is reporting as a special-purpose government engaged in business-type activities. In accordance with business-type activity reporting, the IHL System presents management’s discussion and analysis; statements of net position; statements of revenues, expenses and changes in net position; statements of cash flows; and notes to the financial statements. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant transactions among departments, campuses, and auxiliary units of the IHL System have been eliminated.

Grant and contract revenues, which are received or receivable from external sources, are recognized as revenues to the extent of related expenses or satisfaction of eligibility requirements. State appropriations are recognized as nonoperating revenues when eligibility requirements are satisfied.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

(d) New Accounting Standards

During fiscal year 2024, the IHL System adopted GASB Statement No. 100, *Accounting Changes and Error Corrections*. The requirements of this standard will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. The IHL System adopted the requirements of the guidance effective July 1, 2023, and has applied the provisions of this standard to the beginning of the period of adoption.

(e) Recently Issued Accounting Standards

The IHL System is currently evaluating the following pronouncements that are most likely to impact the system's financial reporting.

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. The primary objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences—by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The effective date of this statement is for fiscal years beginning after December 15, 2023.

In December 2023, the GASB issued Statement No. 102, *Certain Risk Disclosures*. The primary objective of this statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. The effective date of this statement is for fiscal years beginning after June 15, 2024.

In April 2024, the GASB issued Statement No. 103, *Financial Reporting Model Improvements*. The primary objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The effective date of this statement is for fiscal years beginning after June 15, 2025.

The impact of these pronouncements on the IHL System's financial statements is currently being evaluated and has not yet been fully determined.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates include the determination of the allowances for uncollectible accounts and contractual adjustments and estimated third-party payor settlements, included as other current assets and as other current liabilities, relating to the IHL System's patient services. In addition, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates associated with these programs could change by a material amount in the near term.

Included in other noncurrent liabilities are unpaid claim liabilities relating to the IHL System's self-insured workers' compensation, unemployment, and tort liability funds. The liabilities for these unpaid claims and loss adjustment expenses are determined using both evaluations of each claim and statistical analyses and represent the estimated ultimate net cost of all claims and expenses incurred through the end of the reporting period. The determinations of claims payable include estimates that are particularly susceptible to change in the near term. Management believes that liabilities established for these unpaid claims at June 30, 2024 and 2023 are adequate to cover the ultimate net cost of claims and contractual adjustments, but these liabilities are necessarily based upon estimates, and accordingly, the amount ultimately paid will be more or less than such estimates. The methods for making such

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

estimates and for establishing the resulting liabilities are continually reviewed, and any adjustments are reflected in operations currently.

The IHL System's investments are invested in various types of investment securities within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the IHL System's financial statements.

(g) Cash Equivalents

The IHL System considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

(h) Short-Term Investments

Short-term investments are investments that are not cash equivalents but mature within the next fiscal year and are stated at fair value.

(i) Accounts Receivable, Net

Accounts receivable consist of tuition and fee charges to students and patient accounts at UMMC. Accounts receivable also include amounts due from federal and state governments, and nongovernmental sources, in connection with reimbursement of allowable expenses made pursuant to the IHL System's grants and contracts. Accounts receivable are recorded net of an allowance for doubtful accounts.

(j) Student Loans Receivable, Net

Student loans receivable consist of federal, state and institutional loans made to students for the purpose of paying tuition and fee charges. Loan balances expected to be received during the next fiscal year are presented on the statement of net position as current assets. Those balances that are either in deferment status or are expected to be paid back beyond the next fiscal year are presented as noncurrent assets on the statement of net position.

(k) Inventories

Inventories consist of bookstore, physical plant, agriculture, printing, central supply, food service supply, and various hospital inventories. These inventories are generally valued at the lower of cost or market, on the first-in, first-out (FIFO) basis.

(l) Prepaid Expenses

Prepaid expenses consist of expenditures related to projects, programs, activities or revenues of future fiscal periods.

(m) Restricted Cash and Cash Equivalents and Restricted Investments

Cash, cash equivalents and investments that are externally restricted to make debt service payments, to maintain sinking or reserve funds or to purchase or construct capital or noncurrent assets are classified as noncurrent assets in the statement of net position. Restricted investments are stated at fair value.

(n) Endowment Investments

The IHL System's endowment investments recorded at fair value, are generally subject to the restrictions of donor gift instruments. They include donor restricted endowments, which are funds received from a donor with the restrictions that only the income is to be utilized or for which the donor has stipulated that the principal may be expended only after a stated period or upon the occurrence of a certain event, and funds functioning as endowments, which are funds established by the governing board to function similar to an endowment fund but may be fully expended at any time at the discretion of the governing board.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

(o) Other Long-Term Investments

Investments are reported at fair value. Changes in unrealized gains (losses) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position. Investments in partnerships for which there are no quoted market prices are valued at net asset value, as a practical expedient in determining fair value.

(p) Investment Valuation

GASB Statement No. 72, *Fair Value Measurement and Application*, enhances comparability of governmental financial statements by requiring fair value measurement for certain assets and liabilities using a consistent definition and accepted valuation techniques. The standard establishes a hierarchy of inputs used to measure fair value that prioritizes the inputs into three categories – Level 1, Level 2 and Level 3 inputs – considering the relative reliability of the inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted (unadjusted) prices in active markets for identical financial assets or liabilities that the IHL System has the ability to access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the financial asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the financial asset or liability.

The level in the fair value hierarchy in which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment risk.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified as Level 2 of the fair value hierarchy are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. There are no investments classified in Level 3.

(q) Capital Assets

Property, plant and equipment are recorded at cost at the date of acquisition, or, if donated, at the acquisition value at the date of donation. Renovations to buildings and improvements other than buildings, that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional categories. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is expensed in the period in which the cost was incurred.

Lease assets are initially recorded at the initial measurement of the lease liability, plus lease payments made at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease, plus initial direct costs that are ancillary to place the asset into service. Lease assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Subscription assets are initially recorded at the initial measurement of the subscription liability, plus subscription payments made at or before the commencement of the subscription-based information technology arrangement (SBITA) term, less any SBITA vendor incentives received from the SBITA vendor at and certain payments made before the commencement of the SBITA term, plus capitalizable initial implementation costs. Subscription assets are amortized on a straight-line basis over the shorter of the SBITA term or the useful life of the underlying IT asset.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

(r) Impairment of Capital Assets

Management reviews capital assets for impairment whenever events or changes in circumstances indicate that the service utility of an asset has declined significantly and unexpectedly. Any write-downs due to impairment are charged to operations at the time impairment is identified. No write-down of capital assets was required for the years ended June 30, 2024 and 2023.

(s) Deferred Inflows and Outflows of Resources

Deferred inflows of resources are an acquisition of net assets by the IHL System that are applicable to a future reporting period and include pension, OPEB, lease and PPP-related deferred inflows, the unamortized amounts for gains on the refunding of bonded debt, and beneficial interests in irrevocable trusts.

Deferred outflows of resources are consumption of net assets by the IHL System that are applicable to a future reporting period and include pension and OPEB related deferred outflows and the unamortized amounts for losses on the refunding of bonded debt.

(t) Net Pension and OPEB Liabilities

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, and OPEB and OPEB expense, respectively, information about the fiduciary net position of the IHL System's proportionate share of the liability for pension and OPEB, and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the Public Employees' Retirement System of Mississippi (PERS) and the State and School Employees' Life and Health Insurance Plan (OPEB Plan). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

(u) Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities consist of amounts owed to vendors and contractors or accrued items such as interest, wages and salaries.

(v) Compensated Absences/Accrued Leave

Twelve-month employees earn annual personal leave at a rate of 12 hours per month for one month to three years of service; 14 hours per month for three to eight years of service; 16 hours per month for eight to fifteen years of service; and 18 hours per month for fifteen years of service and above. There is no requirement that annual leave be taken, and there is no maximum accumulation. At termination, these employees are paid for up to 240 hours of accumulated leave.

Nine-month employees earn major medical leave at a rate of 13.36 hours per month for one month to three years of service; 14.24 hours per month for three to eight years of service; 15.12 hours per month for eight to fifteen years of service; and 16 hours per month for fifteen years of service and above. There is no limit on the accumulation of major medical leave. At retirement, these employees are paid for up to 240 hours of accumulated major medical leave.

(w) Unearned Revenues

Unearned revenues include amounts received for tuition, fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

(x) Deposits Refundable

Deposits refundable represent good-faith deposits from students to reserve housing assignments, key deposits, and post-breakage deposits in the residence halls of the member universities of the IHL System.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

(y) Non-current Liabilities

Non-current liabilities include: (1) carrying amounts of revenue bonds payable, notes payable, lease and subscription-based IT obligations; (2) estimated amounts of proportionate share of net pension and OPEB liabilities; and (3) estimated amounts for accrued compensated absences, deposits refundable, and other liabilities that will not be paid within the next fiscal year.

(z) Government Advances Refundable

The IHL System participates in the Federal Perkins Loan and Nursing Loan Programs, which are funded through a combination of federal and institutional resources. The portion of these programs that has been funded with federal funds is ultimately refundable to the U.S. government upon the termination of IHL System's participation in the programs. Although the federal government has terminated the programs disallowing new loans to be made, institutions may continue to collect and service existing loans. The IHL System does not have a timeline for discontinuing its participation in these programs. The portion that would be refundable if the programs were terminated has been presented as other long-term liabilities and approximated \$24.8 million and \$28.3 million, as of June 30, 2024 and 2023, respectively.

(aa) Income Taxes

As an integral part of the State of Mississippi, a governmental entity, the IHL System is generally not subject to federal income tax, however, income generated from activities unrelated to the IHL System's exempt purpose is subject to income taxes under Internal Revenue Code Section 511(a)(2)(B).

(bb) Classification of Revenues and Expenses

The IHL System has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues and expenses have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances and bad debt expense; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; (3) most federal, state and local grants and contracts (non-Title IV financial aid) and Federal appropriations, if any; (4) interest on institutional student loans and other revenues; and (5) patient care revenues. Examples of operating expenses include (1) employee compensation, benefits and related expenses; (2) scholarships and fellowships, net of scholarship discounts and allowances; (3) utilities, commodities (supplies) and contractual services; (4) professional fees; and (5) depreciation expense related to certain capital assets.

Nonoperating revenues and expenses have the characteristics of nonexchange transactions, such as gifts and contributions, state appropriations, investment income and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting* and GASB Statement No. 34. Examples of nonoperating expenses include interest on capital asset-related debt and bond expenses.

(cc) Auxiliary Enterprise Activities

Auxiliary enterprises typically exist to furnish goods or services to students, faculty or staff, and charge a fee directly related to, although not necessarily equal to, the cost of the goods or services. One distinguishing characteristic of auxiliary enterprises is that they are essentially managed as self-supporting activities. Examples include residence halls, bookstore, convenience store, laundry, faculty and staff housing, food services and intercollegiate athletic programs (only if they are essentially self-supporting). The general public may be served incidentally by auxiliary enterprises.

(dd) University Press of Mississippi

The University Press of Mississippi (UPM) is an auxiliary enterprise. UPM was founded in 1970 and represents Mississippi's eight public state universities. UPM publishes scholarly work and books that represent Mississippi and

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

its culture to the nation and the world. From its offices in Jackson, the University Press of Mississippi acquires, edits, distributes, and promotes more than 85 new books every year. Over the years, the press has published more than 2,000 titles and distributed more than three million copies worldwide, each with the Mississippi imprint. UPM is the only not-for-profit book publisher in the state and is a blended component unit of the IHL Executive Office.

(ee) Patient Care Revenues, Net

UMMC has agreements with third-party payors that provide for payments to the UMMC at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered and includes estimated retroactive revenue adjustments and a provision for uncollectible accounts. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods as adjustments become known.

UMMC's hospital and clinics have agreements with third-party payors that provide for payments to UMMC at amounts different from its established rates. These payment arrangements include:

Medicare

Inpatient acute care services are paid at prospectively determined rates per discharge based on clinical, diagnostic and other factors. Certain services are paid based on cost-reimbursement methodologies subject to certain limits. Physician services are paid based upon established fee schedules. Outpatient services are paid using prospectively determined rates. UMMC is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by the UMMC and audits thereof by the Medicare administrative contractor. UMMC's cost reports have been audited by the Medicare Administrative Contractor through June 30, 2019. Revenue from the Medicare program accounted for approximately 34% and 37% of UMMC's net patient service revenue for the years ended June 30, 2024 and 2023, respectively.

Medicaid

Reimbursements for Medicaid services are generally paid at prospectively determined rates per discharge, per occasion of service or per covered member. Inpatient services are reimbursed using a prospective-payments system based on All Patient Refined Diagnosis Related Groups (APR-DRG). Outpatient services are reimbursed using an Ambulatory Payment Classification (APC) methodology, similar to the Medicare payment model. UMMC is reimbursed for retroactively determined items at tentative rates, with final settlement determined after submission of annual cost reports by the UMMC and audits thereof by the Medicaid administrative contractor. Revenue from the Medicaid program accounted for approximately 52% and 56% of UMMC's net patient service revenue for the years ended June 30, 2024 and 2023. This includes revenue from the programs described below.

Other

Payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations provide for payment using prospectively determined rates per discount, discounts from established charges and prospectively determined daily rates.

Beginning July 1, 2015, the Division of Medicaid (DOM) implemented the Mississippi Hospital Access Payment (MHAP) program. The program is administered by DOM through the Mississippi CAN coordinated care organizations (CCOs). The CCOs subcontract with hospitals throughout the state for distribution of MHAP for the purpose of protecting patient access to hospital care. In December 2023, The Centers for Medicare and Medicaid Services (CMS) approved an amendment to the existing MHAP program, whereby hospitals would be reimbursed near the average commercial rate for Medicaid managed reimbursement retroactive to July 1, 2023, the beginning of the state fiscal year. UMMC also participates in a voluntary disproportionate share program (DSH) available to certain qualifying hospitals in the state Medicaid program. The net benefit recognized by UMMC associated with the programs described above was approximately \$248.6 million and \$185.9 million for the years ended June 30, 2024 and 2023, respectively.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Each year, UMMC receives payments from Medicare and Medicaid, prospectively based on actual results from prior years. These payments are subsequently reconciled to current year actual results and audited by CMS once the current year is completed, occasionally resulting in repayment due. Additional repayments may result due to rate recalculations, cost report filing differences, Medicaid Disproportionate Share audits (DSH), and other adjustments to prior fiscal years. At June 30, 2024, UMMC maintained a reserve of approximately \$95.1 million for these potential liabilities, of which approximately \$63.2 million is related primarily to UMMC Medicaid DSH audits. At June 30, 2023, UMMC maintained reserves of approximately \$75.7 million, of which approximately \$71.5 million related primarily to UMMC Medicaid DSH audits. UMMC did not receive Medicaid DSH in 2024.

UMMC provides charity care to patients who are unable to pay for services. The amount of charity care is included in net patient service revenue and is not separately classified from the provision for uncollectible accounts.

(ff) Scholarship Discounts and Allowances

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third-party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as scholarship allowances, which reduce operating revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash.

Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

(gg) Net Position

Net position represents the difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources in the statement of net position and is displayed in three components: net investment in capital assets; restricted net position (distinguished between major categories of restrictions); and unrestricted net position.

Net investment in capital assets reflects the IHL System's total investment in capital assets (including leases and subscription-based IT agreements), net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of net investment in capital assets.

Restricted, nonexpendable net position consists of endowment and similar type funds which donors or other outside sources have stipulated, as a condition of the gift instrument, the principal to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted, expendable net position includes resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external parties. When both restricted and unrestricted resources are available for use, it is generally the IHL System's policy to utilize restricted resources first, and then unrestricted resources as needed.

Unrestricted net position represents resources derived from student tuition and fees, state appropriations, net patient service revenue, sales and services of educational activities and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board, they are available for use at the discretion of the governing board to meet current expenses for any purpose.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 2

Cash and Investments

Cash, Cash Equivalents and Short-Term Investments

Investment policies, as set forth by the IHL System's Board of Trustees' policy and state statute, authorize the universities to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, U.S. Government agency and sponsored enterprise obligations and repurchase agreements. Investment policy at the IHL System is governed by State statute (Section 27-105-33, MS Code Ann. 1972) and the Uniform Prudent Management of Institutional Funds Act (UPMIFA) of 1998.

Custodial Credit Risk

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of deposits, if the depository bank fails, or the investments or collateral securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered with securities held by the counterparty's trust department or agent, but not held in the government's name. At June 30, 2024 and 2023, the System's balances exceeded federally insured limits by approximately \$12 million and \$14 million, respectively.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 of the MS Code Annotated (1972). Under this program, funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of the failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

Investment policies as set forth by Board policy as authorized by Section 37-101-15, Mississippi Code Annotated (1972), authorize the universities to invest in equity securities, bonds and other securities. Investments are reported at fair value.

A summary of cash and investments as of June 30, 2024 and 2023 is as follows:

Total investments measured at NAV	\$ 246,567,825			

- (1) Equity long/short hedge and venture capital funds specialize primarily in classic long/short hedge equity strategies. These funds invest globally, with a majority of the exposure in liquid, developed markets and invest primarily in private investment partnerships, venture capital opportunities or limited liability companies and in separately-managed accounts, each of which is managed by independent managers.
- (2) Private capital investments help build new startup equities that are considered to have high-growth and high-risk potential, mainly in the technology and healthcare sectors.
- (3) Other miscellaneous investments consist of various other tangible items such as land, timberland and various real estate, etc.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

The equity in the long/short hedge funds, private capital, Mississippi State University Foundation Investment Pool, and other miscellaneous investments represents the IHL System's participations in those investments, which is measured at NAV per share.

Interest Rate Risk

Interest rate risk is defined as the risk a government may face should interest rate variances adversely affect the fair value of investments. The IHL System does not presently have a formal investment policy that addresses interest rate risk.

As of June 30, 2024 and 2023, the IHL System had the following investments subject to interest rate risk:

2024					
Years to maturity					
	Fair value	Less than 1	1 - 5	6 - 10	More than 10

Credit Risk

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfill its obligations. The IHL System does not presently have a formal investment policy that addresses credit risk.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

As of June 30, 2024 and 2023, the IHL System had the following investments recorded at fair value subject to credit risk:

	<u>2024</u>	<u>2023</u>
Credit rating:		
AAA	\$ 9,562,775	\$ 38,244,142
Aaa	167,908,791	97,623,578

Investments measured at NAV	245,922,445	246,567,825
Total investments excluded from credit risk disclosure	<u>2,062,600,892</u>	<u>1,868,292,824</u>
Total cash and investments	<u>\$ 2,693,882,837</u>	<u>\$ 2,417,651,721</u>

The credit risk ratings listed above are issued upon standards set by Standard and Poor's or Moody's Ratings Services.

Concentration of Credit Risk

Concentration of credit risk is defined by GASB Statement No. 40, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The IHL System does not presently have a formal policy that addresses concentration of credit risk.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

As of June 30, 2024 and 2023, the IHL System had the following issuers holding investments recorded at fair value that exceeded 5% of total investments:

Issuer	2024	
	Fair value	Percentage
U.S. Treasury securities	\$ 749,618,129	43.74%
Federal Home Loan Bank notes	265,941,832	15.52%
Federal Farm Credit Bank notes	131,713,444	7.69%

Issuer	2023	
	Fair value	Percentage
U.S. Treasury securities	\$ 702,007,577	45.01%
Federal Home Loan Bank notes	225,309,975	14.45%
Federal Farm Credit Bank notes	127,430,854	8.17%

Foreign Currency Risk

Foreign currency risk, also known as exchange-rate risk, is defined as the risk of financial loss due to fluctuations in currency exchange rates. The IHL System does not presently have a formal policy that addresses foreign currency risk. The IHL System's exposure to foreign currency risk is limited to investments in global or pooled non-U.S. equity mutual funds, which approximated \$58.8 million and \$36.0 million at June 30, 2024 and 2023, respectively.

Note 3

Accounts Receivable, net

Accounts receivable consisted of the following at June 30, 2024 and 2023:

	June 30, 2024	Current Portion	Non-current Portion
Student tuition	\$ 174,918,283	174,918,283	—

Note 8
Unearned Revenues

Unearned revenues as of June 30, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Unearned summer school revenue	\$ 39,901,642	35,340,240
Unearned grants and contract revenue	80,015,144	79,811,563
Auxiliary and other activities	<u>43,828,513</u>	<u>36,729,571</u>
Total unearned revenues	<u>\$ 163,745,299</u>	<u>151,881,374</u>

All amounts are considered current and will be fully recognized within one year.

Note 9
Material Blended Component Units of the IHL System

In accordance with GASB Statement No. 61, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying financial statements due to the significance of their activities to respective member universities' operations. These blended component units provide services entirely, or almost entirely, to their respective universities. Condensed financial information as of June 30, 2024 and 2023 is listed in the following schedules.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10

Long-Term Liabilities

Long-term liabilities of the IHL System consist of bonds and notes payable, and certain other liabilities that are expected to be liquidated at least one year from June 30, 2024 and 2023.

For municipal bonds, the IHL System has the option to prepay all outstanding obligations less any unearned interest to fully satisfy the obligation; there is also a fiscal funding addendum stating that if funds are not appropriated for periodic payment for any future fiscal period, IHL will not be obligated to pay the remainder of the total payments due beyond the end of the current fiscal period. Other long-term liabilities consist of accrued leave liabilities, notes payable, net pension liability, net OPEB liability, lease liabilities, subscription-based information technology arrangements, refundable deposits, and other liabilities (government advance refundables, self-insured workers' compensation, unemployment and tort reserve for claims).

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

The educational building corporations have pledged future designated revenues to repay \$1.3 billion in EBC bonds. Proceeds from bonds provided financing for the construction of various improvements and other capital expenditures. The bonds are payable solely from appropriate designated revenues and are payable through 2054. Annual principal and interest payments on the bonds are expected to require less than 4% of designated revenues. The total principal and interest remaining to be paid on the bonds is \$1.9 billion. Principal and interest paid for the current year and total designated revenues were \$153.5 million and \$3.8 billion, respectively.

NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 12

Leases

(a) Lessee

The IHL System leases equipment, land, as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2109 and provide for renewal options ranging from 1 year to ten years.

Certain land leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Some leases require variable payments based on usage of the underlying asset and are not included in the measurement of the lease liability. Those variable payments are recognized as outflows of resources in the periods in which the obligation for those payments is incurred. During the years ended June 30, 2024 and 2023, the system made variable payments as required by lease agreements totaling \$4,808 and \$13,514.

In 2014, Mississippi State University entered into a lease-leaseback arrangement. Under the arrangement, the university leased an office building to a private party. This arrangement was terminated in 2023.

Total future minimum lease payments under lease agreements are as follows:

Year ending June 30,	Principal	Interest
2025	\$ 22,645,662	3,608,057
2026	19,986,361	2,982,235
2027	18,102,929	2,410,815
2028	15,943,193	1,892,387
2029	10,392,684	1,498,533
2030 - 2034	34,115,791	4,242,605
2035 - 2039	8,404,332	1,504,811
2040 - 2044	3,217,051	524,452
2045 - 2049	810,068	272,926
2050 - 2054	1,019,381	170,450
2055 - 2059	898,858	47,831
2060 - 2064	5,029	9,596
2065 - 2069	5,621	9,004

2075 - 2079	7,021	7,604
2080 - 2084	7,848	6,777
2085 - 2089	8,771	5,854
2090 - 2094	9,803	4,822
2095 - 2099	10,957	3,668
2100 - 2104	12,246	2,379
2105 - 2109	13,688	938
Total minimum lease payments	<u>\$ 135,623,576</u>	<u>19,214,087</u>

(b) Lessor

The System, acting as lessor, leases buildings, land, and other various equipment under long-term, non-cancelable lease agreements. The leases expire at various dates through 2109 and provide for renewal options ranging from 5 years to 10 years. During the year ended June 30, 2024, the System recognized \$2,546,899 and \$617,895 in lease revenue and interest revenue, respectively, pursuant to these contracts. During the year ended June 30, 2023, the

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

System recognized \$3,203,657 and \$683,559 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Certain land and building leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases.

Total future minimum lease payments to be received under lease agreements are as follows:

Year ending June 30,	Principal	Interest
2025	\$ 1,701,756	555,801
2026	1,712,585	516,670
2027	1,479,221	479,027

2070 - 2074	77,044	46,916
2075 - 2079	86,431	37,822
2080 - 2084	97,915	27,608
2085 - 2089	109,784	16,056
2090 - 2094	14,898	7,895
2095 - 2099	17,026	6,110
2100 - 2104	20,561	4,056
2105 - 2109	21,686	1,602
Total minimum lease payments	<u>\$ 25,173,614</u>	<u>5,969,829</u>

This amount is included in the accompanying statements of net position as accounts receivable.

Note 13

Subscription-Based Information Technology Arrangements (SBITAs)

The IHL System has software subscriptions from external parties for various terms under long-term, noncancelable arrangements. The subscriptions expire at various dates through 2031 and some provide for renewal options ranging from one year to five years. Subscription payments are made monthly and annually ranging from \$636 - \$943,000, with an estimated incremental borrowing rate of 4.00% in fiscal year 2024 and 3.25% in fiscal year 2023. In accordance with GASB Statement No. 96, the IHL System records right-to-use assets and subscription liabilities based on the present value of expected payments over the subscription term of the respective software.

Future commitments for software subscriptions having remaining terms in excess of one year as of June 30, 2024 are as follows:

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Year ending June 30,	Subscription obligations payable	Interest

Note 14

Public-Private and Public-Public Partnerships

On February 27, 2018, Mississippi State University entered into a public-private partnership with EdR College View MS LLC, in which it was agreed that EdR would develop a mixed-used collegiate housing project to be known as “College View” located on land owned by the University. The initial term of the agreement is 40 years with options to renew. During this term, EdR is responsible for all construction and upkeep of all portions of the premises. EdR constructed the complex and began operations in the fall semester of 2019. EdR agreed to pay the university 5% of the gross revenue for each fiscal year. Those payments are recognized when received rather than as a receivable due to their variable nature. The university has recognized a receivable and a deferred inflow of resources (\$4.6 million) for the value of the complex, which is the estimated carrying value of the asset to be transferred to the university at the end of the contract term, adjusted for inflation.

Note 15

Construction Commitments and Financing

The IHL System has contracted for various construction projects as of June 30, 2024. Estimated costs to complete the various projects and the sources of anticipated funding are presented below:

	Remaining estimated cost to complete	Source of Funding

Note 16

Donor Restricted Endowments

Endowment investments totaled \$396.9 million and \$370.5 million at June 30, 2024 and 2023, respectively. The net appreciation on investments of donor-restricted endowments that is available for authorization for expenditure approximated \$59.7 million and \$51.1 million as of June 30, 2024 and 2023, respectively, and these net appreciation amounts are included in the accompanying statements of net position in "net position – expendable for other purposes," and "net position – expendable for scholarships and fellowships."

Most endowments operate on the total-return concept as permitted by the Uniform Prudent Management of Institutional Funds Act (UPMIFA) (Sections 79-11-701 through 79-11-719, MS Code, Ann. 1972) of 2006. The annual rate for spendable transfers distributed annually is 4% of the investment pool's average unit value over the 36-month period.

Note 17

Employee Benefits – Pension Plans

The IHL System participates in the following separately administered plans maintained by Public Employees' Retirement System of Mississippi (PERS):

Plan type	Plan name
Multiple-employer, defined benefit	PERS Defined Benefit Plan
Multiple-employer, defined contribution	Optional Retirement Plan (ORP) Defined Contribution Plan

The employees of the IHL System are covered by one of the pension plans outlined above (collectively, the Plans). The Plans do not provide for measurements of assets and pension benefit obligations for individual entities. The measurement date of the Plans is June 30, 2023 for fiscal year 2024 and June 30, 2022 for fiscal year 2023.

The funding methods and determination of benefits payable were established by the legislative acts creating such plans, as amended, and in general, provide that the funds are to be accumulated from employee contributions, participating entity contributions and income from the investment of accumulated funds. The plans are administered by separate boards of trustees.

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

A stand-alone audited financial report is issued for the Plans and is available at www.pers.ms.gov.

Disclosures under GASB Statement No. 68

The pension disclosures that follow for fiscal years 2024 and 2023 include all disclosures for GASB Statement No. 68 using the latest valuation report available (June 30, 2022). For fiscal year 2024, the measurement date for the PERS defined benefit plan is June 30, 2023. For fiscal year 2023, the measurement date for the PERS defined benefit plan is June 30, 2022. The IHL System is presenting net pension liability as of June 30, 2023 and 2022 for the fiscal years 2024 and 2023 financials, respectively.

(a) PERS Defined Benefit Plan

Plan Description

The PERS of Mississippi was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in PERS, elected members of the State Legislature and the President of the Senate. PERS administers a cost-sharing, multiple-employer defined benefit pension plan. PERS is administered by a 10-member Board of Trustees that includes the State Treasurer; one gubernatorial appointee who is a member of PERS; two state employees; two PERS retirees; and one representative each from public schools and community colleges, state

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

universities, municipalities and counties. With the exception of the State Treasurer and the gubernatorial appointee, all members are elected to staggered six-year terms by the constituents they represent.

Membership and Benefits Provided

Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi (the State), state universities, community and junior colleges, and teachers and employees of the public school districts. Members and employers are statutorily required to contribute certain percentages of salaries and wages as specified by the Board of Trustees. A member who terminates employment from all covered employers and who is not eligible to receive monthly retirement benefits may request a full refund of his or her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions.

Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary.

A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0% of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0% compounded for each fiscal year thereafter.

Contributions

Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. § 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature.

Policies for PERS provide for employer and member contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. PERS members were required to contribute 9.00% of their annual pay. The institution's contractually required contribution rate for the years ended June 30, 2024 and 2023 was 17.40% for each year of annual payroll. Contributions from the IHL System are recognized when legally due based on statutory requirements. During the 2024 session, the Mississippi Legislature increased the employer contribution rate by 0.50% each July 1 from 2024 through 2028.

Employer Contributions

The IHL System's contributions to PERS for the years ended June 30, 2024 and 2023 were \$207.1 million and \$201.7 million, respectively. The IHL System's proportionate share was calculated on the basis of historical contributions. Employer allocation percentages are based on the ratio of each employer's actual contribution to the Plan's total actual contributions.

The following table provides the IHL System's contributions used in the determination of its proportionate share of collective pension amount reported:

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

	<u>Proportionate share of contributions</u>	<u>Allocation percentage of proportionate share of collective pension amount</u>	<u>Change in proportionate share of collective pension amount</u>
PERS defined benefit plan:			
2024	\$ 201,705,645	15.64%	-0.05%
2023	187,963,561	15.69%	-0.16%

Net Pension Liability

The IHL System's proportion of the net pension liability at June 30, 2024 and 2023 is as follows:

	<u>Proportionate share of net pension liability</u>	<u>Proportion of net pension liability</u>
PERS defined benefit plan:		
2024	\$ 3,933,233,377	15.64%
2023	3,229,875,677	15.69%

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Annual changes to the net pension liability resulting from differences between expected and actual experience with regard to economic and demographic factors and from changes of assumptions about future economic or demographic factors or other inputs are deferred and amortized over the average of the expected remaining service life of active and inactive members. For the years ended June 30, 2024 and 2023, the remaining service life was 3.59 years and 3.73 years, respectively. Differences between projected and actual earnings on pension plan investments are amortized over a closed period of 5 years. The first year of amortization is recognized as pension expense with the remaining years shown as a deferred outflow of resources. The deferred outflow of resources reported by an employer includes contributions made by the employer during its fiscal year that will be reflected in the net pension liability in the next measurement period.

The IHL System's proportionate share of the collective pension expense for the years ended June 30, 2024 and 2023 is equal to the collective pension expense multiplied by the employer's allocation percentage, or \$529.9 million and \$290.6 million, respectively. Since certain expense items are amortized over closed periods each year, the deferred portions of these items must be tracked annually. If the amounts serve to reduce pension expense, they are labeled deferred inflows; if they will increase pension expense, they are labeled deferred outflows. After amortization of these deferred amounts, the IHL System's net pension expense at June 30, 2024 and 2023 was \$296.2 million and \$72.5 million, respectively.

The tables below provide a summary of the deferred outflows and inflows of resources related to pensions:

Actuarial Methods and Assumptions

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations, and new estimates are made about the future. Mississippi state statute requires that an actuarial experience study be completed at least once in each five-year period. The actuarial assumptions

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the four-year period ending June 30, 2022.

The following table provides a summary of the actuarial methods and assumptions used to determine the contribution rate reported for PERS for the years ended June 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Valuation date	June 30, 2022	June 30, 2021
Measurement date	June 30, 2023	June 30, 2022
Asset valuation method	Market value	Market value
Actuarial assumptions:		
Inflation rate	2.40 %	2.40 %
Salary increases	2.65% – 17.90%	2.65% – 17.90%
Investment rate of return	7.00 %	7.55 %

Mortality

Mortality rates were based on the PubS. H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2024 and 2023 are summarized in the following table:

	<u>Year ended June 30, 2024</u>		<u>Year ended June 30, 2023</u>	
<u>Asset class</u>	<u>Target allocation</u>	<u>Long-term expected real rate of return</u>	<u>Target allocation</u>	<u>Long-term expected real rate of return</u>
Domestic Equity	27.00 %	4.75 %	25.00 %	4.60 %
International equity	22.00	4.75	20.00	4.50
Global Equity	12.00	4.95	12.00	4.85
Debt securities	20.00	1.75	18.00	1.40
Real Estate	10.00	3.25	10.00	3.65

Private Infrastructure			2.00	4.00
Private Credit			2.00	4.00
Cash Equivalents	1.00	0.25	1.00	(0.10)
	<u>100.00</u>		<u>100.00</u>	

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Discount Rate

For the years ended June 30, 2024 and 2023, the discount rates used to measure the total pension liability were 7.00% and 7.55%, respectively. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.40%) for the years ended June 30, 2024 and 2023. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of Net Pension Liability to Changes in the Discount Rate

The following table presents the IHL System's proportionate share of the net pension liability of the cost-sharing plan for 2024, calculated using the discount rate of 7.00%, as well as what the IHL System's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	Discount Rate Sensitivity		
	1% Decrease (6.00%)	Current discount rate (7.00%)	1% Increase (8.00%)
IHL System proportionate share of net pension liability 2024	\$ 5,072,004,189	\$ 3,933,233,377	\$ 2,998,745,391

The following table presents the IHL System's proportionate share of the net pension liability of the cost-sharing plan for 2023, calculated using the discount rate of 7.55%, as well as what the IHL System's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.55%) or 1-percentage-point higher (8.55%) than the current rate:

	Discount Rate Sensitivity		
	1% Decrease (6.55%)	Current discount rate (7.55%)	1% Increase (8.55%)
IHL System proportionate share of net pension liability 2023	\$ 4,215,317,610	\$ 3,229,875,677	\$ 2,417,428,914

(b) PERS Defined Contribution Plan, the Optional Retirement Plan

The Optional Retirement Plan (ORP) was established by the Mississippi Legislature in 1990 to help attract qualified and talented institutions of higher learning teaching and administrative faculty in Mississippi. This alternative plan is structured to be portable and transferable to accommodate teaching and administrative faculty who move from one state to another throughout their careers. The membership of the ORP is composed of teachers and administrators appointed or employed on or after July 1, 1990, who elect to participate in ORP and reject membership in PERS. The ORP provides funds at retirement for employees, and in the event of death, the ORP provides funds for their beneficiaries through an arrangement by which contributions are made to this plan. The current contribution rate of both the employee and the IHL System are identical to that of the PERS defined benefit plan. An employee is automatically a member of PERS unless the employee elects ORP within 30 days of initial employment in an ORP-eligible position. Once made, the decision is irrevocable.

The ORP uses the accrual basis of accounting. Investments are reported at fair value, based on quoted market prices. Employees immediately vest in plan contributions upon entering the plan. The IHL System's contributions to the

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

ORP for the years ended June 30, 2024 and 2023 were \$81.4 million and \$81.7 million, respectively, which equaled its required contribution for the period.

Note 18

Postemployment Health Care and Life Insurance Benefits

Plan Description

In addition to providing pension benefits, the IHL System provides other postemployment benefits (OPEB) such as health care and life insurance benefits to all eligible retirees and dependents. The State and School Employees' Life and Health Insurance Plan (the Plan) is self-insured and financed through premiums collected from employers, employees, retirees and COBRA participants. The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972) and may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan.

The 14-member board is comprised of the Chairman of the Workers' Compensation Commission; the State Personnel Director; the Commissioner of Insurance; the Commissioner of Higher Education; the State Superintendent of Public Education; the Executive Director of the Department of Finance and Administration; the Executive Director of the Mississippi Community College Board; the Executive Director of the Public Employees' Retirement System; two appointees of the Governor; the Chairman of the Senate Insurance Committee; the Chairman of the House of Representatives Insurance Committee; the Chairman of the Senate Appropriations Committee; and the Chairman of the House of Representatives Appropriations Committee. The Board has a fiduciary responsibility to manage the funds of the Plan. The Plan maintains a budget approved by the Board.

Membership and Benefits Provided

The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan for units of state government, political subdivisions, community colleges and school districts. A trust was created June 28, 2018 for the OPEB Plan and, the Plan is considered a cost-sharing multiple-employer defined benefit OPEB plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between the average cost of providing healthcare benefits to retirees under age 65 and the average cost of providing healthcare benefits to all participants when premiums paid by retirees are not age-adjusted. Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage.

Contributions

Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance will have the full cost of such insurance premium deducted monthly from his or her state retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the Board determines actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are initially employed on or after January 1, 2006, the Board may impose a premium surcharge in an amount the Board determines actuarially to cover the full cost of insurance.

Pursuant to the authority granted by Mississippi Statute, the Board has the authority to establish and change premium rates for the participants, employers and other contributing entities. An outside consulting actuary advises the Board regarding changes in premium rates. If premium rates are changed, they generally become effective at the beginning of the next calendar year or next fiscal year.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Plan participants are not subject to supplemental assessment in the event of a premium deficiency. At the time of premium payment, the risk of loss due to incurred benefit costs is transferred from the participant to the Plan. If the assets of the Plan were to be exhausted, participants would not be responsible for the Plan's liabilities.

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

The audited financial report for the Plan can be found at knowyourbenefits.dfa.ms.gov.

At June 30, 2023 and 2022, the Plan provided health coverage to 321 and 325 employer units, respectively.

Disclosures under GASB Statement No. 75

The disclosures that follow for fiscal years 2024 and 2023 include all disclosures for GASB Statement No. 75 using the latest valuation report available (June 30, 2023). For fiscal year 2024, the measurement date for the State and School Employees' Life and Health Insurance Plan is June 30, 2023. For fiscal year 2023, the measurement date for the Plan is June 30, 2022. The IHL System is presenting net OPEB liability as of June 30, 2023 and 2022 for the fiscal years 2024 and 2023 financials, respectively.

Proportionate Share Allocation Methodology

The basis for an employer's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the plan in the fiscal year of all employers. This allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by an employee.

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024 and 2023, the IHL System reported a liability of \$103.1 million and \$90.1 million, respectively, for its proportionate share of the net OPEB liability (NOL). For fiscal year ended June 30, 2024, the NOL was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. At June 30, 2024 and 2023, the IHL System's proportion was 18.62% and 18.29%, respectively.

For the years ended June 30, 2024 and 2023, the IHL System recognized OPEB (income) of (\$7.3) million and (\$12.3) million, respectively.

See the following table for deferred outflows and inflows of resources related to OPEB from the following sources:

\$4.5 million reported as deferred outflows of resources related to OPEB resulting from the IHL System contributions subsequent to the measurement date is recognized as a reduction of the NOL in the current year.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Deferred outflows of resources and deferred inflows of resources are calculated at the plan level and are allocated to employers based on their proportionate share. Changes in employer proportion, an employer specific deferral, is amortized over the average remaining service lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. The average remaining service life determined as of the beginning of the June 30, 2023 and 2022 measurement periods was 6.4 years. Employers are required to recognize pension expense based on their proportionate share of collective OPEB expense plus amortization of employer specific deferrals.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Deferred outflows (inflows) of resources year ending June 30

Actuarial Methods and Assumptions

The following table provides a summary of the actuarial methods and assumptions used to determine the discount rate reported for OPEB for the years ended June 30, 2024 and 2023:

	2024	2023
Valuation date	June 30, 2023	June 30, 2022
Measurement date	June 30, 2023	June 30, 2022
Actuarial assumptions:		
Cost method	Entry age normal	Entry age normal
Inflation rate	2.40 %	2.40 %
Long-term expected rate of return	4.50 %	4.50 %
Discount rate	3.66 %	3.37 %
Projected cash flows	N/A	N/A
Projected salary increases	2.65% - 17.90%	2.65% - 17.90%
Healthcare cost trend rates	6.50% decreasing to 4.50% by 2029	7.00% decreasing to 4.50% by 2029

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision, as actual results are compared to past expectations and new estimates are made about the future.

Mortality

Mortality rates for service retirees were based on the PubS H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77, and for females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134% for males and 121% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97% for males and 110% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

Discount Rate

For the years ended June 30, 2024 and 2023, the discount rates used to measure the total OPEB liability were 3.66% and 3.37%, respectively. The discount rate is based on an average of the Bond Buyer General Obligation 20-year Municipal Bond Index Rates during the month of June published at the end of each week by the Bond Buyer.

Long-term Expected Rate of Return

At June 30, 2024 and 2023, the long-term expected rate of return, net of OPEB plan investment expense, including inflation was 4.50%.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following table presents the IHL System's proportionate share of the NOL for 2024 and 2023, calculated using the discount rates of 3.66% and 3.37%, respectively, as well as what the IHL System's NOL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		Discount Rate Sensitivity		
		1% Decrease (2.66%)	Current discount rate (3.66%)	1% Increase (4.66%)
IHL System proportionate share of net OPEB liability 2024		\$ 112,881,766	\$ 103,055,815	\$ 94,536,665
		1% Decrease (2.37%)	Current discount rate (3.37%)	1% Increase (4.37%)
IHL System proportionate share of net OPEB liability 2023		\$ 99,244,144	\$ 90,089,029	\$ 82,224,865

Sensitivity of Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following table presents the NOL of the IHL System, calculated using the health care cost trend rates, as well as what the IHL System's NOL would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

Note 19

Self-Insured Workers' Compensation Fund

The IHL System participates in the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund (the WC Fund). The WC Fund provides a mechanism for the institutions to fund and budget for the costs of providing worker compensation benefits to eligible employees. The WC Fund does not pay benefits directly to employees. Funds are set aside in trust, and a third-party administrator is utilized to distribute the benefits to eligible employees. Total assets and liabilities of the WC Fund approximated \$38.6 million and \$16.3 million at June 30, 2024, and \$34.7 million and \$16.4 million at June 30, 2023, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses. The difference between the assets and liabilities of the fund is not expected to impact the WC Fund's ability to pay claims.

In order to minimize the amount of risk and in accordance with self-insurance general practices, the WC Fund purchases excess loss insurance to cover risks exceeding \$1,000,000 per occurrence. Excess loss insurance premiums for the years ended June 30, 2024 and 2023 were approximately \$380,000 and \$359,000, respectively. Excess loss insurance does not discharge the WC Fund from its primary liability to cover the IHL System's claims. Consequently, failure of the insurer to honor its obligation could result in losses to the WC Fund.

The following represents changes in the unpaid claim liabilities for the WC Fund for the years ended June 30, 2024, 2023, and 2022 (in thousands):

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Unpaid claim liability at beginning of year	\$ 16,303	\$ 17,385	\$ 17,277
Incurred claims:			
Insured events of the current	5,769	5,500	7,054
Decrease in provisions for			
insured events of prior years	(2,168)	(2,085)	(2,878)
Total incurred claims	<u>3,601</u>	<u>3,415</u>	<u>4,176</u>
Payments:			
Attributable to insured events of the current year	1,473	1,235	1,510
Attributable to insured events of the prior year	<u>2,561</u>	<u>3,262</u>	<u>2,558</u>
Total payments	<u>4,034</u>	<u>4,497</u>	<u>4,068</u>
Unpaid claim liability at end of year	<u><u>\$ 15,870</u></u>	<u><u>\$ 16,303</u></u>	<u><u>\$ 17,385</u></u>

Claim liabilities are presented at their present value using a discount rate of 4.0% as of June 30, 2024 and 2023. The discounts amounted to \$2,332,000 and \$2,411,000 at June 30, 2024 and 2023, respectively.

Note 20

Unemployment Trust Fund

The IHL System participates in a self-funded Unemployment Trust Fund (the Unemployment Fund). The Unemployment Fund exists to provide a mechanism for the IHL System to fund and budget for the costs of providing unemployment benefits to eligible former employees. The Unemployment Fund does not pay benefits directly to former employees. Rather, it reimburses the Mississippi Department of Employment Security Commission for benefits it pays directly to former IHL System employees. Total assets and liabilities of the Unemployment Fund approximated \$13.2 million and \$4.7 million at June 30, 2024, respectively, and \$11.6 million and \$4.6 million at June 30, 2023, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the Unemployment Fund as of June 30, 2024. The actuaries concluded that the fund's actual assets at June 30, 2024 exceeded the recommended minimum fund balance. The recommended fund balance at June 30, 2024 is \$4.7 million. Actual fund assets equaled \$13.2 million at June 30, 2024 and \$11.6 million at June 30, 2023. The fiscal year 2025 assessment level was set at \$1.2 million. Future assessments are recommended to be set at \$1.2 million for fiscal years 2026 and 2027. These facts will be considered by the IHL System when determining future funding rates.

Note 21

Tort Liability Fund and Other Contingencies

The IHL System participates in the State Institutions of Higher Learning Tort Liability Fund (the IHL Tort Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board to establish a fund in order to self-insure a certain portion of its liability under the Mississippi Tort Claims Act and professional liability claims. The IHL Board established the IHL Tort Fund to provide self-insurance.

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the IHL Tort Fund as of June 30, 2024. Total assets and liabilities related to this activity approximated \$16.5 million and \$11.0 million at June 30, 2024, respectively, and \$15.2 million and \$8.1 million at June 30, 2023, respectively, and are included in the statements of net position.

The following represents changes in the unpaid claim liabilities for the IHL Tort Fund during the years ended June 30, 2024, 2023 and 2022 (in thousands):

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Unpaid claim liability at beginning of year	\$ 7,964	\$ 8,953	\$ 10,000
Incurred claims:			
Insured events of the current	4,386	3,360	7,127
Decrease in provisions for			
insured events of prior years	(350)	(1,782)	(4,855)
Total incurred claims	<u>4,036</u>	<u>1,578</u>	<u>2,272</u>
Payments:			
Attributable to insured events of the current year	116	219	1,931
Attributable to insured events of the prior year	<u>1,101</u>	<u>2,348</u>	<u>1,388</u>
Total payments	<u>1,217</u>	<u>2,567</u>	<u>3,319</u>
Unpaid claim liability at end of year	<u><u>\$ 10,783</u></u>	<u><u>\$ 7,964</u></u>	<u><u>\$ 8,953</u></u>

Claim liabilities are presented at their present value using a discount rate of 4.0% as of June 30, 2024 and 2023. The discounts amounted to \$1,308,000 and \$936,000 at June 30, 2024 and 2023, respectively.

In addition to claims covered by the IHL Tort Fund and the UMMC Tort Fund (described more fully below), the IHL System is defendant in various other legal matters occurring in the normal course of business activities. Management, with the advice of legal counsel, is of the opinion that the ultimate resolution of these matters will not have a material adverse impact on the IHL System's financial statements.

Note 22

UMMC Tort Claims Fund

The UMMC participates in the University of Mississippi Medical Center Tort Claims Fund (UMMC Tort Claims Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board of Trustees of the IHL System to establish a fund to self-insure a certain portion of its liability under the Mississippi Tort Claims Act.

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

The Board of Trustees of Higher Learning has established a Medical Center Tort Claims fund to pay claims up to the maximum liability limits described above. Losses from professional and tort liability claims of the Medical Center are the responsibility of the Medical Center Tort Claims Fund.

Total assets and liabilities related to this activity approximated \$51.2 million and \$28.0 million at June 30, 2024, respectively, and \$48.2 million and \$29.8 million at June 30, 2023, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses.

The following represents changes in the unpaid claim liabilities for the UMMC Tort Claims Fund for the years ended June 30, 2024, 2023, and 2022 (in thousands):

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Unpaid claim liability at beginning of year	\$ 29,780	\$ 29,862	\$ 31,350
Incurred claims:			
Insured events of the current	6,005	5,485	6,845
Decrease in provisions for			
insured events of prior years	<u>(5,182)</u>	<u>(2,793)</u>	<u>(5,683)</u>
Total incurred claims	<u>823</u>	<u>2,692</u>	<u>1,162</u>
Payments:			
Attributable to insured events of the current year	10	26	26
Attributable to insured events of the prior year	<u>2,571</u>	<u>2,748</u>	<u>2,624</u>
Total payments	<u>2,581</u>	<u>2,774</u>	<u>2,650</u>
Unpaid claim liability at end of year	<u>\$ 28,022</u>	<u>\$ 29,780</u>	<u>\$ 29,862</u>

At June 30, 2024 and 2023, unpaid claims of \$28.0 million and \$29.8 million, respectively, are presented at their nominal value.

Note 23

Subsequent Events

In February 2024, the IHL Board approved the issuance of \$245 million UMEBC bonds through the University of Mississippi Educational Building Corporation to help finance capital improvements on the main campus in Oxford, MS, including women's athletic facilities and student housing. Due to increased project costs on the planned student housing facility, it is uncertain when the UMEBC Series 2024 bonds will be issued. The University is reevaluating the various options for student housing projects.

In February 2024, the IHL Board approved the issuance of \$35 million SMEBC bonds through the University of Southern Mississippi Educational Building Corporation to finance the construction and renovation of athletic facilities. The University is evaluating the future timing of the issuance of these bonds.

Note 24

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – Mississippi State University Foundation, Inc.

(a) Nature of Organization

Mississippi State University Foundation, Inc. (MSUF) is a not-for-profit entity established to solicit and manage funds for the benefit of MSU. MSUF also manages funds for affiliates of the University, including Mississippi State University Alumni Association, Inc. and The Bulldog Club, Inc.

(b) Significant Accounting Policies

Basis of Accounting

The MSUF consolidated financial statements include the foundation; Maroon Air, LLC; 109 Muldrow Properties, LLC; DG South, LLC; West Side Fund I, LLC; and the Mississippi State Investment Pool in which the foundation has a controlling financial interest. The consolidated financial statements, which are presented on the accrual basis of accounting, have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Net assets with donor restrictions – net assets subject to donor-imposed stipulations that may or will be met either by actions of MSUF and/or the passage of time. Net assets in this class include unconditional gifts for restricted purposes and donor-restricted endowment funds.

Generally, the donor of these assets permits the foundation to use all or part of the income earned on related investments for general or specific purposes in support of the university.

Net assets without donor restrictions – net assets that represent resources generated from operations or that are not subject to donor-imposed stipulations. Net assets without donor restrictions include contributions designated to a particular college or unit for which the use or purpose is unrestricted.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of intellectual property are based on its estimated fair value, considering the characteristics specific to the assets and estimated usage during the term of the agreement. Contributed goods and services are recorded as revenues and expenses in the consolidated statements of activities at estimated fair value.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

MSUF's investments are invested in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in MSUF's consolidated financial statements.

Investments

The overall investment objective of MSUF is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund donor-designated directives and maintain the inflation-adjusted impact of each donor restricted fund. Beginning July 1, 2017, investment decisions have been delegated to Cerity Partners OCIO LLC (previously Agility, the former Outsourced Chief Investment Officer-related business of Perella Weinberg Partners Capital Management LP, which merged into Cerity Partners OCIO effective June 1, 2024), Cerity Partners OCIO executes investment decisions in accordance with the foundation's approved investment policy.

Investments are reported at estimated fair value. If an investment is held directly by MSUF and an active market with quoted prices exists, the market price of an identical security is used as reported fair value. Reported fair values for shares in mutual funds registered with the U.S. Securities and Exchange Commission are based on share prices reported by the funds as of the last business day of the fiscal year. Fixed income securities are based on quoted market prices or other observable inputs such as quoted prices for similar assets or inputs corroborated by observable market data. MSUF's interests in alternative investment funds are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2024 and 2023, MSUF had no plans or intentions to sell investments at amounts different from

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

NAV. Properties held for investment are reported at estimated fair value based on periodic appraisals conducted by third-party appraisers who utilize the cost, sales comparison and income capitalization approaches to estimate the fair value of the investments. MSUF considers recent comparables, among other things, to adjust for any changes in fair value between the most recent appraisal date and year-end.

Mississippi State Investment Pool

MSUF, MSU, MSU Alumni Association, Inc., and The Bulldog Club, Inc. are participants in a joint venture, the Mississippi State Investment Pool (MSIP), whereby investable assets are pooled for investment purposes. The MSUF is the investment pool's managing member and maintains separate accounts for each participant. Investment income, gains and losses, and expenses of the MSIP are allocated to each participant based on their share of ownership of the MSIP. Due to MSUF's controlling financial interest in the MSIP of approximately 93% and 92% as of June 30, 2024 and 2023, the foundation has consolidated the MSIP, reflecting the noncontrolling interests of the other participants in its consolidated financial statements.

(c) Pledges Receivable, Net

All unconditional promises to give are recorded at their estimated realizable value on a discounted basis using rates commensurate with the risks involved. Allowance is made for uncollectible pledges based upon management's judgment and analysis of specific accounts, past collection experience, and other relevant factors.

Pledges receivable, net, are summarized as follows at June 30, 2024 and 2023:

	2024	2023
Unconditional promises expected to be collected in:		
One year	\$ 12,187,936	\$ 11,979,691
two to five years	36,102,614	133,096,163
More than five years	9,330,591	17,943,348
	57,621,141	163,019,202
Present value discounts (rates ranging from 0.3% to 5.0%)	(7,839,561)	(18,791,077)
	49,781,580	144,228,125
Allowances for uncollectible pledges	(981,337)	(928,150)
	<u>\$ 48,800,243</u>	<u>\$ 143,299,975</u>

(d) Investments

Investments are summarized as follows as of June 30, 2024 and 2023:

	2024	2023
Short-term investments	\$ 2,372,898	\$ 9,706,527
Agility Comprehensive Solutions Fund	718,035,772	539,529,880
Global fixed income	4,273,180	4,308,808
Global equities	9,529,496	9,414,879
Real assets	64,959,760	65,076,407
Absolute return strategies	36,972	30,020
Private capital	23,348,137	26,260,831
Contributed properties held for investment	35,840,879	32,143,644
Cash-surrender value of life insurance	2,934,607	3,025,775
	<u>\$ 861,331,701</u>	<u>\$ 689,496,771</u>

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

During 2024 and 2023, the MSIP held a limited partnership interest in the Agility Comprehensive Solutions Fund LP, a Delaware limited partnership (the Fund). Cerity Partners Agility Comprehensive Solutions Fund GP LP serves as general partner of the Fund.

The Fund invests in five broad asset classes with the following approximate allocation percentages at June 30, 2024 and 2023, respectively: global equities, 61% and 61%; absolute return strategies, 8% and 8%; global fixed income, 10% and 9%; real assets, 9% and 9%; and private capital, 12% and 13%.

MSUF has entered into various split interest agreements, including charitable remainder unitrusts and charitable gift annuities, whereby MSUF serves as trustee. The assets held under these split interest agreements are included in investments at June 30, 2024 and 2023 with a fair value of \$14.1 million and \$14.0 million, respectively.

The following schedule summarizes net investment income in the consolidated statement of activities for the years ended June 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Dividends and interest, net of expenses	\$ 4,322,921	\$ 3,518,244
Net realized and unrealized gains	<u>75,588,190</u>	<u>58,984,892</u>
	<u>\$ 79,911,111</u>	<u>\$ 62,503,136</u>

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of financial position.

The following table summarizes MSUF's financial instruments by major category in the fair value hierarchy as of June 30, 2024 and 2023:

(1) The master fund's terms allow for 5-day notice withdrawals at any month-end totaling up to 10% of its account balance at the fund's previous fiscal yearend, (plus any capital contributions to the fund during the current year). In addition, the MSIP may make withdrawals from its capital account, of up to 100% of its Agility Global Equities, Agility Fixed Income, and Agility Real Asset holdings, as well as 25% of its Agility Absolute Return holdings, as of any fiscal quarter end, with at least one quarter's prior written notice to the general partner. Further, approximately \$108.1 million and \$86.4 million of MSIP's investment in the Fund is considered illiquid

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

at June 30, 2024 and 2023, respectively, with up to a 10-year lockup period and 1-3 year extensions. Agility is a global fund that invests in a multitude of industries.

- (2) These funds have initial 10-year terms or 12-year terms, unless extended or dissolved sooner in accordance with the limited partnership agreements. Future commitments to these funds approximate \$6,379,000 and \$6,610,000 at June 30, 2024 and 2023. Private capital and real estate funds are generally made through limited partnerships. Under the terms of such agreements, the MSIP may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The MSUF cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain. The funds make direct and indirect investments in real estate and private capital in the United States.
- (3) The MSIP invests in three natural resource investments at both June 30, 2024 and 2023, which have terms ending in 2024, 2026 and 2027. Investments with lockup periods are subject to one or more one to two-year extensions. Future commitments to these funds approximate \$1,325,000 and \$1,891,200 at June 30, 2024 and 2023, respectively. The funds invest primarily in the oil and gas sector in North America.
- (4) Generally, MSIP's investments in absolute return strategies (or hedge funds) allow early redemption for specified fees. The terms and conditions upon which an investor may redeem an investment vary, usually with the majority requiring 60 days to 12 months' notice after the initial lock up period, which may be from one to three years. At June 30, 2024 and 2023, the MSUF had no absolute return strategy investments for which an otherwise redeemable investment was not redeemable.
- (5) Bulldog Forest properties totaling approximately \$32,914,000 and \$28,800,000 at June 30, 2024 and 2023, respectively, may be held in perpetuity or liquidated at the Foundation's discretion. Other properties are for immediate sale.
- (6) The Foundation currently has no plans to surrender these policies prior to maturity, but cash would be realized in a minimal amount of time if an insurance policy is canceled.
- (7) The MSIP invests in direct real estate through its ownership of all outstanding stock of West Side Funds, Inc. This corporation is the owner of three hotels located in Starkville, MS in close proximity to the MSU campus.

The following table presents MSUF's activities for the years ended June 30, 2024 and 2023 for contributed properties held for investments classified as Level 3:

	<u>2024</u>	<u>2023</u>
Balance, beginning of year	\$ 32,143,644	30,339,389
Acquisitions	670,000	829,855
Dispositions	(1,050,570)	(154,676)
Net realized and unrealized gains	4,077,805	1,129,076
Balance, end of year	<u>\$ 35,840,879</u>	<u>32,143,644</u>

For the years ended June 30, 2024 and 2023, the changes in present value of amounts due from externally managed trusts classified as Level 3 are as follows:

	<u>2024</u>	<u>2023</u>
Balance, beginning of year	\$ 56,102,682	54,819,357
Change in valuation	4,080,711	1,283,325

Balance, end of year	<u>\$ 45,413,505</u>	<u>43,640,220</u>

(e) Net Assets Without Donor Restrictions

Net assets attributable to the foundation without donor restrictions as of June 30, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Spendable funds	\$ 24,819,318	\$ 28,716,699
Quasi-endowment funds	26,134,246	22,008,466
Net investment in land, buildings and equipment	28,567,370	23,123,709
	<u>\$ 79,520,934</u>	<u>\$ 73,848,874</u>

Quasi-endowment funds are those funds held by the Foundation to function as endowments for the benefit of MSU.

(f) Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes as of June 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Subject to expenditure for specified purpose:		
General college support	\$ 35,534,961	\$ 28,483,329
Student financial aid	29,652,012	23,464,227
Research	445,049	395,319
Faculty and staff support	2,573,314	2,532,406
Facilities	2,566,359	902,110
Other	2,248,206	2,827,580
	<u>73,019,901</u>	<u>58,604,971</u>
Subject to the passage of time and specified purpose:		
Charitable remainder trusts, cash surrender value of life insurance, gift annuities and other	12,545,991	12,086,126
Pledges receivable restricted by donors	24,764,691	24,053,632
	<u>37,310,682</u>	<u>36,139,758</u>

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Donor restricted endowments subject to spending policy and appropriation to support the following purposes (including net accumulated earnings of approximately \$124,671,000 and \$95,700,000 at June 30, 2024 and 2023, (respectively):

Subject to endowment spending policy and appropriation:

General college support	161,072,662	142,446,749
Student financial aid	388,403,855	268,982,634
Research	18,235,364	17,252,583
Faculty and staff support	77,736,593	67,296,132
Facilities	8,671,382	8,270,248
Other	8,978,744	8,535,407
	663,098,600	512,783,753
Charitable remainder trusts, gift annuities and other	57,441,023	53,610,457

	<u>\$ 854,905,758</u>	<u>\$ 780,385,282</u>

(g) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset composition by type of fund as of June 30, 2024 and 2023 is as follows:

	2024		
	Without donor restrictions	With donor restrictions	Total
Donor restricted endowment funds	\$ —	663,098,600	663,098,600
Board-designated funds	26,134,246	—	26,134,246
Total	<u>\$ 26,134,246</u>	<u>663,098,600</u>	<u>689,232,846</u>

	2023		
	Without donor restrictions	With donor restrictions	Total
Donor restricted endowment funds	\$ —	512,783,753	512,783,753
Board-designated funds	22,008,466	—	22,008,466
Total	<u>\$ 22,008,466</u>	<u>512,783,753</u>	<u>534,792,219</u>

(h) Funds with Deficiencies

As a result of market declines for certain recently established endowments, the fair value of certain donor-restricted endowments was less than the historical cost value (original gift/book value) of such funds (underwater) by \$576,003 and \$1,774,315 at June 30, 2024 and 2023, respectively. These endowments had an original gift value of approximately \$17.6 million and \$29.1 million at June 30, 2024 and 2023, respectively.

Note 25

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Mississippi Foundation

(a) Nature of Organization

The University of Mississippi Foundation (UMF) is a nonprofit, nonstock corporation formed for the benefit of The University of Mississippi (UM). UMF promotes, encourages, and assists educational, scientific, literary, research, and service activities of UM and its affiliates.

(b) Significant Accounting Policies

Basis of Accounting

The UMF financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets with donor restrictions – consist of contributions that have been restricted by the donor for specific purposes or are time restricted, including contributions that the donor stipulate the resources be maintained in perpetuity, but permit UMF to use or expend part or all of the income derived from the donated assets for either specified or unspecified purposes.

Net assets without donor restrictions – represents funds that are available for support of the operations of UMF and that are not subject to donor stipulation.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. UMF considers donor contributions to the various university schools and departments to be included in net assets with donor restrictions as those university units have authority over expenditures. Expenses are reported as decreases in net assets without donor restrictions. When a donor restriction expires or the stated purpose is accomplished, net assets are reclassified as applicable in the statements of activities as net assets released from restriction.

Board-designated net assets are net assets without donor restrictions that are used only for the specific purpose passed by board resolution. Changes to designations require a subsequent board resolution. The President/CEO and other staff of UMF may not change the purpose of any board-designated funds without the consent of the board. These net assets are designated for providing a general operating fund reserve and charitable gift annuity reserve.

Use of Estimates

The UMF prepares its financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Such estimates include the present value discount rates applied to the pledges receivable and liabilities under remainder trusts, allowance for uncollectible pledges, fair market values of certain investments including real estate, partnership and member interests and depreciation of property and equipment. Actual results could differ significantly from those estimates.

UMF's investments are primarily invested in various types of investment securities within many financial markets. Investment securities are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investments

Investments are recorded at fair value. The fair values of all investments other than real estate and partnership and membership interests (which includes pooled investment funds) are based on quoted market prices and other observable inputs such as quoted prices for similar assets, quoted prices in inactive markets or inputs corroborated by observable market data. UMF's partnership and member interests are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2023, UMF had no plans or intentions to sell investments at amounts different from NAV. UMF's real estate investments are initially recognized at fair value based on appraised values at the date of receipt and are subsequently carried at fair value. Both realized and unrealized gains and losses are classified in the accompanying statements of activities based on restrictions put in place by the donor.

(c) Pledges Receivable, Net

UMF obtains pledges through fund-raising projects in support of various activities. All pledges are classified as net assets with donor restrictions. A summary of pledges receivable as of June 30, 2024 and 2023 is as follows:

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of financial position.

The following table presents the financial assets of UMF carried at fair value by level within the valuation hierarchy as of June 30, 2024 and 2023:

2024				
	Level 1	Level 2	Level 3	Total

Scholarship support	152,761,035	147,320,595
Faculty support	94,117,333	85,205,548
Library support	22,912,340	14,554,594
Total	<u>350,686,129</u>	<u>327,437,718</u>
Total net assets with donor restrictions	<u><u>\$ 761,448,116</u></u>	<u><u>\$ 698,932,228</u></u>

(f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset composition by type of fund as of June 30, 2024 and 2023 is as follows:

	<u>2024</u>		
	<u>Without donor restrictions</u>	<u>With donor restrictions</u>	<u>Total</u>
Donor-restricted endowment funds:			
Original donor-restricted gift amount and amounts required to be retained by donor	\$ —	350,686,129	350,686,129
Portion subject to appropriation	—	172,175,850	172,175,850
Board-designated quasi endowment	<u>23,506,008</u>	<u>—</u>	<u>23,506,008</u>
Total endowment funds	<u><u>\$ 23,506,008</u></u>	<u><u>522,861,979</u></u>	<u><u>546,367,987</u></u>

(g) Funds with Deficiencies

When unfavorable market fluctuations cause the fair value of certain donor-restricted endowments to be less than the historical cost (original gift/book value) of such funds, the fund is considered to be underwater, and this deficiency is recorded in net assets with donor restrictions. As of June 30, 2024, there were no endowments with a fair value below the amount of the gifts made to the endowment. As of June 30, 2023, endowments with a fair value below the amount of the gifts made to the endowment totaled \$7,884,000. The donor gifts to these endowments total \$8,135,000 for an underwater amount of \$251,000.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 26

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Southern Mississippi Foundation

(a) Nature of Organization

The University of Southern Mississippi Foundation (USMF) is a nonprofit entity organized under the laws of the State of Mississippi to provide support to the University of Southern Mississippi (USM) and its students. USMF depends on the university to provide the staff and facilities for its operations.

Foundation Aviation Holdings, LLC was formed by the USMF in October 2008 as a single member limited liability company. The USMF's consolidated financial statements include the accounts of Foundation Aviation Holdings, LLC.

(b) Significant Accounting Policies

Basis of Accounting

The USMF consolidated financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets without donor restrictions – net assets available for use in general operations and not subject to donor or grantor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

Net assets with donor restrictions – net assets subject to donor or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and release from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless the use of the underlying net asset is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value as of the date of the gift. Contributions to be received after one year are discounted at a rate commensurate with the risks involved. Amortization of the discount is recorded as contribution revenue and recognized in accordance with donor-imposed restrictions, if any, on the contributions. Allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience and other relevant factors.

Income and realized and unrealized gains (losses) on investments of restricted net assets are reported as follows:

- as increases (decreases) in net assets with donor restrictions that are perpetual in nature if the terms of the gift or the foundation's interpretation of relevant state law requires that they be added to the principal of a donor-restricted endowment fund;
- as increases (decreases) in net assets with donor restrictions that are temporary in nature in all other cases and released from restriction when appropriated for expenditure in accordance with donor agreements.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Use of Estimates

The USMF prepares its consolidated financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Actual results could differ significantly from those estimates.

USMF's investments are held in various types of investment securities across a variety of markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are recorded at fair value. Hedge funds, real estate investment funds and private equity funds are reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. At June 30, 2024 and 2023, USMF had no plans or intentions to sell investments at amounts different from NAV. Other investments, which consist primarily of donated assets and real estate for which the foundation is the owner and beneficiary are recorded at cost. Transactions are accounted for on a trade date basis.

(c) Pledges Receivable, Net

Pledges receivable, net, are summarized as follows at June 30, 2024 and 2023:

Fair Value Measurements

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying consolidated statements of financial position.

The following table presents USMF's financial assets carried at fair value by level within the valuation hierarchy as of June 30, 2024 and 2023:

Total net assets with donor restrictions	<u><u>\$ 173,037,976</u></u>	<u><u>\$ 147,985,497</u></u>

(f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset composition by type of fund as of June 30, 2024 and 2023 is as follows:

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

	2024		
	Without donor restrictions	With donor restrictions	Total
Board designated endowment funds	\$ 9,040,287	—	9,040,287
Donor-restricted funds functioning as endowments	5,823,356	7,097,035	12,920,391
Donor-restricted endowment funds:			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	—	101,448,283	101,448,283
Accumulated investment gains	—	25,858,993	25,858,993
Sub-total	14,863,643	134,404,311	149,267,954
Externally managed perpetual trust	—	3,879,489	3,879,489
Total	<u>\$ 14,863,643</u>	<u>138,283,800</u>	<u>153,147,443</u>
	2023		
	Without donor restrictions	With donor restrictions	Total

Total	<u>\$ 14,863,643</u>	<u>138,283,800</u>	<u>153,147,443</u>

(g) Funds with Deficiencies

When unfavorable market fluctuations cause the fair value of certain donor-restricted endowments to be less than the historical cost (original gift/book value) of such funds, the fund is considered to be underwater, and this deficiency is recorded in net assets with donor restrictions. At June 30, 2024, there were no underwater funds. At June 30, 2023, 26 funds were underwater with an original gift value of \$3.1 million, fair value of \$3.0 million and deficiencies of \$84,191, \$8,857 of which is reported in net assets without donor restrictions and \$75,334 of which is reported in net assets with donor restrictions.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Notes to Required Supplementary Information (Unaudited)
June 30, 2024 and 2023

1. Net pension liability

(a) Schedule of Proportionate Share of the Net Pension Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net pension liability for its employees who participate in the PERS. The net pension liability is measured as the total pension liability less the amount of the fiduciary net position of the plan. Trend information will be accumulated to display a ten-year presentation.

(b) Schedule of Proportionate Share of Contributions to the PERS defined benefit plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Trend information will be accumulated to display a ten-year presentation.

(c) Changes of Assumptions and in Benefit Provisions (pension plan)

Changes of assumptions:

2024

- The investment rate of return assumption was changed from 7.55% to 7.00%;
- The assumed load for administrative expenses was decreased from 0.28% to 0.26% of payroll;
- Withdrawal rates, disability rates and service retirement rates were adjusted to reflect actual experience more closely;
- The percentage of participants assumed to receive a deferred benefit upon attaining the eligibility requirements for retirement was increased from 60% to 65%;
- For married members, the number of years that a male is assumed to be older than his spouse was changed from 3 years to 2 years;
- The assumed amount of unused sick leave at retirement was increased from 0.50 years to 0.55 years; and
- The assumed average number of years of military service that participants will have at retirement was decreased from 0.25 years to 0.20 years.

2023

- There were no changes of assumptions.

2022

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
 - For males, 95% of male rates up to age 60, 110% for ages 61 to 75, and 101% for ages above 77;
 - For females, 84% of the female rates up to age 72, 100% for ages above 76; and
 - Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubG.H-2010 Disabled Table for disabled retirees with the following adjustments:
 - For males, 134% of male rates at all ages;
 - For females, 121% of female rates at all ages; and
 - Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.
- The expectation of contingent annuitant mortality was based on the PubS.H-2010(B) Contingent Annuitant Table with the following adjustments:
 - For males, 97% of male rates at all ages;
 - For females, 110% of female rates at all ages;
 - Projection scale MP-2020 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 2.75% to 2.40%;

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Notes to Required Supplementary Information (Unaudited)
June 30, 2024 and 2023

- The wage inflation assumption was reduced from 3.00% to 2.65%;
- The investment rate of return assumption was changed from 7.75% to 7.55%;
- The assumed load for administrative expenses was increased from 0.25% to 0.28% of payroll;
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely;
- The percentage of active member disabilities assumed to be in the line of duty was increased from 9% to 12%; and
- The percentage of active member deaths assumed to be in the line of duty was decreased from 6% to 4%.

2020

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
 - For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119;
 - For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119; and
 - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:
 - For males, 137% of male rates at all ages;
 - For females, 115% of female rates at all ages; and
 - Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 3.00% to 2.75%;
- The wage inflation assumption was reduced from 3.25% to 3.00%;
- Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience; and
- The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2018

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022;
- The wage inflation assumption was reduced from 3.75% to 3.25%;
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience; and
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

2017

- The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2016

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2016;
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2016;
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience;
- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience; and
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Notes to Required Supplementary Information (Unaudited)
June 30, 2024 and 2023

Change in benefit provisions:

2018 - 2024

- There were no changes in benefit provisions.

2017

- Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

2. Net OPEB liability

(a) Schedule of Proportionate Share of the Net OPEB Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net OPEB liability for its employees who participate in the State and School Employees' Life and Health Insurance Plan. The net OPEB liability is measured as the total OPEB liability less the amount of the fiduciary net position of the plan. Trend information will be accumulated to display a ten-year presentation.

(b) Schedule of Proportionate Share of Employer Contributions to the State and School Employees' Life and Health Insurance Plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Trend information will be accumulated to display a ten-year presentation.

(c) Changes of Assumptions and to Benefit Terms (OPEB plan)

Changes of assumptions:

2024

- The SEIR was changed from 3.37% for the prior measurement date to 3.66% to the current measurement date. Withdrawal rates, disability rates, service retirement rates and salary merit rates were adjusted to reflect actual experience more closely.

2023

- The SEIR was changed from 2.13% for the prior measurement date to 3.37% to the current measurement date.

2022

- The SEIR was changed from 2.19% for the prior measurement date to 2.13% to the current measurement date.

2021

- The SEIR was changed from 3.50% for the prior measurement date to 2.19% to the current measurement date.

2020

- The SEIR was changed from 3.89% for the prior measurement date to 3.50% to the current measurement date.

2019

- The SEIR was changed from 3.56% for the prior measurement date to 3.89% to the current measurement date.

Changes to benefit terms:

2024

- The schedule of monthly retiree contributions was increased as of January 1, 2024. In addition, the medical deductible was increased for the Base Family coverage beginning January 1, 2024.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
Notes to Required Supplementary Information (Unaudited)
June 30, 2024 and 2023

2023

- The schedule of monthly retiree contributions was increased as of January 1, 2023. In addition, the in-network medical deductible was increased for the Select coverage beginning January 1, 2023.

2022

- The schedule of monthly retiree contributions was increased as of January 1, 2022. In addition, the in-network medical deductible was increased for the Select coverage beginning January 1, 2022.

2021

- The schedule of monthly retiree contributions was increased as of January 1, 2021. In addition, the deductibles and coinsurance maximums were increased for Select coverage, and the coinsurance maximums were increased for the Base Coverage beginning January 1, 2021.

Mississippi Institutions of Higher Learning
Jackson, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities and the aggregate discretely presented component units of the Mississippi Institutions of Higher Learning (the IHL System), a Component Unit of the State of Mississippi, as of and for the year ended June 30, 2024 and the related notes to the financial statements, which collectively comprise the IHL System’s basic financial statements, and have issued our report thereon dated January 10, 2025.

Our report includes a reference to other auditors who audited the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the State Institutions of Higher Learning Self-Insured Workers’ Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund, as described in our report on IHL System’s financial statements. The financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the State Institutions of Higher Learning Self-Insured Workers’ Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the State Institutions of Higher Learning Self-Insured Workers’ Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund or that are reported on separately by those auditors who audited the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the State Institutions of Higher Learning Self-Insured Workers’ Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the IHL System’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the IHL System’s internal control. Accordingly, we do not express an opinion on the effectiveness of the IHL System’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material

misstatement of the IHL System's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the IHL System's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IHL System's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance – Independent Auditor’s Report

Board of Trustees
Mississippi Institutions of Higher Learning
Jackson, Mississippi

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Mississippi Institutions of Higher Learning’s (the IHL System) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the IHL System’s major federal programs for the year ended June 30, 2024. The IHL System’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the IHL System complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the “Auditor’s Responsibilities for the Audit of Compliance” section of our report.

We are required to be independent of the IHL System and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the IHL System’s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the IHL System’s federal programs.

Auditor’s Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the IHL System’s compliance based on our audit. Reasonable assurance is a high level of assurance

but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the IHL System's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the IHL System's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the IHL System's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the IHL System's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2024-002, 2024-003, 2024-004, 2024-005, 2024-006, 2024-007, 2024-008, 2024-009, 2024-010, 2024-011 and 2024-012. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards require the auditor to perform limited procedures on the IHL System's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The IHL System's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The IHL System is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The IHL System's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the "Auditor's Responsibilities for the Audit of Compliance" section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a

federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-002 and 2024-005 to be material weaknesses.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2024-001, 2024-003, 2024-004, 2024-006, 2024-008, 2024-009, 2024-011 and 2024-012 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards require the auditor to perform limited procedures on the IHL System's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The IHL System's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response. The IHL System is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The IHL System's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING
A Component Unit of the State of Mississippi
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2024

NOTE 1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the schedule) presents the activity of all federal financial assistance programs administered by Mississippi Institutions of Higher Learning (the IHL System) for the year ended June 30, 2024. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included in the schedule. Federal programs included in the schedule are accounted for using the economic resources measurement focus and the accrual basis of accounting, which is described in Note 1 to the IHL System's financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

The schedule was prepared using the same basis of accounting and significant accounting policies, as applicable, used by the IHL System in the preparation of its financial statements with the following exceptions:

- For purposes of the schedule, loans advanced from the Federal Perkins Loan Program (ALN #84.038) are presented as federal expenditures. These loans are not reported as expenditures on the IHL System's financial statements, but as an increase in notes receivable.
- For purposes of this schedule, loans made to students under the Federal Direct Student Loan Program (ALN #84.268) are presented as federal expenditures. Loans advanced to students on an annual basis are included in the IHL Systems' statement of cash flows but the subsequent loan activity is not reported by the IHL System.

Expenditures are recognized following the cost principles contained in the Uniform Guidance for all awards. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Pass-through entity identifying numbers are presented where available.
- B. The IHL System charges indirect costs based on a negotiated agreement and has not elected to use the 10% de minimis indirect cost rate as outlined in the Uniform Guidance.

NOTE 3 GRANTORS' RIGHT TO AUDIT

Expenditures related to federal grants and contracts are subject to adjustment based upon review by the granting agencies. Amounts of expenditures that granting agencies might disallow cannot be determined at this time. These amounts affect government grants and contract revenue as well as facilities and administrative cost recovery. The IHL System would not expect these costs to influence its financial position or the schedule significantly.

A Component Unit of the State of Mississippi
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2024

NOTE 4 STUDENT LOAN PROGRAMS

During the year ended June 30, 2024, the IHL System processed the following amount of new loans under the Federal Direct Student Loans Program.

ALN Number	Program Name	Loan Expenditures
84.268	Federal Direct Student Loans	\$460,509,146

In addition, the IHL System administers a series of loan programs as part of the Student Financial Assistance Cluster program. Loan balances subject to continuing compliance requirements during the year ended June 30, 2024 under the Federal Perkins Loan (Perkins), Health Professions Student Loans (HPSL) and Nursing Faculty Loan (NFLP) programs were as follows:

	<u>Perkins (84.038)</u>	<u>HPSL (93.342)</u>	<u>NFLP (93.264)</u>
Beginning loan balances	\$ 20,809,732	\$ 2,658,948	\$ 1,195,470
New loans issued	—	331,649	315,514
Federal capital contributions	—	—	—
Admin cost allowance	—	—	—
Total	<u>\$ 20,809,732</u>	<u>\$ 2,990,597</u>	<u>\$ 1,510,984</u>
Outstanding loan balances	\$ 15,340,240	\$ 2,606,471	\$ 1,089,344

Section I – Summary of Auditor’s Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:
☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
2. Internal control over financial reporting:
 Material weakness(es) identified? ☐ Yes ☒ No
 Significant deficiency(ies) identified? ☐ Yes ☒ None reported
3. Noncompliance material to the financial statements noted? ☐ Yes ☒ No

Federal Awards

4. Internal control over major federal programs:
 Material weakness(es) identified? ☒ Yes ☐ No
 Significant deficiency(ies) identified? ☒ Yes ☐ None reported
5. Type of auditor’s report issued on compliance for major federal programs:
☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer
6. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? ☒ Yes ☐ No
7. Identification of major federal programs:
